

The illustration depicts two House Finches perched on a light brown, textured branch. The bird in the upper left is shown in profile, facing left, with its head slightly turned. It has a prominent reddish-brown crest, a black throat and face, and a body of warm brown. Its wings show grey and black feathers with a distinct yellow stripe. The bird in the lower right is also in profile, facing right, with similar plumage. Several clusters of small, bright red berries are attached to thin, leafless branches around the birds. The background is a plain, light cream color.
