With Closer Reading Nancy expertly delivered answers to the why and how of close reading Now with this phenomenal sequel you're treated to her playbook Elementary and Middle School Social Studies Pamela J. Farris, 2024-01-11 The eighth edition continues to be an invaluable resource for creative strategies and proven techniques to teach social studies Pamela Farris's popular reasonably priced book aids classroom teachers in inspiring students to be engaged learners and to build on their prior knowledge The book is comprehensive and easy to understand providing instruction sensitive to the needs of all elementary and middle school learners Creative concepts for teaching diverse learners Strategies for incorporating the C3 Framework to enrich K-8 curriculum Integration of inquiry skills with literacy and language arts skills Multifaceted meaningful activities emphasize problem solving decision making and critical thinking Myriad ideas for incorporating primary sources as well as technology Annotated lists of children's literature at the end of each chapter Multicultural focus throughout the broad coverage of history geography civics and economics NCSS Standards Linked Lesson Plans C3 Framework Plans and Interdisciplinary Thematic Units Social studies explores the variety and complexity of human experience The book emphasizes the value of social studies in preparing students to become valuable community members and to participate respectfully in a diverse society Abraham Lincoln - An Uncommon, Common Man Gary Alan Dorris, Lincoln was a complicated man unassuming but ambitious honest but wily humorous but occasionally despondent spiritual but not religious and he thought slavery was evil but condoned its legality until late in his life The author as narrator tells of Lincoln's magnanimity in both victory and defeat his continual quest for self improvement his personal tragedies and his compassion in the midst of war However Lincoln was a pragmatic politician who pushed the Emancipation Proclamation although it did not free many slaves used patronage to secure votes and ordered the extraordinary use of Presidential War Powers His life story is told in a generally chronological series of chapters focused on a time or specific event in Lincoln's life from his childhood to his time in New Salem on his own his adventure in the Law his close relationship with friends his political career his family his unlikely rise to become President of the United States and the monumental decisions he faced during the Civil War There are over 16 000 books about Lincoln registered with the Library of Congress ranging from those which only extol his virtues and he had many to those which attempt to de-myth his legacy by exaggerating his faults and he had a few The fact is that Lincoln's life defies simple characterizations He had opposed President Polk's Unconstitutional use of power during the Mexican War but Lincoln later assumed War Powers beyond Polk's or any other previous President He was known as Honest Abe and even political opponents remarked that his cards were always face up but he once intentionally misled Congress He agonized over the carnage inflicted on both sides of the War but continually ordered his Generals to push the fight to the Southern armies To Lincoln however these actions were not transgressions but strategies necessary to end the War and to achieve his overarching goal the preservation of the Union The issues of slavery secession and the Civil War are discussed to explore the effect of certain events on Lincoln and the life changing decisions he made

Lincoln's personal and political philosophy toward slavery evolved over time but he always believed secession was illegal and must be prohibited. Selected Civil War battles and the Generals who were in command are also presented but only if there was a direct impact on Lincoln personally or on his management of the War. Mr Dorris chose to not include a detailed account of the assassination conspiracy against Lincoln or the circumstance of his death focusing instead on his life and the way he lived it. While every attempt was made to be historically accurate Mr Dorris chose to not present a history textbook with every page interrupted by footnotes to prove authenticity. Instead this narrative utilizes verifiable consensus information about Lincoln and it does not attempt to plow new ground by either challenging or embellishing Lincoln's legacy. Mr Dorris assumes the role of a narrator and simply tells his rendition of the fascinating life story of Abraham Lincoln an uncommon common man.

### **Handbook of Research on Teaching Diverse Youth Literature to Pre-Service Professionals**

Hartsfield, Danielle E., 2021-06-25 Perspectives and identity are typically reinforced at a young age giving teachers the responsibility of selecting reading material that could potentially change how the child sees the world. This is the importance of sharing diverse literature with today's children and young adults which introduces them to texts that deal with religion, gender identities, racial identities, socioeconomic conditions, etc. Teachers and librarians play significant roles in placing diverse books in the hands of young readers. However, to achieve the goal of increasing young people's access to diverse books, educators and librarians must receive quality instruction on this topic within their university preparation programs. The Handbook of Research on Teaching Diverse Youth Literature to Pre-Service Professionals is a comprehensive reference source that curates promising practices that teachers and librarians are currently applying to prepare aspiring teachers and librarians for sharing and teaching diverse youth literature. Given the importance of sharing diverse books with today's young people, university educators must be aware of engaging and effective methods for teaching diverse literature to pre-service teachers and librarians. Covering topics such as syllabus development, diversity, social justice, and activity planning, this text is essential for university-level teacher educators, library educators who prepare pre-service teachers and librarians, university educators, faculty, adjunct instructors, researchers, and students.
