Venter, 2016-02-19 Almost half a century has passed since the Nigerian Civil War ended But memories die hard because a million or more people perished in that internecine struggle the majority women and children who were starved to death Biafra s war was modern Africa s first extended conflict It lasted almost three years and was based largely on ethnic by inference tribal grounds It involved on the one side a largely Christian or animist southeastern quadrant of Nigeria which called itself Biafra pitted militarily against the country s more populous and preponderant Islamic north These divisions almost always brutal persist Not a week goes by without reports coming in of Christian communities or individuals persecuted by Islamic zealots It was also a conflict that saw significant Cold War involvement the Soviets and Britain siding and supplying Federal Nigeria with weapons aircraft and expertise and several Western states Portugal South Africa and France especially providing clandestine help to the rebel state For that reason alone this book is an important contribution towards understanding Nigeria s ethnic divisions which are no better today than they were then Biafra was the first of a series of religious wars that threaten to engulf much of Africa Similar conflicts have

recently taken place in the Ivory Coast Kenya Southern Sudan the Central African Republic Senegal Cassamance both Congo Republics and elsewhere As the war progressed Biafra also attracted mercenary involvement many of whom arriving from the Congo which had already seen much turmoil Western pilots were hired by Lagos and they flew the first Soviet MiG 17 jet fighters to have played an active role in a Western war Al Venter spent time covering this struggle He left the rebel enclave in December 1969 only weeks before it ended and claims the distinction of being the only foreign correspondent to have been rocketed by both sides first by Biafra s tiny Swedish built Minicon fighter planes while he was on a ship lying at anchor in Warri harbour and thereafter by MiG jets flown by mercenaries Among his colleagues inside the beleaguered territory were the celebrated Italian photographer Romano Cagnoni as well as Frederick Forsyth who originally reported for the BBC and then resigned because of the partisan pro Nigerian stance taken by Whitehall He briefly shared quarters with French photographer Giles Caron who was later killed in Cambodia Prior to that Venter had been working for John Holt in Lagos It is interesting that his office at the time was at Ikeja International Airport Murtala Muhammed today where the second Nigerian army mutiny was plotted and from where it was launched From this perspective he had a proverbial ringside seat of the tribal divisions that followed as hostilities escalated Venter took numerous photos while on this West African assignment both in Nigeria while he was based there and later in Biafra itself Others come from various sources including some from the same mercenary pilots who originally targeted him from the air

The Nigeria-Biafra War , Killing Aguiyi Ironsi Emeka Don Odimgbe,2020-07-14 Nigeria nation is like footprints you saw on a beach in the morning so new that you don t really know who and who came to the beach last night But as the day brightens and the sun rises from the Eastern horizon the sun will shine on the hidden facts and what is hidden becomes known Sometimes whatever we have read sinks into our memory and are foreshortened Some also find it hard to accept when the real truth has surfaced It may later be evoked again and set against a different background with the result that the person who was a victim of well crafted propaganda will eventually know the truth Still the toughest job is to bring him out of his old mental state when he was bombarded with the false information One thing is certain this book is comprehensive and lucid information of how Cain murdered his brothers in cold blood We know that General Cain who murdered his brothers is not himself mentally today He was so involved in every military coup in Nigeria He brought a lot of curses and curses on his children and generation to come Blood symbolizing life and is the element of God and human is a mortal clone of God There is a high penalty in the shedding of human blood He who spills the human blood by human will his blood be spilled for in the image of God he made the human Gen 9 6 General Cain do you know that the voice of your fellow soldier s blood is crying out to me from the land Don t try to tell me am i my brother s keeper There will be retributive justice if not you your children or family members will pay for it

The Biafran Humanitarian Crisis, 1967-1970 Arua Oko Omaka,2016-09-30 This book focuses on the Biafran humanitarian crisis of 1967 1970 which generated a surge of human rights anxieties and attracted the attention of world humanitarian organizations For

the first time in recent history different church groups and humanitarian activists around the world came together for the sole purpose of alleviating human suffering and saving lives regardless of theological differences race ethnic affiliation nationality and geographical distance Despite their role in shaping the course and outcome of the conflict most scholars of the Nigeria Biafra War treat the humanitarian aspect of the war as a footnote making it appear less important among other issues of interest in the conflict Notable exceptions however include Joseph Thomson's *American Policy and African Famine* which focuses on American policy on the humanitarian aid and Reverend Tony Byrne's *Airlift to Biafra* This study underlines that the international humanitarian aid largely contributed to the internationalization of the war The efforts of the churches from thirty three countries which remain virtually unexplored was not just the first of its kind in the developing world but also the largest civilian airlift in history While the paucity of scholarship on the humanitarian aspect of the Biafra war could be attributed to the newness of this field of enquiry the increase in conflicts in different parts of the world has just opened humanitarian aid studies as a new frontier in academic study This book is a masterful example of scholarship in this newly emergent field

The Third World in the Global 1960s Samantha Christiansen, Zachary A. Scarlett, 2013 Decades after the massive student protest movements that consumed much of the world the 1960s remain a significant

subject of scholarly inquiry While important work has been done regarding radical activism in the United States and Western Europe events in what is today known as the Global South Asia Africa and Latin America have yet to receive the attention they deserve This volume inserts the Third World into the study of the 1960s by examining the local and international articulations of youth protest in various geographical social and cultural arenas Rejecting the notion that the Third World existed on the periphery it situates the events of the 1960s in a more inclusive context building a richer more nuanced understanding of the era that better reflects the dynamism of the period
