Medieval Iberia E. Michael Gerli,2013-12-04 First published in 2003 American Democracy Promotion in the
Changing Middle East Shahram Akbarzadeh,James Piscatori,Benjamin MacQueen,Amin Saikal,2012-12-12 The recent Arab
spring with its popular uprisings in many Arab countries has exposed the ambiguity at the heart of American promotion of
democracy in the Middle East The US invasions of Afghanistan and Iraq were packaged as democracy promotion as heralding
the beginning of a new phase in the politics of the Middle East when democracy would replace authoritarian regimes Many of
these authoritarian regimes however were sustained by US support The recent popular uprisings threaten to bring
democracy without promotion by the US and threaten to overthrow regimes previously supported by the US and important
for US strategy in the region hence an initial hesitant response by the US to some of the uprisings This book explores the

contradictions in American democracy promotion in the Middle East It discusses the principles underlying US democracy promotion and the debates surrounding US policy formation and examines the application of US democracy promotion in specific cases It concludes by assessing the likely future patterns of US engagement with democratic reform in the Middle East
