Discovering Pope Francis Brian Yong

Lee, Thomas L. Knoebel, 2019-10-07 2020 Association of Catholic Publishers third place award in theology 2020 Catholic Press Association third place award in Pope Francis books The dangerous tendency to reduce theological positions to political ones has always fueled divisions in the Church and it plagues debates surrounding Pope Francis's teaching today This collection of essays was born of a landmark international symposium designed to promote theological understanding by contextualizing the thought of Pope Francis from his understanding of history to his theology of mission within important theological conversations rarely heard in the US Catholic Church Its contributors demonstrate decisively that Pope Francis's magisterium is the fruit of a profound and distinctive yet deeply Catholic intellectual engagement with the theological and ecclesial traditions of the Church

The Mind of Pope Francis Massimo Borghesi, 2018-08-15 A commonly held impression is that Pope Francis is a compassionate shepherd and determined leader but that he lacks the intellectual depth of his recent predecessors Massimo Borghesi's *The Mind of Pope Francis* Jorge Mario Bergoglio's Intellectual Journey dismantles that image Borghesi recounts and analyzes for the first time Bergoglio's intellectual formation exploring the philosophical theological and spiritual principles that support the profound vision at the heart of this pope's teaching and ministry Central to that vision is the church as a *coincidentia oppositorum* holding together what might seem to be opposing and irreconcilable realities Among his guiding lights have been the Jesuit saints Ignatius and Peter Faber philosophers Gaston Fessard Romano Guardini and Alberto Methol Ferrer and theologians Henri de Lubac and Hans Urs von Balthasar Recognizing how these various strands have come together to shape the mind and heart of Jorge Mario Bergoglio offers essential insights into who he is and the way he is leading the church Notably this groundbreaking book is informed by four interviews provided to the author via audio recordings by the pope himself on his own intellectual formation major portions of which are published here for the first time

Faggioli,Edward P. Hahnenberg,Kristin M Colberg,Catherine Clifford,2025-04-26 A renewed approach to the critical study of the event and documents of Vatican II necessary for responding to the challenges facing today s church Packed with new insights from some of today s most highly regarded voices on the Second Vatican Council The Legacy and Limits of Vatican II in an Age of Crisis enacts the living tradition of the church by proposing a richer history to be told sixty years from its celebration and a broader theology to inspire our work today Vatican II did not anticipate our contemporary challenges nor do its documents provide specific guidelines or step by step instructions for addressing them But that does not make the council irrelevant As a touchstone of the church s magisterial tradition the Second Vatican Council remains foundational for the life and mission of the Catholic Church today However like any monument of the tradition the council requires ongoing investigation critical analysis and constant reconsideration from a diversity of contemporary perspectives if it is going to contribute to the living tradition of the church Through historical and theological lenses the contributors aim to rediscover forgotten voices and overlooked moments of Vatican II that may have something even more important to say today Each chapter promises to surprise enlighten inspire and teach in fresh and unexpected ways The contributors offer readers striking insights on the council s teaching related to the sexual abuse crisis antiracism politics the Synod on Synodality and much more By reexamining the teaching of Vatican II from the perspective of our present ecclesial crisis readers will have a better understanding of how its legacy and limits affect the ongoing reform of the church in a much changed theological ecclesial and social landscape Contributors Matteo Caponi Catherine E Clifford Kristin M Colberg Agn s Desmazi res Massimo Faggioli Theresa Gardner Edward P Hahnenberg Timothy Hanchin Tuan A Hoang Mary Kate Holman Jaisy A Joseph Florian Klug William Kuncken Josephine Laffin Martin Madar Evgeniia Muzychenko William I Orbih Bernard G Prusak Daniel A Rober **Naming Our Sins** Jana Bennett,David Cloutier,2019-05-24 What would it take to renew our ability to name our sins in a meaningful and pertinent way Naming sins is a particularly important task for Catholic moral theology but it is one

that often falls back into a paradigm of simple violations of rules While laws and commandments are essential Vatican II's universal call to holiness and the revival of virtue ethics require moving further Yet in part because moral theologians today tend to be lay people not priests there has been a de emphasis on the confession of sins Contemporary questions like poverty racism and abortion are usually connected to questions about sin in some way but they are disconnected from the idea of naming specific sins in the sacrament of penance Lay moral theologians raise these issues in a way that makes clear their implications for a parish social justice committee or the voting booth but not their implications for the naming of sins in the sacrament of reconciliation Naming Our Sins proposes to re make that connection the moral theologian's task of helping people name individual sins needs to be restored though in ways distinctive from dominant pre Vatican II notions In this volume editors Jana Bennett and David Cloutier gather some of the best of the current generation of moral theologians in order to reflect on the classic tradition of the vices It is crucial to the Christian understanding of sin that we recognize a we bear at least some responsibilities for injuries and b God wants us to participate in the process of healing and conversion Neither the sin itself nor the healing simply come from somewhere else the task of naming sins enlists us as mature growing disciples Each chapter takes on a different classical vice describing the vice exploring its dimensions in contemporary experience and moving the reader toward naming specific sins that arise from the vice The concluding chapters from Catholic priests explore two basic dimensions of the sacrament of penance liturgical and communal Illuminate the Future Spadaro, Antonio, SJ, 2022 When Pope Francis decided to grant an audience to the Union of Superiors General of Male Religious Institutes at the end of their 82nd General Assembly November 29 2013 he had one thing clear he did not want to make speeches and did not want to hear them It was his intention to enter the dynamics of the discussion of the Generals to have questions to reflect on and to answer I was there to record the conversation and be able to tell it in writing It was an experience that I would define as spring the dialogue was truly such and the contents arose from the confrontation in a spontaneous natural way leaving in the present the sense of a true and consoling encounter In this booklet the reader will find the story of that conversation and the answers that the pope gave to the questions he was asked Antonio Spadaro

Francis, Pope of Good Promise

Jimmy Burns, 2025-10-16 From the moment Pope Francis stepped on to the balcony of St Peter's people around the globe sensed that not only the Catholic Church but the world at large could be entering a new spiritual political and social age The pomp and circumstance that had characterised the Vatican for as long as most people could remember evaporated as Francis asked the throng gathered in the square to pray over him before he gave his first blessing Not since John XXIII had a new Pope opened the windows of the Church so widely to let in some much needed fresh air This biography of Pope Francis charts Jorge Mario Bergoglio's formation as a priest and bishop against the dramatic backdrop of Argentina's turbulent politics and the challenging principles he adopted as a member of the Jesuit order It examines critically the extent to which his social conscience was influenced by the legacy of the country's controversial president General Peron and his wife Evita and questions his moral standing during the Argentina military junta's Dirty War when he was accused of not having done enough on behalf of the victims including fellow Jesuit priests Few Vatican elections have generated as much interest as that of Cardinal Jose Bergoglio Francis Pope of Good Promise the first detailed biography to include an analysis of Pope Francis's first year at the Vatican will appear just as he makes his first visit to the US
