Farjeon, 2020-06-26 Gabriel Carew is a young boy living with his parents in poverty when one day his father receives a letter that changes their lives Their distant relative has died and left his fortune to Gabriel's father When he grew up Gabriel decided to use this fortune to travel around the world At one of his travels in Gascony Gabriel had an accident and his life was saved by a certain German doctor called Louis As he was recovering in doctor's house Dr Louis received one letter that made the wheel of suspicion spinning for Gabriel Doctor tells him a story of two brothers who became bitter enemies because of a certain secret inheritance and Gabriel becomes determined to resolve its mystery Demon Knights Vol. 3: The Gathering Storm Paul Cornell, Robert Venditti, 2014-01-21 Acclaimed writer Paul Cornell sends the Demon Knights to Hell in this third installment in the series Betrayed by Etrigan and trapped in Hell the Demon Knights must find a way to escape the clutches of Lucifer To do so one of the Demon Knights must make the ultimate sacrifice Everything changes for the Demon Knights in this volume directly connecting to the mysterious Black Diamond Collects issues 13-23 of Demon Knights **A History of the Inquisition of the Middle Ages (Vol. 1-3)** Henry Charles Lea, 2023-12-12 In A History of the Inquisition of the Middle Ages Henry Charles Lea meticulously chronicles the complex and often tumultuous relationship between the Church and society during the medieval period Spanning three volumes this extensive work employs a scholarly narrative style intertwined with a rich tapestry of primary sources offering a thorough examination of the Inquisition's rise processes and socio-political implications Lea's contextual analysis delves into the broader European landscape revealing how the Inquisition's brutalities were not only religious but also deeply intertwined with emerging ideas of state power and social control Henry Charles Lea an eminent American historian and a pioneering figure in the study of the Inquisition was driven by his desire to uncover historical truths that had long been obscured by sensationalism and myth His background in law and keen interest in medieval history equipped him with the tools necessary to approach his subject with both rigor and empathy Through his extensive research and clear prose Lea sought to illuminate the complexities of human behavior in the face of tyranny drawing on a wealth of archival material and contemporaneous accounts This monumental work is a must-read for anyone interested in the intersections of religion law and morality during one of history's most contentious periods Lea's unparalleled scholarship not only informs but also invites critical reflection on the impact of authority on human lives making it essential reading for historians and enthusiasts alike The Devil's Elixir Vol. I E. T. A. Hoffmann, 2016-01-08 CHAPTER I My life from my fourth to my sixteenth year was spent at a lonely farm house on the banks of the river Saale near the Cistercian Monastery of Kreuzberg The house though not large had once been the residence of a baronial family that was now extinct and of whose representatives strange stories were narrated Of course therefore their castle was gloomy of course also said to be haunted and its immediate environs were in keeping with the character of the principal mansion There was for example a garden in the old style with steps and terrace walks now ruined

and neglected thick hedges of yew and cypress with trees cut into fantastic shapes which the present owner had not found leisure or perhaps had not permission to destroy The surrounding country however at some distance was very beautiful presenting a fine diversity of hill and dale rock wood and water The situation of the Cistercian Convent too is particularly admired but in the recollections which I am thus commencing rapid simple narrative must be my leading object I have no time for diffuse and verbose description Being an only child I was left much alone and it is therefore not to be wondered at that even at this early age I should have exemplified an undue development of the faculty of imagination and betrayed singularities of thought and conduct with proportionate defects in the more useful qualities of prudence and judgment It is requisite to observe however that I was not born in this neighbourhood but at the convent of the Holy Lime Tree in Prussia of which place even at this day I seem to retain the most accurate reminiscence That I should be able to describe scenes and events which happened in my earliest infancy need not be considered inexplicable as I have heard so much of them from the narratives of others that an impression was of course very powerfully made on my imagination or rather the impressions once made have never been suffered to decay like cyphers carved on a tree which some fond lover fails not at frequent intervals to revisit and to renovate
