recipient of the American Library Association's Outstanding Reference Book award for that year. More than 200 new entries have been added and all original entries have been updated; each entry is followed by a short bibliography. As its predecessor, the new dictionary is unique in that it is not a who's who of the industry but rather a what's what: a dictionary of producing and releasing companies, technical innovations, industry terms, studios, genres, color systems, institutions, and organizations, etc. More than 800 entries include everything from Academy of Motion Pictures Arts and Sciences to Zoom Lens from Astoria Studios to Zoetrope. Outstanding Reference Source, American Library Association. **The South Seas** Sean Brawley, Chris Dixon, 2015-04-21. *The South Seas* charts the idea of the South Seas in popular cultural productions of the English-speaking world from the beginnings of the Western enterprise in the Pacific until the eve of the Pacific War. Building on the notion that the influences on the creation of a text and the ways in which its audience receives the text are essential for understanding the historical significance of particular productions, Sean Brawley and Chris Dixon explore the ways in which authors and producers' ideas about the South Seas were haunted by others who had written on the subject and how they in turn influenced future generations of knowledge producers. *The South Seas* is unique in its examination of an array of cultural texts. Along with the foundational literary texts that established and perpetuated the South Seas tradition in written form, the authors explore diverse cultural forms such as art, music, theater, film, fairs, platform speakers, surfing, culture, and tourism.

*Documentary Vanguard in Modern Theatre* Timothy Youker, 2017-11-13. Practitioners and critics alike often attribute great authenticity to documentary theatre, casting it as a salutary alternative not only to corporate news outlets and official histories but also to the supposed self-indulgence and elitism of avant-garde theatre. *Documentary Vanguard in Modern Theatre* by contrast argues for treating documentarians as vanguardists who for good or ill push remap or transgress the margins of historical and political visibility, often taking issue with professional discourses that claim a monopoly on authoritative representations of the real. This is the first book to situate documentary theatre's development within the larger story of theatrical experimentalism, collage, art, collective ritual, and other avant-garde dramaturgical and performance practices of the late 19th and 20th centuries. **Documentary, Performance and Risk** James Lyons, 2019-08-23. *Documentary Performance and Risk* explores how some of the most significant recent American feature documentaries use performance to dramatically animate major categories of risk. The fact that these documentaries do rely on such performance is revealing both in terms of trends in American feature documentary and in relation to the currency of ideas about risk in contemporary Western societies. The book takes a detailed look at the performance of risk and demonstrates the rewards of close critical attention to formal composition and performance. Covering *An Inconvenient Truth*, *Super Size Me*, *Capitalism: A Love Story*, and *Jackass: The Movie*, it explores how these high-profile films offer up compelling narratives and images of individuals acting on risk. The films seek to both confront and control the contours of their environments in ways that reveal much about how a particular set of beliefs about risk and the individual have come to inform our lives. This wide-ranging

analysis of feature documentary is ideal for scholars and postgraduate students studying documentary film film and media studies
