Handbook of Research on Acceleration Programs for SMEs Lisboa, Inês, Teixeira, Nuno, Segura, Liliane, Krulický, Tomáš, Machová, Veronika, 2022-12-19

The international financial crisis of 2007 and 2008 and the situation caused by the COVID-19 pandemic have had a great impact on many firms' financial needs. Simultaneously, several emerging countries have bet on boosting private initiatives as a way to diversify their economies and create jobs and wealth for their populations. New forms of financing have appeared that have impacted the firm's capital structure, cost of capital, and access to finance by underprivileged communities that are normally outside the formal economy. The *Handbook of Research on Acceleration Programs for SMEs* provides and shares knowledge on the financial mix, alternative forms of finance, capital structure, and more. It calls attention to relevant challenges, financial institutions, and governments to guarantee funds and economic and social development with new competencies, innovations, new ways of investing, entrepreneurship, and business models with new public policies. Covering topics such as earnings management, capital structure, and foreign exchange, this major reference work is an essential resource for government officials, business leaders, and executives, economists, sociologists, students, and faculty of higher education, librarians, researchers, and academicians.

The Secure Online Business Handbook Jonathan Reuvid, 2006-06-03

The Web is an exciting but unstable place to do business. The potential rewards are high, but so are the risks, and the effective management of these risks online is likely to be the greatest business enabler or destroyer of the next decade. Information security is no longer an issue confined to the IT department; it is critical to all operational functions and departments within an organization. Nor are the solutions purely technical, with two thirds of security breaches caused by human error, management controls, and processes. Risk to the integrity, availability, and confidentiality of e-business activities comes in many forms: fraud, espionage, viruses, spamming, denial of service, and the potential for damage or irretrievable loss is very real. The *Secure Online Business Handbook* is designed as a practical guide for managers in developing and implementing appropriate strategies for online risk management. The contributions in this fully revised and updated new edition draw on a wide range of expertise and know-how, both in IT and in other disciplines such as the law, insurance, accounting, and consulting. Security should not be an afterthought in developing a strategy, but an integral part of setting up sustainable new channels of communication and business.

Risk Management Céline Bérard,Christine Teyssier,2018-01-04 Risk management practices are growing both in number and complexity in businesses notably driven by new regulatory standards that feature risk management at their core Although large businesses are more likely to adopt a formal holistic approach to risk management the stakes are just as high for SMEs Risk management in SMEs can contribute to a certain organizational entrepreneurial and partnership dynamic which constitutes a real opportunity to evolve practices and improve performance This book offers varied responses to this question by combining conceptual approaches empirical illustrations and the

associated managerial implications **Crowdfunding and Entrepreneurship** Ignatius Ekanem, Steve Ideh, 2023-12-11 This accessible text provides an insight into the growing global trend of crowdfunding as a source of entrepreneurial finance. Grounded in academic literature, this book looks at the micro and macro issues within crowdfunding from the entrepreneur's access to finance at the business level to the role of government in regulating the market. It helps the reader develop a sound understanding of crowdfunding as a source of finance, the crowdfunding process, and potential options when faced with start-up funding issues. A range of international case studies of successful and unsuccessful crowdfunding campaigns help readers to apply theory to real-life scenarios. Readers are also supported throughout the book with chapter objectives and summaries, key terms, discussion questions, and further reading guidance. Instructor materials such as slides and test questions are available as digital supplements. **Crowdfunding and Entrepreneurship** will be a valuable resource for students of new venture creation and entrepreneurial finance, as well as entrepreneurs exploring crowdfunding as an option for business development.

Supply Chain Risk George A. Zsidisin, Bob Ritchie, 2008-09-08 Risk is of fundamental importance in this era of the global economy. Supply chains must take into account the uncertainty of demand. Moreover, the risk of uncertain demand can cut two ways: 1. there is the risk that unexpected demand will not be met on time, and the reverse problem; 2. the risk that demand is overestimated and excessive inventory costs are incurred. There are other risks: unreliable vendors, delayed shipments, natural disasters, etc. In short, there are a host of strategic, tactical, and operational risks to business supply chains. **Supply Chain Risk: A Handbook of Assessment, Management, and Performance** will focus on how to assess, evaluate, and control these various risks.

The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and suspenseful novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
