protected waters to its many uninhabited cays the islands of the Abacos offer a spectacular and varied cruising destination
Abacos A Mariner s View presents these islands from top to bottom from the eyes of a mariner The author has made the
special effort to give just as much attention to the more remote anchorages as to the more popular island communities In fact
this book is written from a perspective of places that are conducive to anchoring It will have a special appeal to those whose
interest goes beyond Abaco s communities resorts and marinas With over 100 photos island descriptions overview maps and
a chapter on the history of the Abacos this book provides a wonderful overview of the entire Abacos It is a great resource for
the potential cruiser or the armchair sailor who simply wants to know what the entire island chain has to offer For the
potential cruiser it is important to note however that this book is not a cruising guide and does not try to be Cruising guides
are an invaluable resource for anyone cruising the Abacos for the first time However unencumbered by the vast amount of
navigational information that must be the focus of cruising guides this book is able to focus on simply and efficiently giving a
