Rediscovering America Scott S. Powell, 2022-03-08 Ever wonder why everyone wants to immigrate to America *Rediscovering America* answers that question and it s like no other history you have ever read More than an account of people dates and events this story is about the hidden hand of a purposeful historical development where the main actors are colorful characters participating in an American drama of little known but remarkable events where overcoming incredible odds of failure is more unbelievable and engaging than fiction And while each chapter is a stand alone tale some quite wild about what is behind each of the American holidays the page and chapter turning appeal of *Rediscovering America* is in the narratives that link the holiday stories together revealing an account of progress and redemption in America covering over four hundred years never before told in a concise and readable book

The Expanding Vista Mary Ann Watson, 1994 As American politics and television became more closely intertwined in the early 1960s each underwent enormous and long lasting changes In *The Expanding Vista* originally published in 1990 Oxford University Press Mary Ann Watson looks at how television was woven into the events and policies of John Kennedy s

presidency not only in his unprecedented use of the medium in campaigning and image projection but in the vigorous efforts of his administration to regulate and improve the content of network programs Examining the legacy of the New Frontier and its relationship to the new medium she traces the Kennedy influence across a spectrum of programming that includes news documentary drama situation comedy advertising children s shows and educational TV Through extensive archival research and oral histories Watson reconstructs key moments of an extraordinary time in the television age The Expanding Vista s analysis and interpretation of that era continue to enlighten our understanding of culture and communication as the themes sounded in the 1960s resonate in today s complex media marketplace
