Byrne, 2016-02-24 In The Ethics of Discernment Patrick H Byrne presents an approach to ethics that builds upon the cognitional theory and the philosophical method of self

appropriation that Bernard Lonergan introduced in his book *Insight* as well as upon Lonergan's later writing on ethics and values. Extending Lonergan's method into the realm of ethics, Byrne argues that we can use self-appropriation to come to objective judgements of value. *The Ethics of Discernment* is an introspective analysis of that process in which sustained ethical inquiry and attentiveness to feelings as intentions of value leads to a rich conception of the good. Written both for those with an interest in Lonergan's philosophy and for those interested in theories of ethics who have only a limited knowledge of Lonergan's work, Byrne's book is the first detailed exposition of an ethical theory based on Lonergan's philosophical method.

Helping Johnny Listen Thad Bergmeier, 2010-03-01 The preaching of God's Word happens tens of thousands of times each week across the world. As these sermons are given when the preacher is faithful to the text of the Scripture, it is as if God is speaking to the people of that given congregation. The question is: are people listening? Listening to preaching is more than showing up, sitting still, or even nodding one's head. It is taking that which is preached and applying it to life. *Helping Johnny Listen* is a book designed to help the average person who sits in the average church on the average Sunday take full advantage of the sermons they hear so that they are able to live what they hear.

Moving into the Ecumenical Future John W. Crossin, 2022-11-11 *Moving into the Ecumenical Future* identifies some necessary foundations of any paradigm for Ecumenical Ethics. It emphasizes the guidance of the Holy Spirit, the teaching and example of Jesus, biblical foundations, and pastoral relationships in developing paradigms for Ecumenical Ethics. The book suggests that virtue ethics is an important paradigm that includes these elements. The text explores how the Faith and Order Tool, Receptive Ecumenism, Differentiated Consensus, Internal Polarities, and Spiritual Discernment can be used to move toward moral consensus. The author calls for a national or international task force to

explore these foundations in greater depth **95 Questions to Shape the Future of Your Church** Thomas G.

Bandy, 2011-12-01 95 Questions to Shape the Future of Your Church is a comprehensive commentary on systemic change for the church. It combines the spirit of Luther's 95 Theses with depth of insight akin to Luther's reformation catechism. This book will be essential for every congregational, denominational, and seminary bookshelf. Church leaders and members all yearn for a new Reformation that will realign Christian congregations with God's mission. This book frames the right questions and focuses the right answers. It helps church leaders do the hard work of assessment and planning. The next Reformation will be an extraordinarily practical endeavor. Leaders need to apply the tactics that will leverage the greatest change and guide the church deeper into the mystery of Christ and further in companionship with Christ. We want to be faithful. Now we know how to be faithful.

Hasidism, Haskalah, Zionism Hannan Hever, 2023-10-17 Hasidism, Haskalah, Zionism reveals how political and literary dialogues and conflicts between the Hebrew literature of the Hasidism, the Jewish Enlightenment, and Zionism interacted with each other in the nineteenth century. Hannan Hever uses postcolonial theories and theories of nationality to analyze how Jews used literature to make sense of hostility directed toward Jews from their European host countries and to set forth their own ideas and preferences regarding their status, control, and treatment. In doing so, Hever theorizes the Enlightenment's intellectual aims and cultural influences, tracking how the models of integration crucial to Haskalah gave way to Jewish nationalism in the twentieth century. The readings in this book are theoretically informed, setting forward novel claims based on detailed textual analyses of Hasidic tales, Haskalah satires, and Zionist narratives. Thus, this book tackles a major interpretative problem visible at the core of modern Hebrew literature: its radical difficulty in distinguishing between the theological components of modern Jewish discourse and its national identity.

Zachariah,2022-02-18 Decolonizing Ecotheology Indigenous and Subaltern Challenges is a pioneering attempt to contest the politics of conquest commodification and homogenization in mainstream ecotheology informed by the voices of Indigenous and subaltern communities from around the world The book marshals a robust polyphony of reportage wonder analysis and acumen seeking to open the door to a different prospect for a planet under grave duress and a different self assessment for our own species in the mix At the heart of that prospect is an embrace of soils and waters as commons and a privileging of subaltern experience and marginalized witness as the bellwethers of greatest import Of course decolonization finds its ultimate test in the actual return of land and waters to precontact Indigenous who yet have feet on the ground or paddles in the waves and who conjure dignity and vision in the manifold of their relations in spite of ceaseless onslaught and dismissal Their courage is the haunt these pages hallow like an Abel never entirely erased from the history May the moaning stop and the re creation begin
