A Circuit Riders Wife Microform:

Georgia Women Ann Short Chirhart, Betty Wood, 2009 This first of two volumes extends from the founding of the colony of Georgia in 1733 up to the Progressive era From the beginning Georgia women were instrumental in shaping the state yet most histories minimize their contributions The essays in this volume include women of many ethnicities and classes who played an important role in Georgia s history Though sources for understanding the lives of women in Georgia during the colonial period are scarce the early essays profile Mary Musgrove an important player in the relations between the Creek nation and the British Crown and the loyalist Elizabeth Johnston who left Georgia for Nova Scotia in 1806 Another essay examines the near mythical quality of the American Revolution era accounts of Georgia s War Woman Nancy Hart The later essays are multifaceted in their examination of the way different women experienced Georgia s antebellum social and political life the tumult of the Civil War and the lingering consequences of both the conflict itself and Emancipation After the war both necessity and opportunity changed women s lives as educated white women like Eliza Andrews established or taught in schools and as African American women like Lucy Craft Laney who later founded the Haines Institute attended school for the first time Georgia Women also profiles reform minded women like Mary Latimer McLendon Rebecca Latimer Felton Mildred Rutherford Nellie Peters Black and Martha Berry who worked tirelessly for causes ranging from temperance to suffrage to education The stories of the women portrayed in this volume provide valuable glimpses into the lives and experiences of all Georgia women during the first century and a half of the state s existence Historical figures include Mary Musgrove Nancy Hart Elizabeth Lichtenstein Johnston Ellen Craft Fanny Kemble Frances Butler Leigh Susie King Taylor Eliza Frances Andrews Amanda America Dickson Mary Ann Harris Gay Rebecca Latimer Felton Mary Latimer McLendon Mildred Lewis Rutherford Nellie Peters Black Lucy Craft Laney Martha Berry Corra Harris Juliette Gordon Low **The Circuit Rider** ,1989 **A Guide to the Microfilm Edition of Records of Ante-bellum Southern Plantations from the Revolution Through the Civil War** ,1985 **A Guide to the Microfilm Edition of Records of Ante-bellum Southern Plantations from the Revolution Through the Civil War** Kenneth Milton Stamp, Martin Paul Schipper, Randolph Boehm, University of North Carolina at Chapel Hill, 1989 **Guide to Microforms in Print** ,2002 **Sacred Capital** Hunter Price, 2024-07-12 How Methodist settlers in the American West acted as agents of empire In the early years of American independence Methodism emerged as the new republic s fastest growing religious movement and its largest voluntary association Following the contours of settler expansion the Methodist Episcopal Church also quickly became the largest denomination in the early American West With Sacred Capital Hunter Price resituates the Methodist Episcopal Church as a settler colonial institution at the convergence of the Methodist Age and Jefferson s Empire of Liberty Price offers a novel interpretation of the Methodist Episcopal Church as a network through which mostly white settlers exchanged news of land and jobs and facilitated financial transactions Benefiting from Indigenous dispossession and removal policies settlers

made selective strategic use of the sacred and the secular in their day to day interactions to advance themselves and their interests By analyzing how Methodists acted as settlers while identifying as pilgrims Price illuminates the ways that ordinary white Americans fulfilled Jefferson s vision of an Empire of Liberty while reinforcing the inequalities at its core John McKinley and the Antebellum Supreme Court Steven P. Brown,2012-10-12 Provides a penetrating analysis of US Supreme Court justice John McKinley Steven P Brown rescues from obscurity John McKinley one of the three Alabama justices along with John Archibald Campbell and Hugo Black who have served on the US Supreme Court A native Kentuckian who moved in 1819 to northern Alabama as a land speculator and lawyer McKinley was elected to the state legislature three times and became first a senator and then a representative in the US Congress before being elevated to the Supreme Court in 1837 He spent his first five years on the court presiding over the newly created Ninth Circuit which covered Alabama Arkansas Louisiana and Mississippi His was not only the newest circuit encompassing a region that because of its recent settlement included a huge number of legal claims related to property but it was also the largest the furthest from Washington DC and by far the most difficult to traverse While this is a thorough biography of McKinley s life it also details early Alabama state politics and provides one of the most exhaustive accounts available of the internal workings of the antebellum Supreme Court and the very real challenges that accompanied the now abandoned practice of circuit riding In providing the first in depth assessment of the life and Supreme Court career of Justice John McKinley Brown has given us a compelling portrait of a man active in the leading financial legal and political circles of his day Research in Education ,1974 **Resources in Education** ,1974 No More Gallant a Deed James A.
