Dreams Within a Dream Michael Bliss,2000 What we see and what we seem are but a dream a dream within a dream Michael Bliss views Miranda s voice over at the beginning of Picnic at Hanging Rock as so pivotal in explaining the films of Peter Weir that he borrows her words to create the title of his own study of the Australian filmmaker s work Bliss views Weir as an artist whose values are rooted in the realm of the dream of the unconscious Surrealistic in technique Weir avoids the pedestrian assurances of a material realm in favor of an irresolution that while potentially frustrating is nonetheless for him a more truthful representation of what he considers reality For Weir as for Plato Bliss demonstrates empirical reality is nothing more than a shadow of what is real Bliss also considers Weir s heritage Australian cinema Bliss explains is characterized by melodramatic narratives born of a desire to see good and evil portrayed in striking opposition Weir for example dramatizes the contradictory forces of light versus darkness reason versus mystery and rationality versus magic in such films as Picnic at Hanging Rock and The Last Wave This melodramatic emphasis is evident as well in the polarized characterizations in such films as Witness Dead Poets Society and The Truman Show Bliss also discusses Weir s use of another staple of Australian cinema mateship the celebration of the bond between male companions But by making self knowledge dependent on action involving one s friends Weir gives mateship a new meaning Moreover like other Australian filmmakers Weir emphasizes the starkness of the Australian landscape which functions either as a hazard or a deadly challenge at least until American mythology caused him to see nature in a more positive light Also prominent in Weir s films is an Australian spirit of rebellion coupled with the Aussie ambivalence toward all aspects of British culture To help explain Weir s films Bliss looks to Freud and Jung whom Weir has studied and also to two other prominent purveyors of myth and archetype Northrop Frye and Joseph Campbell Virtually all Weir characters struggle toward a new mode of awareness a psychological awareness based on archetypal truths Many of his films involve archetypal journeys heading through conflict to spiritual unity Weir s quest is to find out what we really know and how we know what we know *Into the Dream Lab* Michelle Carr,2025-09-04 The science of dreams and nightmares and their astonishing impact on our waking lives Dreams slip away when we wake their remnants jumbled and only half recalled Some leave behind surreal sensations or bursts of creativity Others leave us shaken But why do we dream at all How do our bodies interface with our brains while we sleep Why do some dreams go bad And how can we harness our sleeping minds to improve our waking lives Pioneering researcher in sleep medicine Dr Michelle Carr unlocks the science behind the sleeping body Drawing on her expertise in nightmares lucid dreaming and the cutting edge field of dream engineering she reveals how we can revolutionise our sleeping and waking health **The First Few Minutes of Spanish Language Films** Richard K. Peter's Halakhic Nightmare John R.L. Moxon, 2017-07-20 Did Luke intend Peter's visionary command to eat unclean animals in Acts 10 to suggest the dissolution of the Jewish Law Whilst scholars have argued over sources inconsistent redaction and later reception many have failed to notice here the novel use of a type of transgression anxiety dream John Moxon shows how by the incorporation of such naturalistic motifs Luke takes revelation in a new and decidedly psychological direction probably imitating similar developments in Graeco Roman biography If the vision reveals an illegitimate transfer of disgust within an exaggerated halakha of separation then its target is prejudice and inconsistency not the Jew/Gentile divide as such as underlined by the ironic contrast with the pious Cornelius In this reading Luke's non supercessionism is maintained whilst showing him acutely aware of the kinds of nightmare holding many back from the nascent Gentile mission

Dreams on Film Leslie Halpern, 2010-06-28 Films with

dream sequences or a dreamlike quality allow directors to create their own rules of logic and nature to meet a variety of artistic needs For instance an opening dream immediately establishes what a character is feeling a later dream or series of them provides viewers with a glimpse of the climax and a concluding dream ties up loose ends In real life of course dreams do not occur at such convenient times or serve such useful purposes This book explores why science is lost or distorted in the process of representing dreams on film and why audiences prefer this figurative truth of art over the literal truth of science Part One discusses changes in form and considers the history of dream theory Additionally the physiology of sleeping and dreaming dream structure sleep deprivation dreams under the influence of drugs or alcohol and waking up as depicted on film are examined Part Two investigates changes in content and delves into the psychology of sleeping and dreaming dream interpretation altered states of consciousness visions and prophecies dreams as wish fulfillment sex and death nightmares and reality versus illusion The author uses theories by Freud Jung and current experts in her analyses of dream sequences and their use in film
