Zeroville By Steve Erickson:

Zeroville Steve Erickson, 2013-04-30 The novel that inspired the film starring James Franco and Seth Rogen One of a kind a funny unnervingly surreal page turner Newsweek Named one of the Best Books of the Year by the Washington Post Book World Newsweek and the Los Angeles Times Book Review Zeroville centers on the story of Vikar a young architecture student so enthralled with the movies that his friends call him cin autistic With an intensely religious childhood behind him and tattoos of Elizabeth Taylor and Montgomery Clift on his head he arrives in Hollywood where he s mistaken for a member of the Manson family and eventually scores a job as a film editor Vikar discovers the frames of a secret film within the reels of every movie ever made and sets about splicing them together a task that takes on frightening theological dimensions Electrifying and darkly funny Zeroville dives into the renegade American cinema of the 1970s and 80s and emerges into an era for which we have no name Publishers Weekly Funny disturbing daring dreamlike and sometimes nightmarish The New York Times Book Review Magnificent The Believer A writer who has been compared to Vladimir Nabokov Don DeLillo and Thomas Pynchon Bookmarks Magazine Erickson is as unique and vital and pure a voice as American fiction has produced Jonathan Lethem Conversations with Steve Erickson Matthew Luter, Mike Miley, 2021-06-28 Much like his novels Steve Erickson b 1950 exists on the periphery of our perception a shadow figure lurking on the margins threatening to break through but never fully emerging Despite receiving prestigious honors Erickson has remained a subterranean literary figure receiving effusive praise from his fans befuddled or cautious assessments from reviewers and scant scholarly attention Erickson s obscurity comes in part from the difficulty of categorizing his work within current trends in fiction and in part from the wide variety of concerns that populate his writing literature music film politics history time and his fascination with his home city of Los Angeles His dream fueled blend of European modernism American pulp and paranoid late century postmodernism makes him essential to an appreciation of the last forty years of American fiction but difficult to classify neatly within that same realm He is at once thoroughly of his time and distinctly outside it In these twenty four interviews Erickson clarifies how his aesthetic and political visions are inextricable from each other He diagnoses the American condition since World War II only to reveal that America s triumphs and failures have been consistent since its inception and that he presciently described decades ago certain features of our present Additionally the interviews expose the remarkable consistency of Erickson s vision over time while simultaneously capturing the new threads that appear in his later fiction as they emerge in his thought Conversations with Steve Erickson will deepen readers understanding of how Erickson s books work and why this utterly singular writer deserves greater attention **Hollywood Intellect** James D. Bloom, 2009-09-10 Hollywood Intellect takes off from the wide spread hand wringing over the fate or disappearance of so called public intellectuals An account of the title phenomenon Hollywood Intellect challenges assumptions on which such discussions have rested James D Bloom argues that such assumptions are the result of misleading inattention to the intellectual work that

mass culture performs Much of America's influential intellectual work has come out of Hollywood which has long helped shape America's intellectual agenda Bloom shows how Hollywood movies often do intellectual work as ambitious as the intellectual work in art films poems and novels museums and erudite quarterlies Hollywood Intellect prompts its readers to reflect on the impact of a variety of Hollywood movies with some of the same assumptions expectations and questions customarily applied to literary writing Hollywood Intellect also illustrates how in examining the emergence of Hollywood and stardom in general as shapers of the public mind some of our most renowned poets and novelists enriched our experience of mass entertainment and of elite culture Drawing on a range of literary works and movies as well as on the careers of both Hollywood and literary celebrities Bloom documents how Hollywood regulates curiosity arbitrates civilization construes and probes stardom polices genre and shapes our language

A Modernist Cinema Scott W. Klein, Michael Valdez Moses, 2021 In *A Modernist Cinema* sixteen distinguished scholars in the field of the New Modernist Studies explore the interrelationships among modernism cinema and modernity Focusing on several culturally influential films from Europe America and Asia produced between 1914 and 1941 this collection of essays contends that cinema was always a modernist enterprise Examining the dialectical relationship between a modernist cinema and modernity itself these essays reveal how the movies represented and altered our notions and practices of modern life as well as how the so called crises of modernity shaped the evolution of filmmaking Attending to the technical achievements and formal qualities of the works of several prominent directors Giovanni Pastrone D W Griffith Sergei Eisenstein Fritz Lang Alfred Hitchcock F W Murnau Carl Theodore Dreyer Dziga Vertov Luis Buñuel Yasujiro Ozu John Ford Jean Renoir Charlie Chaplin Leni Riefenstahl and Orson Welles these essays investigate several interrelated topics how a modernist cinema represented and intervened in the political and social struggles of the era the ambivalent relationship between cinema and the other modernist arts the controversial interconnection between modern technology and the new art of filmmaking the significance of representing the mobile human body in a new medium the gendered history of modernity and the transformative effects of cinema on modern conceptions of temporality spatial relations and political geography

Adaptation in Visual Culture Julie Grossman, R. Barton Palmer, 2017-12-06 This book gathers together essays written by leading scholars of adaptation studies to explore the full range of practices and issues currently of concern in the field The chapters demonstrate how content and messaging are shared across an increasing number of platforms whose interrelationships have become as intriguing as they are complex Recognizing that a signature feature of contemporary culture is the convergence of different forms of media the contributors of this book argue that adaptation studies has emerged as a key discipline that unlike traditional literary and art criticism is capable of identifying and analyzing the relations between source texts and adaptations created from them Adaptation scholars have come to understand that these relations not only play out in individual case histories but are also institutional and this collection shows how adaptation plays a key role in the functioning of cinema television art and print media The
