Gary McGuire, The attitude of a person measures the altitude of his or her success and happiness Success and as a resultant happiness is not determined by how much you earn or what is your status in society It is determined by whether or not you achieve your chosen goals in life and how you view them Each person s goals are different Therefore it is essential for every individual to crystallize his or her vision in order to develop his her own paradigm and path to success And this book presents a practical guide to achieve success and happiness in life Much of what is written is based on the author s own experiences and the philosophy which he has developed by active interaction with others as well as the study of the writings and experiences of great personalities across the world
