

Community Meeting Agenda

- I. Introduce Meeting Participants**
- II. Review the Purpose of the Meeting**
 1. If known, identify the source of grant funds (the name of the foundation or government funding opportunity)
- III. Identify the Problem Or Problems You Are Trying To Solve**
 - a. Using brainstorming or mind-mapping, develop a list of the broad problems faced by your library's community (the students in your schools, or public library's service population)
 - b. Try to identify some of the causes of those problems
 - c. Specify the target population that is affected by these problems (these are potential stakeholders)
 - d. Decide which of these problems (community needs) you would like to address in your collaborative grant seeking effort
 - e. Focus on your organization's mission: is this an appropriate problem for your organization to try to solve?
 - f. Identify whether anyone else in your community is dealing with this problem (these are other potential partners)
- IV. Identify the Possible Solution(s) to the Problem You Are Trying To Solve**
 - A. What are the tools that might be needed to solve this problem? (These "tools" may be anything: developing new programs; offering training workshops; constructing new or renovated buildings in which to offer early literacy activities; contracting with or hiring human expertise; buying materials; and obtaining specialized equipment)
- V. Design a Broad Outline of the Proposed Project**
 - a) Create a brief outline of the real problem you are trying to solve, your proposed solution, the target audience affected by your project, a quick synopsis of need, and a list of some of the steps you plan to take in order to implement the project
 - b) Begin to list sources of evidence of the problem
 - c) Consider potential costs for the solution, time lines, and affected staff
 - d) Ask the question "what if?" and dream big!
- VI. Build a Grant Seeking Team (composed of stakeholders and partners)**

[The purpose of the grant seeking team is to LEAD the grant seeking effort, not do all of the work.]
