The Economic Outlook for Southeast Asia China and India is a bi annual publication on regional economic growth development and regional integration in Emerging Asia It focuses on the economic conditions of Association of Southeast Asian Nations ASEAN member countries Brunei Darussalam Cambodia Indonesia Lao PDR Malaysia Myanmar the Philippines Singapore Thailand and Viet Nam It also addresses relevant economic issues in China and India to fully reflect economic developments in the region **Serving Library Users from Asia** John Hickok,2019-06-12 Asian populations are among some of the fastest growing cultural groups in the US While books on serving other target groups in libraries have been published e g disabled Latino seniors etc few books on serving library users of Asian heritage have been written Thus the timely need for this book Rather than a generalized overview of Asians as a whole this book has 24 separate chapters each on 24 specific Asian countries cultures of East Southeast and South Asia with a wealth of resources for understanding interacting with outreaching to and serving library users of each culture Resources include cultural guides both print and online language helps with sample library vocabulary Asian booksellers nationwide cultural groups professional literature and more Resources and suggestions are given for all three types of libraries public school and academic making this book valuable for all librarians The demographics of each Asian culture numbers and distribution plus history of immigration and international student enrollment is also featured As a bonus each chapter spotlights a US public school and academic library providing model outreach to Asian library users Additionally this book provides a detailed description and analysis of libraries in each of the 24 Asian countries The history development facilities conditions technology classification systems and more of public school and academic libraries are all discussed with detailed documentation Country conditions influencing libraries and library use are also described literacy levels reading cultures languages and writing systems educational systems and more Based on the author s 15 years of research and travels to Asia this work is a must have for all librarians

Regional Community Building in East Asia Lee Lai To,Zarina Othman,2016-09-01 This volume is a collection of papers written by nationals or former nationals of the respective country in ASEAN and Northeast Asia Unlike other works written by scholars outside ASEAN or East Asia it offers an insider s point of view of the 10 ASEAN states China Japan and South Korea on regional community building While a nationalist perspective may permeate throughout the study it is also clear that pursuing regional cooperation is considered to be important by the respective author denoting the non exclusivity between nationalism and regionalism and the mutual reinforcement of the two Each author of this volume has made a deliberate effort to introduce and survey the developmental challenges and experiences of his or her country from a historical perspective All authors without exception have emphasized the importance and advantages in staying with ASEAN or linking up with ASEAN by China Japan and South Korea in political security economic and socio cultural terms Their

papers also reveal that the self help and self strengthening mechanism emphasized by the ASEAN Plus Three process will take time to bear fruits In the meantime it seems that bilateral interactions and cooperation between ASEAN and Northeast Asian states remain to be more dominant as shown in this study One can argue that bilateral interactions are the building block of multilateralism interactions To be sure there is a deliberate effort in this study to highlight unity in diversity in East Asia in general and ASEAN in particular

OECD Skills Studies Towards a Skills Strategy for Southeast Asia Skills for Post-COVID Recovery and Growth OECD,2021-03-02 Skills are central to the capacity of countries and people to thrive in a rapidly changing world Recovering from the COVID 19 pandemic will require countries to co ordinate interventions to help recent graduates find jobs reactivate the skills of displaced workers and use skills effectively in workplaces

OECD Skills Studies OECD Skills Strategy Southeast Asia Skills for a Post-COVID Recovery and Growth OECD,2023-03-22 Skills are the key to shaping a better future enabling countries and people to thrive in an increasingly interconnected and rapidly changing world Megatrends such as globalisation technological progress demographic change migration and climate change and most recently COVID 19 are reshaping work and society generating a growing demand for higher levels and new sets of skills
