Being a Wayfarer's Guide to the Field and Meadow Paths, Woodland and Forest Tracts Round London ... Pathfinder (pseud.),1912 *Hiking Appalachian Trail from Georgia to Maine* Alan Greenfield,2017-01-15 Hiking Appalachian Trail from Georgia to Maine 49 Day Challenge to Hike 12 Greatest Sections of A T It was 1994 on my 23rd birthday my father gave me an envelope which I figured would be a gift certificate for something outdoor or even a golf club coupon But to my surprise it was an airline ticket to Atlanta I was utterly confused looking at my face he knew I was but that confusion soon turned into a huge excitement when he said we are going to hike the Appalachian Trail in less than 50 days get ready son I was excited I asked him why he hasn t hiked this trail ever he said he always had the dream of hiking it with me in his word I saved the best for you That was a trip I will never forget I think to date that is one of most fun and the adventurous thing I have ever done We were able to finish it in 49 days too we both were very proud of each other Soon after that trip my dad was diagnosed with a severe case of arthritis even though the doctors said it was not because of that trip but they think it was too many hiking trips through many rough and rugged terrain that contributed to his condition He still hikes but we only take him to mini half day trails When I originally had the idea to write a guide book on how to hike on the great Appalachian Trail at first I thought I should just write it like a journal of what we did but then my father told me that might not help every reader He suggested I should write it like a guide book that can help anyone from a beginner to an advanced hiker this way we cover a broad range of hikers So this book is not about my hiking trips but yours my main focus in this book is to get you familiarized with the trail and get you prepared for it

This book is truly a guidebook which is divided into 2 parts where I start off with some basic facts and information about the great Appalachian Trail then give my readers a clear overview of the trail in every region and state it crosses Next I talked about how to get started on hiking the Appalachian Trail along with all different options like a day hike multi day hike and through hike Next I spoke about what to expect on the trail what kind of help and supports are out there what and how weather can affect your hiking what wild animals you have to be aware of Then I discuss how you can find sanitation restroom shower etc on the trail how to deal with various illness while on the trail Next up is how you should pack what gears you need how to plan a through hike and how to actually get started on this amazing trip In the second part of the book I share how to hike each section day by day and what you can expect what you need to be looking for what you need to be aware of one each section of your hike After hiking through this great Appalachian Trail twice I can assure you it can be done and no it is not a monumental task but yes it will take effort and a strong willingness to go through with it I know if I could do it anyone can I know you can do it too Good luck Alan Greenfield
