[Finding a Sacred Oasis in Grief](#) Steven Jeffers, Harold Ivan Smith, 2018-10-08. This work includes a foreword by John D. Morgan, Professor Emeritus of Philosophy, Coordinator for Kings College Center for Education about Death and Bereavement, Ontario, Canada. This practical resource guides the reader through all aspects of the grieving process and offers thought-provoking and inspirational advice on support. With exercises, tips, and contacts for further assistance, Finding a Sacred Oasis in Grief provides a comprehensive understanding of this potentially difficult and complex topic. It examines different types of grief and various approaches, along with reference guides to particular religions and their traditions, adopting a comprehensive multi-faith approach. Pastoral care providers and religious leaders will find the unique hands-on approach invaluable, as will members of support organizations and volunteer carers. It is also ideal for seminary and ministry students, counsellors, therapists, and other care professionals. Gives caregivers the tools to help dying and grieving persons face the best and worst that life has to offer. It is the worst because death means the end of the attachments that make life worthwhile. It is the best because it shows us what is truly meaningful and important in life. Mortality is a great gift if we have the knowledge and the courtesy to face it. John D. Morgan in the Foreword.

The Essentials of Suicide Prevention Karen Mason, 2023-01-24

Suicide is a growing tragedy in the US and in the church We can stop the climbing numbers of suicide deaths but it is going to take everyone working together including the church Without the church suicidal people may not hear the life affirming messages they need to hear Without an informed church people who have lost loved ones to suicide may leave the church Too often the church watches from the sidelines not knowing what to do Why is it that the wider secular culture is more engaged in suicide prevention than God s people especially given that Christians care deeply about the sanctity of life The apostle Paul modeled suicide prevention for the church when he stopped the suicide of the Philippian jailer But pastors and congregants may not know how to follow his example The result is that people who struggle with suicide or who have lost loved ones to suicide wonder if the Bible or their church have anything relevant to say about suicide This book will provide the resources needed to help prevent suicide in a church even when a church does not want to start one more program
