Biust 2015 Application Deadline:

Applications in Plant Biotechnology Abdullah Makhzoum, Kathleen Hefferon, 2022-12-23 The book focuses on interesting topics in plant biotechnology and its applications The first section covers a number of specific medicinal plants and their secondary metabolites using genetic and metabolic engineering The pharmaceutical uses of these plant bioactive compounds and their applications in treating a variety of diseases including cancer as well as recent works on in silico and bioinformatic analysis are described The second section deals with innovative plant molecular pharming approaches and reviews the potential for using various plant host systems to design and produce effective new drugs to treat different illnesses and diseases such as HIV infectious diseases and other human and livestock diseases High Voltage Insulating Materials-Current State and Prospects Pawel Rozga, 2021-09-07 Studies on new solutions in the field of high voltage insulating materials are presented in this book Most of these works concern liquid insulation especially biodegradable ester fluids however in a few cases gaseous and solid insulation are also considered Both fundamental research as well as research related to industrial applications are described In addition experimental techniques aimed at possibly finding new ways of analysing the experimental data are proposed to test dielectrics *Critical Developments and Applications of Swarm Intelligence* Shi, Yuhui, 2018-02-28 Artificial intelligence is a constantly advancing field that requires models in order to accurately create functional systems The use of natural acumen to create artificial intelligence creates a field of research in which the natural and the artificial meet in a new and innovative way Critical Developments and Applications of Swarm Intelligence is a critical academic publication that examines developing research technologies and function regarding natural and artificial acumen specifically in regards to self organized systems Featuring coverage on a broad range of topics such as evolutionary algorithms optimization techniques and computational comparison this book is geared toward academicians students researchers and engineers seeking relevant and current research on the progressive research based on the implementation of swarm intelligence in self organized systems *Putin's Russia and the Falsification of History* Anton Weiss-Wendt, 2020-09-03 This book provides a bold examination of the political use of history in contemporary Russia Anton Weiss Wendt argues that history is yet another discipline misappropriated by the Kremlin for the purpose of rallying the population He explains how since the pro democracy protests in 2011 12 the Russian government has hamstrung independent research and aligned state institutions in the promotion of militant patriotism The entire state machinery has been mobilized to construe a single glorious historical narrative with the focus on Soviet victory over Nazi Germany Putin's Russia and the Falsification of History examines the intricate networks in Russia that engage in historymaking Whether it is the Holocaust or Soviet mass terror Tsars or Stalin the regime promotes a syncretic interpretation of Russian history that supports the notion of a strong state and authoritarian rule That interpretation finds its way into new monuments exhibitions and quasi professional associations In addition to administrative measures of control the Russian state has been using the

penal code to censor critical perspectives on history typically advanced by individuals who also happen to call for a political change in Russia This powerful book shows how history is increasingly becoming an element of political technology in Russia with the systematic destruction of independent institutions setting the very future of History as an academic discipline in Russia in doubt Globalization, Mass Education and Technical and Vocational Education and Training Miriam Preckler Galguera,2018-06-05 This book assesses the influence of the international organization UNESCO on the development of national Technical and Vocational Education and Training TVET systems in the Southern African Community Region SADC focusing particularly on Botswana and Namibia Designed around UNESCO s Better Education for Africa s Rise BEAR project the study is an excellent example of applied policy research Analysis is from the perspective of key stakeholders including UNESCO headquarters and field offices Ministries of Education and of Labor employers and employees education and training institutions international partners and more Both qualitative and quantitative evidence are used to provide a comparative overview and the author also reveals the current state of data on skills Readers will discover common goals and challenges across the nations but also a common lack of action to measure the impact and influence that UNESCO s programs have had at a national level prior to this study Were the newly implemented educational policies successful or not If the public policies failed why was that These chapters shed light on such questions and how UNESCO s contribution influenced the national development processes in the context of globalization processes and trends of global mass education The book has much to offer for both scholars and those working in UN agencies or national governments who seek to develop education systems and better link them to the world of work *Tertiary Education at a Glance 2015* ,2015 **UNESCO Science Report** UNESCO,2021-06-18 **Sustainability in Developing Countries** Susan Osireditse Keitumetse,Luc Hens,David Norris,2020-10-08 This book illustrates an alternative approach to state of sustainability reporting by presenting cross sectoral and multi disciplinary discussions on sustainability issues in the context of a developing country Botswana The book volume illustrates how academic publishing can supplement African governments existing forms of reporting on sustainability by providing on ground detailed descriptions and experiences relating to achievement of the various sustainable development goals SDGs In addition this process involves increases and enhances diversity of stakeholders that report on sustainability Furthermore the approach resonates with the UN s recommendation to build local strategies for implementation of the 2030 agenda for sustainable development Conventional reporting on sustainability by most African countries is an exercise that is customarily the preserve of designated government ministries While this form of reporting provides a consistent platform for tracking sustainable development goals it can also benefit from juxtaposition with in depth descriptions and experiences provided by academic publishing Academia through publishing provides a framework for on ground situation analysis as well as in depth descriptions of African country s grass root experiences thus allowing for temporal tracking of sustainable development milestones As this volume illustrates experiences from the various contributors

on this volume highlight different points of departure towards achieving the 2030 agenda Topics covered include biodiversity water management world heritage environment education tourism gender institutional approaches to achievement of SDGs as well as contribution of non governmental organisations NGO s amongst others **Proceedings of the Second**
