Western culture's ideas about sex and youth revealing the heritage of our own sexual beliefs and codes of behaviour The first section of this book first published in 1986 traces the development of the sex guide examining 400 books from 1892 to the 1980s The second section comprises a detailed analysis of the patterns content and usefulness of all the contemporary manifestations of the genre The history of the teen sex manual is a fascinating revelation of American attitudes towards adolescent sexuality

The Laboratory Cockroach W. J. Bell, 2012-12-06 Cockroaches are ideal subjects for laboratory investigation at all educational levels Compared with many other laboratory animals cockroaches are easily and inexpensively maintained and cultured and require relatively little space They are hardy and are readily available The purpose of this book is to provide background material and experimental leads for utilizing cockroaches in the teaching laboratory and in designing research projects The level of difficulty of the experiments varies according to the depth of understanding desired by the instructor In most cases at least a part of each experiment or technique can be incorporated into the laboratory component of elementary high school or college curriculum Sections of the lab book are appropriate for courses in Animal Behavior Entomology Organismic Biology and Insect Physiology Aside from this main purpose the book also provides a wealth of experimental ideas and techniques for a scientist at any level of education Lawrence Kansas June 15 1981 W J B
