Bonaventure Bonaventure:

Bonaventure George Washington Cable,1888 **Bonaventure** , **Bonaventure, the Body, and the Aesthetics of Salvation** Rachel Davies,2019-12-12 Examines the link between Bonaventure s aesthetics and anthropology in light of contemporary anxieties surrounding bodily diminishment **A Companion to Bonaventure** Jay Hammond,Wayne Hellmann,Jared Goff,2013-10-31 Although Bonaventurian scholarship has seen a great expansion in the past forty years there remains no English volume that provides a general yet detailed study of Bonaventure for scholars The Companion to Bonaventure provides an invaluable guide to understanding him Together the essays deliver a critical overview of the current research the major themes in Bonaventure s life and writings and how they are being reinterpreted at the start of the twenty first century As a great 13th century scholastic luminary Bonaventure exists as a vital contributor to the early Franciscan movement that swept across the theological and spiritual landscape of the High Middle Ages The paradoxical simplicity and complexity of Bonaventure s synthesis has made and will continue to provide a profound contributions to Franciscan and Christian reflection This Companion will help in understanding why this is the case Contributors include Joshua Benson Jacques Bougerol Ilia Delio Christopher Cullen Jared Goff Jay M Hammond Zachary Hayes J A Wayne Hellmann Kevin L Hughes Timothy J Johnson David Keck Gregory LaNave Pietro Maranesi Dominic V Monti and Marianne Schlosser

Aquinas, Bonaventure, and the Scholastic Culture of Medieval Paris Randall B. Smith,2021-02-04 By focusing attention on the importance of preaching this book should spur a fundamental reconsideration of scholastic culture and education **Aristotle and the Ontology of St. Bonaventure** Franziska van Buren,2023-03-20 Contemporary scholarship on Bonaventure has characterized him as the Neo platonic foil to the Aristotelianism of his day The present book however shows a Bonaventure who is highly enthusiastic about utilizing the philosophy of Aristotle and who centers much of his philosophical project around interpreting and understanding the texts of Aristotle Two goals are central to this book The first is to shed light on Bonaventure s greatly understudied ontology and theory of forms demonstrating how his philosophical system is an important and unique alternative to other medieval Aristotelian systems The second is to establish more broadly how Bonaventure s interpretation of Aristotle is a resource which should be mined for contemporary efforts in thinking about and reading Aristotle himself **Bonaventure** Christopher M. Cullen,2006-02-23 The great Franciscan theologian St Bonaventure c 1217 74 engaged in philosophy as well as theology and the relation between the two in Bonaventure s work has long been debated Yet few studies have been devoted to Bonaventure s thought as a whole In this survey Christopher M Cullen reveals Bonaventure as a great synthesizer whose system of thought bridged the gap between theology and philosophy The book is organized according to the categories of Bonaventure s own classic text De reductione artium ad theologiam Cullen follows Bonaventure s own division of the branches of philosophy and theology analyzing them as separate but related entities He shows that Bonaventure was a scholastic whose mysticism was grounded in systematic theological

and philosophical reasoning He presents a fresh and nuanced perspective on Bonaventure's debt to Augustine while clarifying Aristotle's influence Cullen also puts Bonaventure's ideas in context of his time and place contributing significantly to our understanding of the medieval world This accessible introduction provides a much needed overview of Bonaventure's thought Cullen offers a clear and rare reading of Bonaventurianism in and for itself without the complications of critique and comparison This book promises to become a standard text on Bonaventure useful for students and scholars of philosophy theology medieval studies and the history of Christianity

Isabell Naumann, 2023-12-01 The Holy Spirit who worked on the first Christian Pentecost continues to work in the church and the world today This being so the field of pneumatology the theology of the Holy Spirit should pique the interest of both the average Christian and the academic theologian perhaps more than it has in recent times This collection of chapters brings pneumatology into conversation with a wide variety of disciplines including scripture patristic and medieval theology and history The result is a scholarly monograph that enriches both pneumatology and the fields with which each contributor engages Furthermore with its attention on the work of the Spirit in the sacraments and the life of the church *Pneumatology at the Beginning of the Third Millennium* will help pastors and catechists in their ministries to understand more deeply the riches of the theology of the Third Person of the Trinity

Christian Mysticism Dr Kevin Magill, Dr Louise Nelstrop, Mr Bradley B Onishi, 2013-06-28 This book introduces students to Christian mysticism and modern critical responses to it Christianity has a rich tradition of mystical theology that first emerged in the writings of the early church fathers and flourished during the Middle Ages Today Christian mysticism is increasingly recognised as an important Christian heritage relevant to today's spiritual seekers The book sets out to provide students and other interested readers with access to the main theoretical approaches to Christian mysticism including those propounded by William James Steven Katz Bernard McGinn Michael Sells Denys Turner and Caroline Walker Bynum It also explores postmodern re-readings of Christian mysticism by authors such as Jacques Derrida Jean Luc Marion and Jean François Lyotard The book first introduces students to the main themes that underpin Christian mysticism It then reflects on how modern critics have understood each of them demonstrating that stark delineation between the different theoretical approaches eventually collapses under the weight of the complex interaction between experience and knowledge that lies at the heart of Christian mysticism In doing so the book presents a deliberate challenge to a strictly perennialist reading of Christian mysticism Anyone even remotely familiar with Christian mysticism will know that renewed interest in Christian

mystical writers has created a huge array of scholarship with which students of mysticism need to familiarise themselves This book outlines the various modern theoretical approaches in a manner easily accessible to a reader with little or no previous knowledge of this area and offers a philosophical theological introduction to Christian mystical writers beyond the patristic period important for the Latin Western Tradition Under the Palaver Tree Stan Chu Ilo, Caroline N. Mbonu, 2023-05-16

Doing theology Under the Palaver Tree in honor of one of Africa's foremost theologians Elochukwu E. Uzukwu is a momentous undertaking which draws from the diverse African continent her various peoples and rich natural resources A down to earth God talk that evokes the reign of God among us the book is a theological treasure trove The quality depth and range of the conversation partners in this volume represent a high water mark of the best scholarship in Africa today on ecclesiology and the future of the African church and the world church The authors through dialoguing with multidisciplinary dimensions of theological thoughts offer new language with which to engage foundational issues in theology liturgical practices communion and community leadership and charism the relationship between the local and universal church and social engagement and cultural questions as well In exploring the depth of this tome with its methodological approaches in interpreting understanding and evaluating the changing faces of Christianity scholars and theologians will be challenged to reflect on some of the most pressing current questions and issues facing the church in Africa and the world in rebirthing the image of the people of God and a synodal church under the iconic and symbolic African palaver tree Primacy of Christ Vincent C. Anyama, 2021-03-02

What comes to mind when you hear the term primacy of Christ Perhaps that Jesus is number one or that he is the Lord of the universe Using the wealth of our tradition on Christ's primacy this book compels us to pause and search the profound depths of our basic Christian claim on the universal preeminence of Christ Upholding the writings of Joseph Ratzinger Pope Benedict XVI as exemplary representation of how the early Christian awareness of Christ's primacy helps us to interpret the present age this book displays a symphonic harmony between our ancient Christian heritage and the ongoing conversations about the authentic interpretation of Scripture the human person the last things and the church Central to this symphonic harmony of our tradition is the use of analogy whereby the incarnation helps us to better understand the similarity between the created things and the mystery of God To better understand how Ratzinger uses the writings of the fathers of the church to draw us more deeply into the depths of Christ is what the correctives offered to some scholars in this book intends to accomplish What emerges is the ecumenical significance of Joseph Ratzinger's contribution to the modern debate on analogy of being analogia entis identifying Christ's primacy as the point of synthesis between analogia entis and analogia fidei **The Humility of God** Ilia Delio, 2024-07-02

Religion throughout its history has been used to justify dominance and rightness a narrative that sadly continues today St Francis of Assisi however fell in love with a Christ who cultivated humility and connection rather than power and division This Christ of humility and poverty depicted by Ilia Delio OSF in this Franciscan classic invites us to contemplate a theology that can heal the separation within ourselves and our
