Ontological Necessities Priscila Uppal,2006 Written with the

verve of the uninhibited artist but with a clarity of thought and expression more akin to the scientist or scholar these poems investigate the emotional and philosophical struggles of contemporary life Often sparked by the horrors depicted in today's news the poems combine surrealist images with spare and lyrical language to grapple with an increasingly absurd world The most ambitious piece in the collection is a radical post 9 11 translation of the Anglo Saxon elegy The Wanderer and other poems include Don Quixote You Sure Can Take One Helluva Beating Film Version of My Hatred Never Held a Gun and The Romantic Impulse Hits the Schoolyard

Far from Nothing Zoltán Böszörményi, 2006 Ripe with love money and power the story of 35 year old Rudolf set in a fast paced urban environment begs the question Do we only think we exist Rudolf and his wife work day and night hoping for a better life he is a philosophy graduate student and the manager of a car dealership He also keeps up a heart wrenching relationship with the chic Wanda Then there is Nina who studies logic but is secretly a prostitute and Alfred owner of a car leasing company seemingly upright but actually an embezzler Each character conceals something Be it in Hungary or North America the craving for existential clarity remains strong

Human Aude, 2006 Using delicate prose and intense imagery this translation explores the relationship and struggle of the human body and its inner being Completely paralyzed by Lou Gehrig's disease Magali is imprisoned in her own body able to communicate only by blinking her eyes Feeling mentally free but physically trapped she reflects on her past and regards her present physical existence as a prison A relationship formed between Magali and her doctor gives one of them the hope to live and the other the grace to die

Begging Questions Seán Virgo, 2006 Focusing on the universe of beauty and dreams with an intensity that delves into self recognition these stories written over the last 15 years engage the reader with questions about our public and private lives The stories touch on questions of identity and belief the phantoms of memory and the oppositions of beauty to experiences Told in a language of brilliant power these tales enable the reader with their enigmatic and dreamlike quality

Lanzmann and Other Stories Damian Tarnopolsky, 2007-05 Ranging widely in subject matter from a musician's destructive narcissism to the strange effects a persistent Norwegian has on a bachelor's love life the stories in this collection also vary in style Both elegantly insightful and highly adventurous these tales are inventive deeply comic sometimes very unsettling and completely engaging

Asterisks David Wevill, 2007 Poems written with clarity and craftsmanship this collection contemplates what is real and observable versus what is not The verses are like asterisks that refer to somewhere else and they strike with meditative depth and spiritual strength Drawn from experiences in Burma England Spain and the United States these words depict moments in time and step back into silence

Green Marilyn Bowering, 2007 Echos of Federico García Lorca Yiannis Ritsos and Rumi add exoticism to this poet's deceptively simple style Combining confession with analytical rigor most of these poems are variations on classic themes but they are driven by the particulars of politics love and family life As the poems progress repeated symbols such as cars coats cups rooms bees and roses begin to hint that the poet has a secret recipe for contentment home and hearth travel warm weather and a belief in human growth

Love Sonnets Pablo Neruda, 2007 Celebrating the works of a great Chilean poet this collection offers a vibrant translation of Neruda's sensual and erotic poetry Famous for his politically engaged lyrics the Nobel Laureate also wrote bold and sexual sonnets and this compilation captures the spirit and verbal dexterity of the lesser known genre These sonnets from one of the most influential and beloved 20th century poets accompany questions for discussion and lists of recommended readings and related websites
