Bonhoeffer The Assassin Challenging The Myth Recovering His Call To Peacemaking:

Bonhoeffer the Assassin? Mark Thiessen Nation, Anthony G. Siegrist, Daniel P. Umbel, 2013-10-01 Most of us think we know the moving story of Dietrich Bonhoeffer's life a pacifist pastor turns anti Hitler conspirator due to horrors encountered during World War II but does the evidence really support this prevailing view This pioneering work carefully examines the biographical and textual evidence and finds no support for the theory that Bonhoeffer abandoned his ethic of discipleship and was involved in plots to assassinate Hitler In fact Bonhoeffer consistently affirmed a strong stance of peacemaking from 1932 to the end of his life and his commitment to peace was integrated with his theology as a whole The book includes a foreword by Stanley Hauerwas

Peace and Violence in the Ethics of Dietrich Bonhoeffer Trey Palmisano, 2016-01-01 Not many theologians have had as great an impact on the study of peace and violence as Dietrich Bonhoeffer who was labeled an Enemy of the State and eventually executed in April 1945 In this book Trey Palmisano examines the theological connection between peace and violence across a range of Bonhoeffer's writings sermons and letters Despite the challenges Bonhoeffer experienced in his personal life and in the life of his country Palmisano asserts that a strong consistency emerges in Bonhoeffer's approach to ethics that resonates in the positing of Christ as the center of all ethical discourse and orients one to the ever present challenges of a changing world Palmisano creates distance from former studies that sought to define Bonhoeffer as a committed pacifist a situational pacifist or one who compromised his values to accommodate an exception for violence By prioritizing methodology as the key to interpreting Bonhoeffer's thought Palmisano argues that the ethical dilemma thought to be caused by Bonhoeffer's actions is avoided The result is one that creates an authentic ethical openness by responsiveness to Christ rather than Christian virtue and frees the individual from redundancies of action derived from deeply embedded patterns of theological engagement

Bonhoeffer's Reception of Luther Michael P. DeJonge, 2017 This study considers the influence of Martin Luther's theology on Dietrich Bonhoeffer with particular reference to justification ecclesiology the doctrine of the two kingdoms and political ethics

Understanding Bonhoeffer Peter Frick, 2017-05-23 How are we to understand Bonhoeffer In these essays Peter Frick attempts to answer this question by examining different aspects of Bonhoeffer's thought thus illuminating the hermeneutical philosophical theological and social dimensions of his writings All sixteen essays collected here were written between 2007 and 2014 some of them address the question of methodology others contribute to Bonhoeffer's intellectual formation and still others seek to connect with contemporary questions The aim of the volume is to present Bonhoeffer's key theological and philosophical ideas and to emphasize their contemporary relevance

Engaging Bonhoeffer Matthew D. Kirkpatrick, 2016-06-03 Engaging Bonhoeffer documents the extraordinary impact of Dietrich Bonhoeffer's life and writing on later thought Despite his lasting legacy little substantial scholarship has been conducted in this area In this magisterial collection leading international scholars fill this striking gap and critically demonstrate the ways in which Bonhoeffer has been one of the most original inspirational and provocative writers of the

twentieth century Bonhoeffer's work has proved foundational for a wide variety of thinkers and movements across such areas as ecclesiology Christology spirituality ethics hermeneutics phenomenology epistemology and systematic theology more generally Whether one considers his writings to have been faithfully interpreted critically adopted or justifiably rejected Engaging Bonhoeffer describes those who have engaged with Bonhoeffer's work been inspired by his actions and found a way to express and explain their own ideas through interacting with his life and thought In addition to shedding light on the different theological trajectories that Bonhoeffer's work may forge this challenging volume offers a critical window through which to view and appreciate the ideas of many leading voices of modern theology

Christian Martyrdom and Christian Violence Matthew D. Lundberg, 2021 What is the place if any for violence in the Christian life This book explores this question by analyzing a paradox of mainstream Christian history theology and ethics At the heart of the Christian story the suffering of violence stands as the price of faithfulness From Jesus himself to martyrs who have died while following him at the core of Christian faith is an experience of being victimized by the world's violence At the same time the majority opinion for most of Christian history has held that there are situations when the follower of Jesus may be justified in inflicting violence on others especially in the context of war Do these two facets of Christian ethics and experience martyrdom and the just war represent a contradiction the self-defeating irony of those who follow a Lord who refused to defend himself taking up deadly weapons In arguing that they do not the book contends that any meaningful coherence between a theology of martyrdom and commitment to a just war ethic requires shifts away from a common heroic conception of Christian martyrdom and a common secularized Realpolitik conception of necessary violence Instead it requires a view of martyrdom that acknowledges even the martyrs as subject to the ambiguities of the human condition even as they present a compelling witness to Jesus and the way of the cross And it requires an approach to justified violence that reflects the self-sacrificial ethos of Jesus displayed in the lives of true Christian martyrs

The Oxford Handbook of Dietrich Bonhoeffer Michael Mawson, Philip G. Ziegler, 2019 This Handbook offers an overview of Dietrich Bonhoeffer's 1906-1945 biography and intellectual context his contributions to all areas of doctrinal theology ethics and public life the significance of his thought for some contemporary issues and debates and an evaluation of some existing resources for studying Bonhoeffer

Melodies of a New Monasticism Craig Gardiner, 2018-03-09 The New Monastic Movement is a vibrant source of renewal for the church's life and mission Many involved in this movement have quoted Dietrich Bonhoeffer's conviction that the church must recover ancient spiritual disciplines if it is to effectively engage the powers that be Melodies of a New Monasticism adopts a musical metaphor of polyphony the combination of two or more lines of music to articulate the way that these early Christian virtues can be woven together in community Creatively using this imagery this book draws on the theological vision of Bonhoeffer and the contemporary witness of George MacLeod and the Iona Community to explore the interplay between discipleship doctrine and ethics A recurring theme is the idea of Christ as the cantus firmus the fixed song around which people perform the

diverse harmonies of God in church and world including worship ecumenism healing peace justice and ecology **Blessed Are the Peacemakers** Lisa Sowle Cahill, 2019-03-02 This book is a contribution to the Christian ethics of war and peace It advances peacebuilding as a needed challenge to and expansion of the traditional framework of just war theory and pacifism It builds on a critical reading of historical landmarks from the Bible through Augustine Aquinas the Reformers Christian peace movements and key modern figures like Dietrich Bonhoeffer Reinhold Niebuhr and recent popes Similar to just war theory peacebuilding is committed to social change and social justice but includes some theorists and practitioners who accept the use of force in extreme cases of self defense or humanitarian intervention Unlike just war theorists they do not see the justification of war as part of the Christian mission Unlike traditional pacifists they do see social change as necessary and possible and as such requiring Christian participation in public efforts Cahill argues that transformative Christian social participation is demanded by the gospel and the example of Jesus and can produce the avoidance resolution or reduction of conflicts And yet obstacles are significant and expectations must be realistic Decisions to use armed force against injustice even when they meet the criteria of just war will be ambiguous and tragic from a Christian perspective Regarding war and peace the focus of Christian theology ethics and practice should not be on justifying war but on practical and hopeful interreligious peacebuilding **Barth, Bonhoeffer, and Modern Politics** Joshua Mauldin, 2021 This innovative study brings together two areas of discourse that have not been connected before interpretations of Barth and Bonhoeffer on one hand and narratives of modernity on the other **The Routledge Handbook of Buddhist-Christian Studies** Carol Anderson, Thomas Cattoi, 2022-09-30 Buddhist Christian dialogue has a long and complex history that stretches back to the first centuries of the common era Comprising 42 international and disciplinarily diverse chapters this volume begins by setting up a framework for examining the nature of Buddhist Christian interreligious dialogue discussing how research in this area has been conducted in the past and considering future theoretical directions Subsequent chapters delve into important episodes in the history of Buddhist Christian dialogue contemporary conversations such as monastic interreligious dialogue multiple religious identity and dual religious practice and Buddhist Christian cooperation in social justice social engagement pastoral care and interreligious education settings The volume closes with a section devoted to comparative and constructive explorations of different speculative themes that range from the theological to the philosophical or experiential This handbook explores how the study of Buddhist Christian relations has been and ought to be done The Routledge Handbook of Buddhist Christian Studies is essential reading for researchers and students interested in Buddhist Christian studies Asian religions and interreligious relationships It will be of interest to those in fields such as anthropology political science theology and history **Education, Religion, and Ethics - A Scholarly Collection** Dianne Rayson, 2023-04-18 This collection draws on research in educational areas displaying best practice pedagogy theoretical and practical underpinned by philosophy empirical science and neuroscience among other disciplines It focusses especially on implications for higher

education school education professional ethics and religion Higher education exploration is on the diminution of the humanities and implications for the range of knowledge needed for future citizenship The work includes a revisioning of higher education s purpose especially the changing role of the doctorate and its examination The focus on school education takes the same pedagogical lens to humanities and social sciences examining values education and religious studies Ethical issues include colonisation and decolonisation especially around the concept of land and ramifications for intercultural studies The ethics and practice of teaching about life and death issues in medical education are explored in light of research in dialogic consensus The religion section includes research on interfaith education especially concerning Islam and eco theological education especially focussed on climate change Contributors are academic colleagues or former doctoral students of Terence J Lovat University Professor Australia UK and Canada whose internationally acclaimed research straddles these areas Many of the contributors hold positions of influence in the academic or professional world while others bring their newly minted doctoral research to the content The intended readership includes academics and doctoral students across education ethics religion social studies ecology health and medicine indigenous studies and international affairs This collection published in honour of Emeritus Professor Terence Lovat provides rich insights into the scope and multidisciplinary depth of his scholarship A philosopher of education whose main work has centred on curriculum theory and values education and ethics in education Lovat s scholarship reminds us that the education of children and young people must be concerned with more than academic attainment In emphasising education as a holistic and moral endeavour one involving hearts and minds Lovat has consistently advocated for the provision of opportunities for young people to extend their horizons beyond the school environment to engage with issues in society that go beyond academic learning Professor Lovat has also made a major and longstanding contribution to the development of Studies of Religion in schools and to the theology and history of Islam and Islamic Education In traversing Lovat s significant and remarkable contributions to education religion and ethics and the links between them this book serves as a testament to a highly esteemed scholar Associate Professor Deborah Henderson Queensland University of Technology Australia [The Meanings of Discipleship](#) Andrew Hayes, Stephen Cherry, 2021-10-29 Discipleship is a foundational concept of Christian life which has become a popular and ubiquitous description of belonging and growth in early 21st ecclesiastical language Discipleship courses and popular writings abound and the term is used liberally in official church documents and strategies for growth and development particular in a western context But does recent use of the word risk reducing the wide range of meanings of discipleship to something less rich and inclusive than is warranted With contributions from an array of leading thinkers scholars and theologians including Rachel Mann Kirsteen Kim and Anthony Reddie this book argues that there is need for more clarity precision and depth in defining what meaningfully and constructively is construed as discipleship Beginning with an overview of how the concept of discipleship has been understood in history the volume goes on to consider some of the

key figures who have shaped our understanding of the concept and finally to reflect on what discipleship might look like in contemporary society

Dietrich Bonhoeffer and a Theology of the Exception Kevin O'Farrell, 2023-11-30 Engaging with the many debates about the meaning and character of Bonhoeffer's late resistance theology and action particularly as it relates to his participation in the attempted coup d'état against Hitler this book attends to Bonhoeffer's understanding of the exception Resisting the common reduction of the exception to a political or ethical concept O'Farrell argues that the exception for Bonhoeffer is an extraordinary moment in history that disarms persons impinging on one's understanding of politics and ethics Through a wide engagement with the Bonhoeffer corpus this book claims that this leads to distinctive narrations of key concepts in Bonhoeffer's corpus responsibility the free venture simple obedience and action beyond the law It also offers a different portrait of Bonhoeffer to contemporary narrations The Bonhoeffer that emerges is neither a Niebuhrian realist a pacifist or a religious fanatic but one who is impelled to act apart from the law without this action becoming arbitrary This Bonhoeffer provides a hopeful political witness that seeks a world beyond the conflicts and divisions of this age

Discipleship in a World Full of Nazis Mark Thiessen Nation, 2022-01-20 Things do exist that are worth standing up for without compromise To me it seems that peace and social justice are such things as is Christ himself These are words Dietrich Bonhoeffer spoke to his brother a few months before he began training future pastors in the ways of discipleship For several years he had been speaking out against war Near the beginning of the anti-Semitic Nazi regime he called on his fellow Christians to speak out against a state that was engaging in oppressive measures to respond to victims of oppression and to be willing to suffer as a church if it was required to stop such oppression His vision for training disciples was rooted in pure doctrine serious worship a new kind of monasticism and the Sermon on the Mount Bonhoeffer was convinced that through the living presence of Jesus and the explosive teachings of the Sermon on the Mount lies the force that can blow all this hocus pocus sky high like fireworks leaving only a few burnt out shells behind This is the legacy of this extraordinary theologian that this book seeks to recover exploring how this was lived out in a world full of Nazis

Becoming a Christian in Christendom Jason A. Mahn, 2016-11-01 How might one live the Christian faith within a culture that idealizes and privileges Christianity while also relativizing it rendering it redundant and innocuous Arguing for a reconceptualization of the theology of the cross and radical communal practices this book brings together two clusters of critics of Christian acculturation and accommodation 1 Lutherans such as Kierkegaard and Bonhoeffer who lift up radical discipleship against the propensity toward cheap grace and 2 various Anti-Constantinians including neo-monastic communities who resist the church's collusion with power politics symbolized by the conversion of Constantine in the early fourth century Drawing on these diverse resources author Jason Mahn explores some pervasive dangers of America's new Christendom its accommodation to an exploitative economy that cheapens the meaning of grace its endorsement of political liberalism within which the church becomes another special interest group its justification of war and other forms of

necessary violence and its self defeating lip service to religious inclusivity Mahn provocatively imagines alternatives to conventional Christianity ones whereby the church embodies an alternative politic where it commits to cruciform non violence appreciates gifts by giving them away and knows its boundaries well enough to learn from those on the other side

Becoming Simple and Wise Joshua A. Kaiser, 2015-04-15 How does a Christian discern the will of God While this question lies at the heart of the Christian moral life religious communities struggle to articulate responses that balance simple faith and rational reflection Some characterize discernment as simple obedience to the commandments in Scripture others portray it as an exercise of human reason and conscience Dietrich Bonhoeffer the German theologian pastor and political conspirator who embodied a life of discernment amidst difficult circumstances in WWII Germany offers a compelling theological account of how to seek and respond to God's will By tracing Bonhoeffer's understanding of moral discernment throughout his writings and especially in his *Ethics* Joshua Kaiser demonstrates the importance of discernment for Bonhoeffer's vision of Christian ethics and explores how his view combines elements of simple faith and rational reflection While the results of the study will be significant for those interested in Bonhoeffer they will also be relevant to all who struggle along the path of Christian discipleship *Practicing to Aim at Truth* Ryan Andrew Newson, Brad J.

Kallenberg, 2015-10-16 Beginning with her award winning book *Theology in the Age of Scientific Reasoning* 1990 Nancey Murphy has used philosophy of science as a way into and catalyst for fresh thinking in cosmology divine action epistemology cognitive neuroscience theological anthropology philosophy of mind and Christian virtue ethics The essays in this book written by her students and colleagues creatively honor Murphy by extending a number of her core insights within their respective disciplines An introduction provides both an account of Murphy's unique location an Anabaptist teaching at an evangelical graduate institution and a summary of her contributions to theology as a philosopher of science whose corpus more than any other epitomizes the paradigm shift in philosophy sometimes called Anglo American postmodernity Subsequently fourteen essays provide unique engagements with Murphy on subjects including divine action the interaction between science and theology epistemology the nature of humanity and political theology In its entirety *Practicing to Aim at Truth* provides the first in depth interaction with and extension of Nancey Murphy's unique school of thought providing a resource both for those wishing to extend her research program as well as those wishing to understand it charitably in order to critique it *Living the Sermon on the Mount in Difficult Times* Andrew Bolton, 2025-09-24 *Living the Sermon on the Mount in difficult times* is part of what it means to follow Jesus the Peaceful One Jesus not only taught it he lived it This introduction for all kinds of Christians examines the revolutionary content of Jesus Sermon on the Mount in the context of the brutal Roman empire Then it surveys stories of those who struggled to faithfully live this Scripture in the messiness of their own difficult times What does this history look like from perspective of the cross Violence served Roman European and American empires well but crucified their victims This text seeks to feminize and decolonize the debate as to whether the

Sermon on the Mount is relevant today then ask how relevant the just war tradition and Christian realism are for addressing the big human security questions of the twenty first century climate change poverty mass migration racism populism and nuclear weapons Learning from the past can we begin to develop a new robust Christian realism that takes seriously the Sermon on the Mount and finds in it a way of salvation for our own difficult poly crisis times This book can be read individually and also as a group study **Taking Hold of the Real** Barry Harvey, 2016-08-25 Dietrich Bonhoeffer writes in one of his last prison letters that he had come to know and understand more and more the profound this worldliness of Christianity In Taking Hold of the Real Barry Harvey engages in constructive conversation with Bonhoeffer contending that the shallow and banal this worldliness of modern society is ordered to a significant degree around the social technologies of religion culture and race These mechanisms displace human beings from their traditional connections with particular locales and relocate them in their proper places as determined by the nation state and capitalist markets Christians are called to participate in the profound this worldliness that breaks into the world in the apocalyptic action of Jesus Christ a form of life that requires discipline and an understanding of death and resurrection The church is a sacrament of this new humanity performing for all to hear the polyphony of life that was prefigured in the Old Testament and now is realised in Christ Unable to find a faithful form of this worldliness in wartime Germany Bonhoeffer joined the conspiracy against Hitler a decision aptly contrasted with a small French church that prepared by its life together over many generations saved thousands of Jewish lives
