Animal Instinct Time After Time:

The Evolution Of The Soul Thomas Jay Hudson, 2012 In arranging the essays and lectures in this book for publication their respective dates of production have been disregarded for the sake of presenting them as far as possible in a natural sequence The first of the articles contains a statement of the fundamental principles of the author's hypothesis and may be regarded as introductory to those which follow It will be found that these principles are restated briefly in other parts of the book but the repetition is due to the fact that the papers were written at considerable intervals of time and for readers or audiences not always familiar with the author's theories I have ventured however to eliminate much of the iterated matter leaving only that which bears directly upon the subject under consideration in the article in which it occurs Catalyst One Robert E. Rushton, 2004 A matrix of Morality wisdom Philosophy insights Diplomatic cynicism Common sense impressions Whimsy freak notions Personal love relations Societal love relations War Guerilla War Assassinations New political terminology and conceptions And much more for you the story maker to ponder extract and catalyze into your very own allergy using your genius to flesh it out in your name a legend of our time Story smiths will delight in the wisdom given in the various sections on love that may be extracted here from and fashion into a story line A refreshing change of outlook on this subject both from society's point of view and from the individual's intuitive instincts The parabolic sections on Front Line War Guerilla War and Assassination will offer the story maker pause for thought on these subjects The story maker's own abstraction and reworking of these new concepts will leave ample scope for metamorphosis into one's own powerful narrative The cynical section on diplomacy takes the subject to new horizons that will lead one from fresh works in this subject thus adding modern scope to those works of Machiavelli The story maker's extraction modification and reapplication of the various other sections of this work may possibly lead to new higher ground in plot constructs This book will both entertain and enlighten you A revolutionary and extraordinary book that crosses the boundaries of religion philosophy and intellectual thought with purity lucidity and protraction laid out in an order that allows full scope of craft a blueprint for your own book in word erection This book of parables venerates the probity of extraordinary events in the life and times of contemporary society and doings It validates and encourages responsibility for creating your own truly insightful work The book requires some effort in understanding fresh ground breaking concepts and thus willingness to learn and grasp new terminology
