Levy, Farah Mendlesohn, 2019-03-22

An indispensable resource this book provides wide coverage on aliens in fiction and popular culture The wide impact that the imagined alien has had upon Western culture has not been surveyed before in many cases the essays in *Aliens in Popular Culture* are the first written on the topic The book is a compendium of short entries on notable uses of aliens in popular culture across different media and platforms by almost 90 researchers in the field It covers science fiction from the late nineteenth century into the twenty first century including books films television comics games and even advertisements Individual essays point to the ways in which the imagined alien can be seen as a reflection of different fears and tensions within society above all in the Anglo American world The book additionally provides an overview for context and suggestions for further reading All varieties of readers will find it to be a comprehensive reference about the extra terrestrial in popular culture **Media and the Make-Believe Worlds of Children** Maya Gotz, Dafna Lemish, Hyesung Moon, Amy

Aidman, 2014-04-04 *Media and the Make Believe Worlds of Children* offers new insights into children s descriptions of their invented or make believe worlds and the role that the children s experience with media plays in creating these worlds Based on the results of a cross cultural study conducted in the United States Germany Israel and South Korea it offers an innovative look at media s role on children s creative lives This distinctive volume outlines the central debates and research findings in

the area of children fantasy worlds and the media provides a descriptive account of children's make believe worlds and their wishes for actions they would like to take in these worlds highlights the centrality of media in children's make believe worlds emphasizes the multiple creative ways in which children use media as resources in their environment to express their own inner worlds and suggests the various ways in which the tension between traditional gender portrayals that continue to dominate media texts and children's wishes to act are presented in their fantasies The work also demonstrates the value of research in unveiling the complicated ways in which media are woven into the fabric of children's everyday lives examining the creative and sophisticated uses they make of their contents and highlighting the responsibility that producers of media texts for children have in offering young viewers a wide array of role models and narratives to use in their fantasies The downloadable resources provide full color images of the artwork produced during the study This book will appeal to scholars and graduate students in children and media early childhood education and developmental psychology It can be used in graduate level courses in these areas

**The Crusades and Nature** Jessalynn L. Bird, Elizabeth Lapina, 2024-07-31 The Crusades and Nature Natural and Supernatural Environments in the Middle Ages explores the intersection of crusader studies and studies of nature The volume addresses encounters with responses to and representations of a broad variety of phenomena celestial objects and events familiar and unfamiliar fauna and flora seascapes and landscapes the elements and the seasons etc It introduces readers to crusaders actual but also largely or entirely imaginary encounters with natural phenomena as well as literary references to nature in crusader sources more generally such as for example animal metaphors Finally this project investigates the relationships between the natural and the supernatural and between nature and human made environments The volume will define crusades broadly to include not only crusades to the East but also crusades to frontier regions such as the Baltic and Iberian peninsula and extends to representations of crusades and nature in later medieval and early modern sources

**Magic and the Mind** Evgenii Vasil'evich Subbotskiĭ, 2010-03-31 Subbotsky argues that the role of magical thinking in child development and in adult life should be reconsidered In children magical thinking is an important part of cognitive development In adults magical thinking assists individuals as they struggle with situations that are beyond rational control

The Cambridge History of Classical Literature: Volume 1, Greek Literature, Part 3, Philosophy, History and Oratory P. E. Easterling, Bernard M. W. Knox, 1989-05-04 This volume ranges in time over a very long period and covers the Greeks most original contributions to intellectual history It begins and ends with philosophy but it also includes major sections on historiography and oratory Although each of these areas had functions which in the modern world would not be considered Literary the ancients made a less sharp distinction between intellectual and artistic production and the authors included in this volume are some of Europe's most powerful stylists Plato Herodotus Thucydides and Demosthenes

Wildlife Tales Nakoa Rainfall, AI, 2025-02-26 Wildlife Tales explores the deep rooted presence of animals in human storytelling across cultures and history revealing how these narratives reflect our values and relationship

with nature From ancient myths to modern literature animals have served as powerful symbols often embodying human traits or delivering moral lessons For example trickster figures like the coyote appear in various indigenous folktales highlighting the universal appeal and adaptability of animal archetypes The book examines animal narratives through historical sources from ancient texts to ethnographic studies It traces the shifting representation of animals from symbolic figures in creation myths to complex characters in contemporary literature Organized geographically and historically Wildlife Tales progresses from Ancient Egypt and Classical Greece to Medieval Europe analyzing the cultural significance of animal stories in each period and concluding with their impact on modern environmental awareness and animal rights This unique approach offers valuable insights into the origins of human belief systems and moral codes revealing how animal stories shape our understanding of ourselves and the natural world By focusing on cross cultural comparisons Wildlife Tales demonstrates how diverse societies have used animal narratives to grapple with fundamental questions about life ethics and our place in the world

**Animal Spaces, Beastly Places** Chris Philo,Chris Wilbert,2004-08-02 Animal Spaces Beastly Places examines how animals interact and relate with people in different ways Using a comprehensive range of examples which include feral cats and wild wolves to domestic animals and intensively farmed cattle the contributors explore the complex relations in which humans and non human animals are mixed together Our emotions involving animals range from those of love and compassion to untold cruelty force violence and power As humans we have placed different animals into different categories according to some notion of species usefulness domesticity or wildness As a result of these varying and often contested orderings animals are assigned to particular places and spaces Animal Spaces Beastly Places shows us that there are many exceptions and variations on the spatiality of human animal spatial orderings within and across cultures and over time It develops new ways of thinking about human animal interactions and encourages us to find better ways for humans and animals to live together

**Empire Islands** Rebecca Weaver-Hightower,2007 Through a detailed unpacking of the castaway genre s appeal in English literature Empire Islands forwards our understanding of the sociopsychology of British Empire Rebecca Weaver Hightower argues convincingly that by helping generations of readers to make sense of and perhaps feel better about imperial aggression the castaway story in effect enabled the expansion and maintenance of European empire Empire Islands asks why so many colonial authors chose islands as the setting for their stories of imperial adventure and why so many postcolonial writers write back to those island castaway narratives Drawing on insightful readings of works from Thomas More s Utopia to Caribbean novels like George Lamming s Water with Berries from canonical works such as Robinson Crusoe and The Tempest to the lesser known A Narrative of the Life and Astonishing Adventures of John Daniel by Ralph Morris Weaver Hightower examines themes of cannibalism piracy monstrosity imperial aggression and the concept of going native Ending with analysis of contemporary film and the role of the United States in global neoimperialism Weaver Hightower exposes how island narratives continue not only to describe but to justify colonialism Rebecca Weaver Hightower

Davis, 2023-09-01 This is the story of Sea World a theme park where the wonders of nature are performed marketed and sold With its trademark star Shamu the killer whale as well as performing dolphins pettable sting rays and reproductions of pristine natural worlds the park represents a careful coordination of shows dioramas rides and concessions built around the theme of ocean life Susan Davis analyzes the Sea World experience and the forces that produce it the theme park industry Southern California tourism the privatization of urban space and the increasing integration of advertising entertainment and education The result is an engaging exploration of the role played by images of nature and animals in contemporary commercial culture and a precise account of how Sea World and its parent corporation Anheuser Busch succeed Davis argues that Sea World builds its vision of nature around customers worries and concerns about the environment family relations and education While Davis shows the many ways that Sea World monitors its audience and manipulates animals and landscapes to manufacture pleasure she also explains the contradictions facing the enterprise in its campaign for a positive public identity Shifting popular attitudes animal rights activists and environmental laws all pose practical and public relations challenges to the theme park Davis confronts the park s vast operations with impressive insight and originality revealing Sea World as both an industrial product and a phenomenon typical of contemporary American culture *Spectacular Nature* opens an intriguing field of inquiry the role of commercial entertainment in shaping public understandings of the environment and environmental problems This is the story of Sea World a theme park where the wonders of nature are performed marketed and sold With its trademark star Shamu the killer whale as well as performing dolphins pettable sting rays and reproductions of pristine natural worlds t      *Imaginary Companions and the Children Who Create Them* Marjorie Taylor, 2001-05-03 Many parents delight in their child s imaginary companion as evidence of a lively imagination and creative mind At the same time parents sometimes wonder if the imaginary companion might be a sign that something is wrong Does having a pretend friend mean that the child is in emotional distress That he or she has difficulty communicating with other children In this fascinating book Marjorie Taylor provides an informed look at current thinking about pretend friends dispelling many myths about them In the past a child with an imaginary companion might have been considered peculiar shy or even troubled but according to Taylor the reality is much more positive and interesting Not only are imaginary companions surprisingly common the children who have them tend to be less shy than

other children They also are better able to focus their attention and to see things from another person's perspective In addition to describing imaginary companions and the reasons children create them Taylor discusses other aspects of children's fantasy lives such as their belief in Santa their dreams and their uncertainty about the reality of TV characters Adults who remember their own childhood pretend friends will be interested in the chapter on the relationship between imaginary companions in childhood and adult forms of fantasy Taylor also addresses practical concerns providing many useful suggestions for parents For example she describes how children often express their own feelings by attributing them to their imaginary companion If you have a child who creates imaginary creatures or if you work with pre schoolers you will find this book very helpful in understanding the roles that imaginary companions play in children's emotional lives *The Dissolution of Place* Shelton Waldrep, 2016-03-16 Postmodern architecture with its return to ornamentality historical quotation and low culture kitsch has long been seen as a critical and popular anodyne to the worst aspects of modernist architecture glass boxes built in urban locales as so many interchangeable generic anti architectural cubes and slabs This book extends this debate beyond the modernist postmodernist rivalry to situate postmodernism as an already superseded concept that has been upended by deconstructionist and virtual architecture as well as the continued turn toward the use of theming in much new public and corporate space It investigates architecture on the margins of postmodernism those places where both architecture and postmodernism begin to break down and to reveal new forms and new relationships The book examines in detail not only a wide range of architectural phenomena such as theme parks casinos specific modernist and postmodernist buildings but also interrogates architecture in relation to identity specifically Native American and gay male identities as they are reflected in new notions of the built environment In dealing specifically with the intersection between postmodern architecture and virtual and filmic definitions of space as well as with theming and gender and racial identities this book provides ground breaking insights not only into postmodern architecture but into spatial thinking in general

**Outbreak!** Hilary Evans, Robert E. Bartholomew, 2009 From fads crazes and manias to collective delusions scares panics and mass hysterias history is replete with examples of remarkable social behavior Many are fueled by fear and uncertainty others are driven by hope and expectation For others still the causes are more obscure This massive collection of extraordinary social behaviors spans more than two millennia and attempts to place many of the episodes within their greater historical and cultural context Perhaps the most well known example of unusual collective behavior occurred in 1938 when a million or more Americans were frightened or panicked after listening to a realistic radio drama about a Martian invasion of New Jersey based on an adaptation of the H G Wells novel *War of the Worlds* Less known but equally remarkable scares based on Wells book occurred in Chile in 1944 when Army units were mobilized in Ecuador in 1949 when riots broke out leaving more than a dozen dead as well as in Buffalo in 1968 Rhode Island in 1974 and Europe in 1988 and 1998 The modern civilized world is by no means immune to such peculiar episodes In the late 20th century scores of people in the U S

and Europe were wrongly incarcerated following claims of Satanic ritual abuse by authorities untutored in False Memory Syndrome This episode recalls the European witch terror of the late Middle Ages when innocent people were tortured and executed for consorting with the Devil based on the flimsiest of evidence OUTBREAK THE ENCYCLOPEDIA OF EXTRAORDINARY SOCIAL BEHAVIOR is an authoritative reference on a broad range of topics collective behavior deviance social and perceptual psychology sociology history folklore religious studies political science social anthropology gender studies critical thinking and mental health Never before have so many sources been brought together on the mesmerizing topic of collective behavior

**The Imaginary of Animals** Annabelle Dufourcq,2021-07-30 This book explores the phenomenon of animal imagination and its profound power over the human imagination It examines the structural and ethical role that the human imagination must play to provide an interface between humans subjectivity and the real cognitive capacities of animals The book offers a systematic study of the increasing importance of the metaphors the virtual and figures in contemporary animal studies It explores human animal and real imaginary dichotomies revealing them to be the source of oppressive cultural structures Through an analysis of creative playful and theatric enactments and mimicry of animal behaviors and communication the book establishes that human imagination is based on animal imagination This helps redefine our traditional knowledge about animals and presents new practices and ethical concerns in regard to the animals The book strongly contends that allowing imagination to play a role in our relation to animals will lead to the development of a more empathetic approach towards them Drawing on works in phenomenology contemporary animal philosophy as well as ethological evidence and biosemiotics this book is the first to rethink the traditional philosophical concepts of imagination images the imaginary and reality in the light of a zoocentric perspective It will appeal to philosophers scholars and students in the field of animal studies as well as anyone interested in human and non human imaginations

**The Oxford Handbook of the Development of Imagination** Marjorie Taylor,2013-05-02 The Oxford Handbook of the Development of Imagination provides a comprehensive overview of research on the role of imagination in cognitive and social development and its link with children s understanding of the real world

Dunning, 2021-04-22 In *Black to Nature Pastoral Return and African American Culture* author Stefanie K Dunning considers both popular and literary texts that range from Beyonc s *Lemonade* to Jesmyn Ward s *Salvage the Bones* These key works restage Black women in relation to nature Dunning argues that depictions of protagonists who return to pastoral settings contest the violent and racist history that incentivized Black disavowal of the natural world Dunning offers an original theoretical paradigm for thinking through race and nature by showing that diverse constructions of nature in these texts are deployed as a means of rescrambling the teleology of the Western progress narrative In a series of fascinating close readings of contemporary Black texts she reveals how a range of artists evoke nature to suggest that interbeing with nature signals a call for what Jared Sexton calls the dream of Black Studies abolition *Black to Nature* thus offers nuanced readings that advance an emerging body of critical and creative work at the nexus of Blackness gender and nature Written in a clear approachable and multilayered style that aims to be as poignant as nature itself the volume offers a unique combination of theoretical breadth narrative beauty and broader perspective that suggests it will be a foundational text in a new critical turn towards framing nature within a cultural studies context
