Capitalism without Democracy Kellee S. Tsai,2011-06-15 Over the past three decades China has undergone a historic transformation Once illegal its private business sector now comprises 30 million businesses employing more than 200 million people and accounting for half of China s Gross Domestic Product Yet despite the optimistic predictions of political observers and global business leaders the triumph of capitalism has not led to substantial democratic reforms In Capitalism without Democracy Kellee S Tsai focuses on the activities and aspirations of the private entrepreneurs who are driving China s economic growth The famous images from 1989 of China s new capitalists supporting the students in Tiananmen Square are Tsai finds outdated and misleading Chinese entrepreneurs are not agitating for democracy Most are working eighteen hour days to stay in business while others are saving for their one child s education or planning to leave the country Many are

Communist Party members Remarkably Tsai writes most entrepreneurs feel that the system generally works for them She regards the quotidian activities of Chinese entrepreneurs as subtler and possibly more effective than voting lobbying and protesting in the streets Indeed major reforms in China s formal institutions have enhanced the private sector s legitimacy and security in the absence of mobilization by business owners In discreet collaboration with local officials entrepreneurs have created a range of adaptive informal institutions which in turn have fundamentally altered China s political and regulatory landscape Based on years of research hundreds of field interviews and a sweeping nationwide survey of private entrepreneurs funded by the National Science Foundation Capitalism without Democracy explodes the conventional wisdom about the relationship between economic liberalism and political freedom
