The Sustainability Curriculum John Blewitt, Cedric Cullingford, 2013-06-17 The links between education and sustainable development are deepening although subject to much controversy and debate The success of the sustainability discourse depends both on the pedagogic and research functions of higher education Similarly for higher education itself to remain relevant and engaged it faces pressure not only to integrate the insights and lessons drawn from the perspective of sustainable development but also to be responsive to scrutiny of its own practices in relation to sustainability Among professionals in higher education sustainable development has its supporters and detractors It is embraced by some individuals and departments while being perceived by others as a threat to the coherence of particular disciplines Although it is not currently an academic discipline in its own right increasing public and professional familiarity with the term and the increasing urgency of global calls for the implementation of sustainable development mean that this is rapidly changing This volume analyses the impact of the concepts and practices of sustainability and sustainable development on various academic disciplines institutional practices fields of study and methods of enquiry The contributors drawn from a wide range of disciplines perspectives educational levels and institutional contexts examine the purpose of the modern university and the nature of sustainable education which includes exploring links to social movements for sustainability projects curriculum change culture and biodiversity values relating to gender equality and global responsibility and case studies on the transformation or otherwise of some specific disciplines The New Law Journal ,1995 **Animals, Politics, and Morality** Robert Garner, 1993 What gives the book distinction is Garner's comprehensive grasp of and sympathy with this subject New Statesman and Society Thorough and compelling Political Studies Meticulously researched should be regarded as a standard text for teachers and undergraduates Talking Politics Leads the way through this labyrinth of moral mazes New Scientist Our treatment of and attitudes towards animals vary from respect and concern at one end of the scale to cruelty and neglect at the other Acts of violence to animals are countered by acts of violence on the behalf of animals This book is about these apparently contradictory responses It seeks to examine moral theories which endeavour to tell us how we ought to treat animals as well as how individuals and the law actually do treat them In this work the author combines his professional knowledge as a political scientist with his interest in and concern for the plight of animals and our moral obligations towards them He puts his case for fundamental changes in the way we think about and behave towards the other species with whom we share the planet **BUCKLEY, BATMAN & MYNDIE: Echoes of the Victorian culture-clash frontier** ,2021-01-01 Sounding 4 begins with the first narrative of squatter George Russell followed by an echo on magistrate soldier and later Crown Lands Commissioner for the Western District Flogger Fyans Expansion west and north west from Geelong soon causes the Colac tribal collapse and later the government sanctioned revenge massacre of the Gadubanud Cape Otway clans Then follows the dispossession timeline of the Geelong Ballarat Wathaurong people and the extensive

contributions by Ian D Smith on Aboriginal geography and languages of the west with clan organization mechanisms of dispossession Aboriginal responses a geography of disruption and Aboriginal perceptions of Europeans in 19th century Victoria For contrast is a section SANITIZED FRONTIER PROFILES OF PROMINENT COLONIALS controlling the countryside until largely replaced by the bankers and gold diggers Moving further west is an echo titled WINNING LOSING THE GRAMPIANS AND THE GLENELG RIVER before a complete reproduction of Dr Jan Critchett s Distant Field of Murder Ian Clark and George Russell reveal how the western plains were taken over after the vanishing of the Djab Wurrung clans around the Hopkins River Echoes of the KULIN SUNSET COUNTRY SETTLED and A SCOTTISH ARK GROUNDS AT ARARAT are settler versions largely from local history books of reminiscences by successful sheep and cattle pastoralists such as the Learmonth and Russell family dynasties The sour joke that the Scots had the land the Irish the pubs and the English the accent does no justice to the role of guns germs and money making Modern scholarship birthed echoes titled FRONTIER MAYHEM IN THE FAR WEST which include the tribal resistance of Jupiter Cocknose Roger Doctor Bumbletoe etc defeated by the likes of Wathaurong guide Bon Jon with CCL Fyans and the mounted Wurundjeri and Bunurong members of Captain Dana s Native Police This is followed by Marie Fels on native police action and A G L Shaw on frontier violence with Dr Critchett overview on Framlingham Aboriginal Mission Station Sounding 4 concludes with aftermath echoes titled KING DAVID DAWSON S INFORMANTS THE CAMPERDOWN GEORGE OBELISK and echo 74 HINDSIGHTS ON THE CULTURE CLASH FRONTIER Part 1 of which is on Redmond Barry terra nullius and the Bon Jon case and part 2 has historian Henry Reynolds challenging our national self image

Animals, Politics and Morality Robert Garner,2004 This is an extensively re written second edition of a well regarded and much cited text on the issue of animal protection It remains the only text to combine an examination of the philosophy and politics of the issue Its central argument is that the philosophical debate is central to an understanding and evaluation of the substantive issues involving animals and the nature of the movement for change The book has been thoroughly revised to include major theoretical and empirical developments Specifically the second generation of animal ethics literature is examined in detail and attention is paid to the campaigns and public controversy over the export of live animals and the use of animals in research the impact of genetic engineering on the welfare of animals and the latest developments in the controversy over hunting

Political Animals and Animal Politics Marcel Wissenburg,David Schlosberg,2018-02-17 While much has been written on environmental politics on the one hand and animal ethics and welfare on the other animal politics is underexamined There are key political implications in the increase of animal protection laws the rights of nature and political parties dedicated to animals
