Peyton,2024-02-07 In an increasingly broken world filled with hate and violence God s plan from the beginning was to save and restore the world to the glory for which he had created it This simple plan has not changed with the evolution of sin time or man s rejection of his creator Rather God s simple twofold plan of redemption included both a commandment to love the creator with all one s heart mind soul and strength and a commandment to love one s neighbor as one s self Neither commandment stands in isolation for one cannot fully love others without a consuming love for God and neither can one completely love God without a love for the neighbor created by God The answer to hate is love the answer to war is love the answer to violence is love and the answer to all of societal disfunction is love The answer is not a commandment to like God and others because one only likes others because of likeness Rather love is a choice A choice to love what you don t like A choice to love what you don t understand A choice to love until the God you love sets everything right in eternity *Using the Bible in Practical Theology* Zoë Bennett,2016-02-11 Exploring how the Bible may be appropriately used in practical and public theology this book looks at types of modern

practical theology with specific emphasis on the use of the Bible Bennett juxtaposes the diversity of modern practical theology with the work of leading nineteenth century public theologian John Ruskin and then assesses the contribution of this analysis to some modern issues of public importance in which the Bible is used The final chapter offers a framework for a biblically informed critical practical theology which draws on the writer s experience and invites the readers to engage their own

Exploring Ordinary Theology Leslie J. Francis,2016-04-15 Ordinary theology characterizes the reflective God talk of the great majority of churchgoers and others who remain largely untouched by the assumptions concepts and arguments that academic theology takes for granted Jeff Astley coined the phrase in his innovative study Ordinary Theology Looking Listening and Learning in Theology arguing

that speaking statistically ordinary theology is the theology of God's Church. A number of scholars have responded to this and related conceptualizations exploring their theological implications. Other researchers have adopted the perspective in examining a range of Church practices and contexts of Christian discipleship using the tools of empirical study. Ordinary theology research has proved to be key in uncovering people's everyday lay theology or ordinary dogmatics. Exploring Ordinary Theology presents fresh contributions from a wide range of authors who address the theological, empirical, and practical dimensions of this central feature of ordinary Christian existence and the life of the Church.

Saving Face Stephen Pattison, 2016-04-01 Faces are all around us and fundamentally shape both everyday experience and our understanding of people. To lose face is to be alienated and experience shame; to be enfaced is to enjoy the fullness of life. In theology, as in many other disciplines, faces as both physical phenomena and symbols have not received the critical appreciative attention they deserve. This pioneering book explores the nature of face and enfacement, both human and divine. Pattison discusses questions concerning what face is, how important face is in human life and relationships, and how we might understand face both as a physical phenomenon and as a series of socially inflected symbols and metaphors about the self and the body. Examining what face means in terms of inclusion and exclusion in contemporary human society and how it is related to shame, Pattison reveals what the experience of people who have difficulties with faces tell us about our society, our understandings of, and our reactions to, face. Exploring this ubiquitous yet ignored area of both contemporary human experience and of the Christian theological tradition, Pattison explains how Christian theology understands face, both human and divine, and the insights it might offer to understanding face and enfacement. Does God, in any sense, have a physically visible face? What is the significance of having an enfaced or faceless God for Christian life and practice? What does the vision of God mean now? If we want to take face and defacing seriously and to get them properly into perspective, we may need to change our theology, thought, and practice, changing our ways of thinking about God and about theology.

To All the Nations Kenneth Mtata, Craig Koester, 2016-02-01 In his pastoral and theological reflections, Martin Luther always sought faithfully to discern the Word of God from the

Scriptures Luther drew on the Gospel of Matthew when developing edifying sermons as well as teasing out valuable ethical insights for the Christian engagement in society While his immediate audience was in Wittenberg the Gospel of Matthew has continued to be a resource for the church's mission In this collection of essays internationally renowned theologians reflect on the ongoing reception of the Gospel of Matthew from the Reformation until today and how in light of the Lutheran interpretive traditions it remains a valuable resource for the church as it seeks to respond to contemporary concerns in its mission to the whole world

Global Mission on our Doorstep Thorsten Prill, 2017-01-11 Document from the year 2017 in the subject Theology Practical Theology language English abstract In the face of globalisation one of the challenges for Christians ministering to asylum seekers and refugees in the United Kingdom is the question of integrating Christian asylum seekers and refugees into the Christian community British churches and para church organisations that are involved in refugee ministry have to decide whether they want to support the formation of independent refugee churches or the integration of refugees and asylum seekers into local indigenous churches This thesis examines these options from a missiological perspective Two social research projects form the heart of this study One compares the life and ministry of two mature minority ethnic churches the other investigates the integration process at a British church that has been involved in refugee ministry for almost a decade Contrary to the widespread view that the establishment of homogeneous churches is crucial for the mission of the church in postmodern British society the findings of this research suggest that the integration of asylum seekers and refugees into indigenous British churches is the better option They further demonstrate that it is not the mono ethnic refugee church but the multi ethnic church which makes the greater contribution to the integration of Christian asylum seekers and refugees and to the *missio Dei* in Britain In a multi ethnic church asylum seekers and refugees serve as role models to British Christians and especially as effective agents of mission These research findings also show that the integration of asylum

seekers and refugees is promoted through the congregation within the congregation model and an incarnational approach to mission. However, they equally indicate that various stumbling blocks can hinder the integration process. These include a low ecclesiology, a lack of awareness of globalisation and a reactive leadership style and church culture.

Willful Ignorance

Helen T. Boursier, 2022-04-27. Using ethnographic research, *Willful Ignorance: Overcoming the Limitations of Christian Love for Refugees Seeking Asylum* examines the attitudes of clergy and lay leaders regarding their inattention to racism as it intersects with the harsh reality of U.S. immigration policies and practices. This multi-faceted work begins with a reality check on the scope of forced migration and its intersection with the historical legacy of racism in America, including testimonies from displaced migrants and immigration advocates who help to alleviate state-inflicted suffering at the U.S.-Mexico border. Helen T. Boursier examines the rationales Christian leaders use to justify the local church's nominal response, including the discursive buffers and stall tactics they use to deflect their lack of preaching, teaching, leadership, and/or ministry with displaced migrants who are their near neighbors. The Christian church's firm foundation to embody love as social justice provides a historical rebuttal, while case studies of congregations that offer displaced migrants compassionate hospitality model exemplary contemporary response. Closing with practical suggestions for how to begin building bridges with migrants, Boursier argues for a philosophy of religion that embraces resistance to racism and exclusion from asylum through a missiology of compassion that exemplifies an ecclesiology of love.

Religion and Migration Andrea Bieler, Isolde Karle, HyeRan Kim-Cragg, Ilona Nord, 2019-10-31. This volume explores religious discourses and practices of hospitality in the context of migration. It articulates the implied ambivalences and even contradictions as well as the potential to contribute to a more just world through social interconnection with others. The book features contributors from diverse national, denominational, cultural, and racial backgrounds. Their essays reveal a dichotomy of hospitality between guest and host while tackling the meaning of home or the loss of it, interrogating both the peril and promise of the relationship between religion, chiefly Christianity, and hospitality, and focusing on the role of migrants' vulnerability and agency by drawing from empirical, theological, sociological, and anthropological insights emerged from postcolonial migration contexts. With contributions by Andrea Bieler, Jione Havea, Claudia Hoffmann, HyeRan Kim, Cragg, Claudia Jahnel, Isolde Karle, Buhle Mpofu, Armin Nassehi, Ilona Nord, Henrietta Nyamnjoh, Regina Polak, Ludger Pries, Thomas Reynolds, Harsha Walia, Julia Well, and Birgit Weyel, *Religion und Migration* Dieser Band beschäftigt sich mit religiösen Diskursen und religiöser Praxis, die Gastfreundschaft im Kontext von Migration thematisieren. Dabei werden sowohl Potenziale identifiziert, die in Richtung größerer Gerechtigkeit und sozialer Verbundenheit weisen, als auch Ambivalenzen und Widersprüche. Das Buch präsentiert Beiträge, die verschiedene nationale, konfessionelle, kulturelle und ethnische Kontexte reflektieren. Dabei kommen die problematischen sowie die verheißungsvollen Dimensionen der Dichotomie von Gast und Gastgeber*in in den Blick, die der Fokus auf Gastfreundschaft insbesondere im Christentum impliziert. Die Frage nach dem Zusammenhang von Verletzbarkeit und Handlungsmacht von

Migrantinnen und Migranten wird aus empirischer theologischer soziologischer sowie anthropologischer Perspektive beleuchtet The human dilemma of displacement Alfred R. Brunson, 2020-12-31 In this book social responsive theological research converges to provide practical theological and ecclesiological perspectives on the growing human dilemma of displacement The book presents the research of practical theologians a missiologist and a religious practitioner whose work pertains first and foremost to the South African context The different fields of expertise of the contributors within the broader field of practical theology worked towards a unique compilation of themes each relevant to the issue at stake The majority of chapters are theoretically orientated except where authors refer to empirical work conducted during previous research The main contribution of this collaborative work is to be sought in the practical theological and ecclesiological perspectives it provides It engages the critical questions of what kind of church we need and what kind of care we should provide in the face of the growing predicament of human displacement The theological and theoretical principles uncovered in the different chapters will be of use to theologians from all theological subdisciplines as well as to religious practitioners and leaders of faith communities that are challenged with the growing realities of strangers on their doorsteps and in their pews
