Nativity: the Christmas Story, Which You Have Never Heard Before Richard R. Racy, 2007-11-02 Sometimes reading like a historical novel or a forensics detective story a melodrama or a scientific adventure Nativity takes the reader on a fast awesome ride of discovery into the real history and real people behind the birth of Christ Nativity is the ideal reference for pastors students and laymen combining scholarly depth and reliability in a popular writing style easily accessible to all with references for independent study New elements of meaning and relevance to the Nativity Scientific evidence virgin births occur as often as identical twins but Jesus was one of a kind The life and death drama behind Joseph and Mary rarely told The real events of Bethlehem and Nazareth Herod amazing genius whose architecture excelled Rome and kept his murdered wife in a jar of honey Was Jesus incarnated from the time of the Fall Is the Christmas tree a pagan idol or a biblical image of the Tree of Life While vigorously defending the traditional faith Richard Racy gives new insights and new theological perspectives guaranteed to inform and provoke while entertaining in a major new work on the birth of Jesus Christ A revealing and thought provoking new book that truly tells us the Christmas story which we have never heard before

The Origins and Evolution of the Moses Nativity Story Cohen, 2018-11-13 This book traces the development of the Moses nativity story

from pre Biblical sources through its Biblical formulation and continues to trace its evolution in post Biblical literature from the Apocrypha Pseudepigrapha and Jewish Hellenistic writings through Rabbinic literature and up to Medieval Jewish exegesis Influence of the Moses nativity story is also detected in Christian writings hence this book also traces the evolution of the story in the New Testament and early Christian works This study uses a literary typological approach similar to that of the Gunkel Gressmann school and the method used by Loewenstamm However unlike these scholars and their disciples who focused primarily on the biblical stage this book gives equal attention to all stages of the evolution of the birth story pattern and while providing a detailed analysis of each work also focuses on continuity tracing the path along which the literary pattern of the Moses nativity story developed
