# Atheist Universe The Thinking Persons Answer To Christian Fundamentalism

**Rev. Dr. Donald R. Hayes, DTh, ASF**

## **Atheist Universe The Thinking Persons Answer To Christian Fundamentalism:**

*Atheist Universe* David Mills, 2006-08-04 Everywhere from the White House to local radio the Christian right loudly shouts their positions This book presents the alternative arguments those based on logic and science in a reasonable and straightforward fashion so reasonable people can understand the alternative

**Christian No More** Jeffrey Mark, 2008-08 Mark explores the deeper truths behind the Bible while discovering science logic and reason and ultimately revealing Christianity for what it really is

**You're Not As Crazy As I Think** Randal Rauser, 2012-01-06 Randal Rauser helps us learn how to truly dialog with those who have very differing opinions from us those we so often marginalize

Machado de Assis G. Reginald Daniel, 2012 Examines how racial identity and race relations are expressed in the writings of Joaquim Maria Machado de Assis 1839 1908 Brazil's foremost author of the late nineteenth and early twentieth centuries Provided by publisher

*To Hell with the Devil* Albertus Pretorius, 2024-04-30 This book asks Do we need the devil and demons to explain adversity bad behavior crime disease evil and failures Must we understand all allusion to the devil and demons in the holy Scriptures in a literal sense Do these beings really exist Or is Satan only a personification of all that is atrocious bad criminal disagreeable evil frightening gross horrible indecent and wrong It often happens that people live in fear and terror for the devil and his helpers all sorts of evil spirits sorcerers wizards and witches How realistic is this fear This is another ground breaking book by theologian and scholar Albertus Pretorius As in his previous books he manages to provide new insights regarding controversial biblical subjects In this case he deals with the existence or non existence of Satan and sinful spirits The author explores what the conventional beliefs on Satan entail as well as what a critical investigation of the holy Scriptures of Judaism Christianity and Islam can teach people of the twenty first century about these perilous and pestilential personages

*Who, Where, and What Is God?* Albertus Pretorius, 2022-03-03 The God worshiped by Jews Christians and Muslims never existed This book demonstrates clearly and decisively that it is impossible that the God of the sacred Scriptures deemed to be an omnipotent omnipresent omniscient caring benevolent and just creator and ruler of the universe could ever exist Should he be the creator who designed the universe then he would have been powerless to formulate any other axioms of mathematics logics jurisprudence or ethics that we do have and therefore he cannot be the highest authority in the universe Neither is he able to regulate the universe on a quantum level All these eternal and immutable axioms may nevertheless be described as the mind of an impersonal God This book is meant for theologians philosophers and everybody else interested in religious matters

*The Simpsons, Satire, and American Culture* M. Henry, 2012-09-25 How is The Simpsons a satirical artwork engaged with important social political and cultural issues In time for the twenty fifth anniversary Henry offers the first comprehensive understanding of the show as a satire and explores the ways in which The Simpsons participates in the so called culture war debates taking place in American society

**The Collapse of Darwinism** Greg Bredemeier, MD, 2016-03-17 Most people intuitively understand that Darwins theory of evolution natural selection

acting upon random mutations is a wholly inadequate theory for the creation of a human being. And most people feel unprepared to debate those scientists, professors, and scholars who use their academic authority to defend Darwinism, often bullying and belittling those of us who dare doubt Darwin. Now Bredemeier identifies and succinctly encapsulates why Darwinism fails. Using anatomy and physiology as only a physician can, Bredemeier exposes the errors and false logic that Darwinian acolytes continue to employ as they protect their mortally wounded theory. Any reader with a high school or college education will become armed with straightforward examples of exactly why Darwinism fails. From anatomy and physiology of the human body, including neuroscience, genetics, embryology, and other fascinating fields of the increasingly numerous biological sciences, Bredemeier provides indisputable and damning evidence for which academicians, scientists, and even Nobel laureates who zealously defend Darwinism have no adequate answer.

**Atheist Universe** David Mills, 2006-08-04 Using logic, common sense, philosophy, ethics, history, and science, the author rebuts every argument that claims to prove the existence of God. IS THERE REALLY A GOD OR DOES GOD EXIST ONLY IN OUR HEADS? IS THE BIBLE TRULY GOD'S WORD OR IS IT A JUMBLE OF FANCIFUL MYTHS? Atheist Universe details why God is unnecessary to explain the universe's diversity, organization, and beauty. Using simple, straightforward logic, this book rebuts every argument that claims to prove God's existence. A comprehensive primer for countering today's religious dogma, Atheist Universe addresses all the historical and scientific questions, including: What is atheism and why is it so misunderstood? If God is a myth, then how did the universe appear? Without God, is there an objective right and wrong? What is the meaning of life without God? Is there evidence of Jesus's miracles and resurrection? Can atheists explain near-death experiences and medical miracles? Can science and the Bible realistically be reconciled? What is behind the scenes relationship between politics and religion? An admirable work. Richard Dawkins: David's work will be very useful for anyone combating harmful religious beliefs. Honest, frank, and right to the point. Albert Ellis, Ph.D., father of modern psychotherapy, author of *A Guide to Rational Living*.

**The Qur'an in Christian-Muslim Dialogue** Corrie Block, 2013-10-08 Offering an analysis of Christian-Muslim dialogue across four centuries, this book highlights those voices of ecumenical tone which have more often used the Qur'an for drawing the two faiths together rather than pushing them apart and amplifies the voice of the Qur'an itself. Finding that there is tremendous ecumenical ground between Christianity and Islam in the voices of their own scholars, this book ranges from a period of declining ecumenism during the first three centuries of Islam to a period of resurging ecumenism during the most recent century until now. Among the ecumenical voices in the Christian-Muslim dialogue, this book points out that the Qur'an itself is possibly the strongest of those voices. These findings are cause for and evidence of hope for the Christian-Muslim relationship that although agreement may never be reached, dialogue has led at times to very real mutual understanding and appreciation of the religious other. Providing a tool for those pursuing understanding and mutual appreciation between the Islamic and Christian faiths, this book will be of interest to scholars and students of Islam, the Qur'an, and the history of

Christian Muslim relations      **The Homemade Atheist** Betty Brogaard,2010-03-23 In this personal memoir a former evangelical Christian shares her journey away from her confining faith toward a happier healthier nonreligious life Betty Brogaard was raised to be a good Christian By the time she was twenty years old she had joined a fundamentalist church She even met and married a young man who became a minister in the congregation However the more she came to understand Christianity from within the more she found herself asking questions instead of finding answers In *The Homemade Atheists* Betty shares her fascinating journey from the mental slavery of religion to the happiness she found in freethought Along the way and without malice she offers questions that challenge you to analyze your own beliefs exactly as she did over her years long journey Her transformation provides a wealth of insight is for anyone seeking a path to a nonreligious way of life

**Invisible Forces and Powerful Beliefs** Chicago Social Brain Network,2011 In this book a remarkable group of scientists physicians philosophers and theologians share profound insights into our deepest questions and the invisible forces and powerful beliefs that shape us They will challenge you and reward you with a richer understanding of who we are what we share and what it means      **The Varieties of Nonreligious Experience** Jerome P Baggett,2018-08-21 A fascinating exploration of the breadth of social emotional and spiritual experiences of atheists in America Self identified atheists make up roughly 5 percent of the American religious landscape comprising a larger population than Jehovah s Witnesses Orthodox Christians Muslims Buddhists and Hindus combined In spite of their relatively significant presence in society atheists are one of the most stigmatized groups in the United States frequently portrayed as immoral unhappy or even outright angry Yet we know very little about what their lives are actually like as they live among their largely religious and sometimes hostile fellow citizens In this book Jerome P Baggett listens to what atheists have to say about their own lives and viewpoints Drawing on questionnaires and interviews with more than five hundred American atheists scattered across the country *The Varieties of Nonreligious Experience* uncovers what they think about morality what gives meaning to their lives how they feel about religious people and what they think and know about religion itself Though the wider public routinely understands atheists in negative terms as people who do not believe in God Baggett pushes readers to view them in a different light Rather than simply rejecting God and religion atheists actually embrace something much more substantive lives marked by greater integrity open mindedness and progress Beyond just talking about or to American atheists the time is overdue to let them speak for themselves This book is a must read for anyone interested in joining the conversation      **Religion, the Universe and Evolution** Malcolm Smith,2013-07-11 Troubled by 70 years of vague and unsupported assertions by the church together with unanswered questions about God and mans place in the universe Malcolm Smith embarks on a down to earth no nonsense study and seeks for himself any evidence for a God or Intelligent Designer The result is this concise volume on the merits or otherwise of religion on the grandeur of the universe the incredibly elegant simplicity of evolution and on mans place in it all The book is both easy and fascinating to read No college degree is required just a healthy dose of common

sense a rare commodity these days an open mind would be a plus The down to earth style and occasional dash of humor helps avoid the dryness which often plagues similar works Rarely does a work of this nature in a single slim volume treat the subject in such an everyday manner The absence of vague long winded religious theospeak and absence of technical jargon that goes with most scientific works makes this book a pleasure to read This book is for all those looking for a little help in sorting out at least to their satisfaction what religion is all about and whether it has any place in their future That the reader will gain a basic insight into the workings of the universe and evolution is an added bonus Is there any scientifically acceptable evidence for the existence of a God The authors finding was a reluctant no but ironically led to a surprising realization that more than compensates for any perceived spiritual loss and left him far happier than he had hoped If the reader is moved to do his/her own thinking and reasoning even in dissent then the author will have succeeded It was an easy enjoyable read void of filler and left me with much thinking to do was a typical comment

**The Routledge Handbook of Contemporary Philosophy of Religion** Graham Oppy, 2015-04-17 Philosophy of religion has experienced a renaissance in recent times paralleling the resurgence in public debate about the place and value of religion in contemporary Western societies The Routledge Handbook of Contemporary Philosophy of Religion is an outstanding reference source to the key topics problems and debates in this exciting subject Comprising over thirty chapters by a team of international contributors the Handbook is divided into seven parts theoretical orientations conceptions of divinity epistemology of religious belief metaphysics and religious language religion and politics religion and ethics religion and scientific scrutiny Within these sections central issues debates and problems are examined including religious experience religion and superstition realism and anti-realism scientific interpretation of religious texts feminist approaches to religion religion in the public square tolerance religion and meta-ethics religion and cognitive science and the meaning of life Together they offer readers an informed understanding of the current state of play in the liveliest areas of contemporary philosophy of religion The Routledge Handbook of Contemporary Philosophy of Religion is essential reading for students and researchers of philosophy of religion from across the Humanities and Social Sciences

**Is God A Delusion?** Eric Reitan, 2011-09-23 Is God a Delusion addresses the philosophical underpinnings of the recent proliferation of popular books attacking religious beliefs Winner of CHOICE 2009 Outstanding Academic Title Award Focuses primarily on charges leveled by recent critics that belief in God is irrational and that its nature ferments violence Balances philosophical rigor and scholarly care with an engaging accessible style Offers a direct response to the crop of recent anti-religion bestsellers currently generating considerable public discussion

*The Religious Condition* Jason Long, 2008-12 The Bible is not the word of God The Religious Condition is a broad look at the factors that drive Christians to believe otherwise This part philosophical part scientific overview explores the psychological and sociocultural influences that subtly provoke Christians to maintain their antiquated views of the universe While billions of people around the world have merely assumed the solid validity of the Bible The Religious

Condition presents a series of profound questions regarding the implications of such premature assuredness. In addition to the conclusions from actual psychological studies that support these viewpoints, covered topics include the various ways that Christians approach scientific conflicts, the defense of a perfectly moral god who commits immoral acts, the illogical methods of argumentation that Christians invoke in the maintenance and defense of their beliefs, and disingenuous methods utilized by those who wish to defend the idea that religious beliefs are based on reason instead of faith. *The Religious Condition* answers actual reader responses to the previous works of Jason Long, a former Christian. His fresh experiences in the church and advanced levels of educational enlightenment make him the perfect individual to present this vehemently unpopular yet undeniably appealing topic. *The Pentagon of Faith: A Christian's Need for the Traditional Faith of our Fathers* Rev. Dr. Donald R. Hayes, DTh, ASF, 2012-08-01. Sacred Theism vs Secular Humanism outlines original sin and the forces of good vs evil working in our world today. Introduction to the Study of Religion Hillary P. Rodrigues, John S. Harding, 2008-08-20. Why do people study religion? How have they studied it in the past? How do we study religion today? Is the academic study of religion the same as religious education? These and many other questions are addressed in this engaging introduction to the discipline of religious studies, written by two experienced university teachers. The authors have crafted this book to familiarize novice students with key concepts and terminology in the study of religion. More advanced students will find a varied array of theoretical perspectives and methodological approaches to the field. Topics include definitions of religion, perspectives in the study and teaching of religion, how religion began to be studied, traditional perspectives, philosophical and theological, how people experience religion, perspectives in the study of religious consciousness and perception, phenomenological and psychological, studying religion within communities, social and cultural perspectives, anthropological, sociological, political and economic, judging religion, critical perspectives, feminist approaches, the interaction of popular literature and religion, contextual perspectives, historical and comparative. The book encourages students to think critically about the theories and methods presented. Students will find arguments for the strengths and limitations of these approaches, understand connections among religious studies and other intellectual movements, and develop their own ideas of how they might want to go about the study of religion. Summary boxes, a timeline, a glossary, and other pedagogic aids help students grasp key concepts along with a companion website at [www.sastor.com](http://www.sastor.com). **Pounding on Bible-Thumpers** C. Boyd Pfeiffer, 2017-11-10.

Thank you very much for reading **Atheist Universe The Thinking Persons Answer To Christian Fundamentalism**. Maybe you have knowledge that, people have look numerous times for their chosen readings like this Atheist Universe The Thinking Persons Answer To Christian Fundamentalism, but end up in malicious downloads. Rather than enjoying a good book with a cup of tea in the afternoon, instead they juggled with some harmful bugs inside their desktop computer.

Atheist Universe The Thinking Persons Answer To Christian Fundamentalism is available in our book collection an online access to it is set as public so you can get it instantly.

Our books collection saves in multiple locations, allowing you to get the most less latency time to download any of our books like this one.

Kindly say, the Atheist Universe The Thinking Persons Answer To Christian Fundamentalism is universally compatible with any devices to read
