*Nuclear Energy*, 1995      HIV Infections and Zoonoses Paolo Pasquali, Food and Agriculture Organization of the United Nations, 2004 Infections between animals and humans are truly complex and health care providers should be aware of the potential role of animals in infectious diseases of HIV infected patients The aim of this guideline is to outline the most important zoonoses that play a significant role in the epidemiology of AIDS and to provide a practical and manageable tool for health workers involved in the care of HIV infected humans      **Control of contagious bovine pleuropneumonia - A policy for coordinated actions** Food and Agriculture Organization of the United Nations, 2019-03-27 Contagious bovine pleuropneumonia CBPP is an insidious disease that lingers in herds causing significant morbidity and mortality The policies to address the control and management of CBPP are in disarray at both the national and international levels There has not been significant improvement in the efficacies of available vaccines or diagnostic assays for several decades Classic strategies of mass vaccination and strict movement control that once were perceived as successful in rolling back the disease have largely fallen due to high costs concerns of declining impact and growing public resistance Officially treatment with antibiotics is discouraged or prohibited yet their use is widespread CBPP is by all means an enigmatic disease whose control probably requires a new paradigm or out of the box thinking and executing approach The purpose of this document is to provide an evidence based policy for the implementation of sound control of CBPP by all stakeholders at all levels global regional and national It describes a road map to CBPP control that is cognizant of the situation on the ground While not being prescriptive the document includes examples of combinations of interventions and control measures that should offer the opportunity to improve impact and hence offer better livelihoods to livestock producers      **Seloc Mercury/Mariner Outboards, 1990-00 Repair Manual** Scott A.
