Superpower Britain is the first book to focus in depth on this fascinating counterpoint and to fully integrate the history of Britain and the effects of the Second World War with the history of the British Empire It explains what the British planned to do in the post war world why they thought their plans for regeneration and the future world order were viable and what the war had actually done to British world power and its imperial foundations *God the Creator Bible Study Guide plus Streaming Video* Randy Frazee, 2021-06-22 Heaven and earth are woven more closely together than we might think In this 8 session video Bible study streaming included enter the creation of the world and the first movements of God s perfect plan to deliver his people Throughout the Bible from its very first pages to the culmination of Christ s return there are two parallel dramas unfolding The lower story which describes the events from our human perspective The upper story which reveals how the events unfold from God s perspective The objective of God the Creator the first in a series of three small group studies in The Story series is to introduce you to these lower and upper stories as told in the Old Testament books of Genesis through Ruth As you read these narratives featuring characters such as Adam Eve Abraham Sarah Joseph Moses Joshua Gideon and Ruth you will see how God has been weaving our lower story into the greater upper story that he has been writing This study guide has everything you need for a full Bible study experience including The study guide itself with discussion and reflection questions video notes and Scripture readings An individual access code to stream all eight video sessions online you don t need to buy a DVD Sessions include The Beginning of Life as We Know It Genesis 1 11 God Builds a Nation Genesis 12 36 From Slave to Deputy Pharaoh Genesis 37 50 Deliverance Exodus 1 17 Wanderings Exodus 18 Numbers 27 The Battle Begins Joshua 1 24 A Few Good Men and Women Judges 1 21 The Faith of a Foreign Woman Ruth 1 4 The God the Creator Study Guide is part of The Story Bible Study Series a three part Bible study drawn from Randy Frazee s bestselling The Story which reveals the Bible as a single continuous narrative of God and his people Streaming video access code included Access code subject to expiration after 12 31 2027 Code may be redeemed only by the recipient of this package Code may not be transferred or sold separately from this package Internet connection required Void where prohibited taxed or restricted by law Additional offer details inside Joseph Kandel, Christine A. **US Hegemony and International Legitimacy** Lavina Rajendram Lee, 2010-02-05 This book examines US hegemony and international legitimacy in the post Cold War era focusing on its leadership in the two wars on Iraq The preference for unilateral action in foreign policy under the Bush Administration culminating in the use of force against Iraq in 2003 has unquestionably created a crisis in the legitimacy of US global leadership Of central concern is the ability of the United States to act without regard for the values and interests of its allies or for international law on the use of force raising the question does international legitimacy truly matter in an international system dominated by a lone superpower US Hegemony and International Legitimacy explores the relationship between international legitimacy and hegemonic power through an in depth examination of two case studies the Gulf Crisis of 1990 91 and the Iraq Crisis of 2002 03 and examines the extent to

which normative beliefs about legitimate behaviour influenced the decisions of states to follow or reject US leadership The findings of the book demonstrate that subordinate states play a crucial role in consenting to US leadership and endorsing it as legitimate and have a significant impact on the ability of a hegemonic state to maintain order with least cost Understanding of the importance of legitimacy will be vital to any attempt to rehabilitate the global leadership credentials of the United States under the Obama Administration This book will be of much interest to students of US foreign policy IR theory and security studies Lavina Rajendram Lee is a lecturer in the Department of Modern History Politics and International Relations at Macquarie University Australia and has a PhD in International Relations from the University of Sydney
