Roger Z. George, 2020-02-03 This textbook introduces students to the critical role of the US intelligence community within the wider national security decision making and political process Intelligence in the National Security Enterprise defines what intelligence is and what intelligence agencies do but the emphasis is on showing how intelligence serves the policymaker Roger Z George draws on his thirty year CIA career and more than a decade of teaching at both the undergraduate and graduate level to reveal the real world of intelligence Intelligence support is examined from a variety of perspectives to include providing strategic intelligence warning daily tactical support to policy actions as well as covert action The book includes useful features for students and instructors such as excerpts and links to primary source documents suggestions for

further reading and a glossary India's Africa Policy Philipp Gieg, 2023-06-03 The book analyses how India's rise to the status of an emerging power has affected New Delhi's Africa policy after sketching the historical evolution and normative underpinnings of Indo-African relations and what challenges it has brought for New Delhi's engagement with the continent. India and Africa share a history dating back millennia. Today India is one of Africa's biggest trading partner countries, second only to China. The country regularly extends lines of credit worth billions to African nations and its pharmaceutical producers dominate many African markets; almost one fifth of India's oil imports and more than one quarter of its natural gas imports come from the continent. However, relations between India and Africa are far from being limited to economic cooperation. The book scrutinises three foreign policy fields: 1. India's foreign economic policy towards Africa with an in-depth analysis of Indo-African trade, investment and lines of credit; 2. New Delhi's development cooperation policy vis-à-vis Africa, its principles, instruments and volume; 3. India's politico-diplomatic foreign and security policy vis-à-vis Africa, including New Delhi's high-level diplomacy, security and diaspora policy as well as multilateral Africa policy. **Righting the Balance** Daniel Paul Serwer, 2013. Civilians are troops in meeting today's needs. *America's Foreign Policy Toolkit* Charles A. Stevenson, 2012-10-02. How is foreign policy in the United States really crafted? Who does the work? How are the various activities of the many key participants coordinated and controlled? In *America's Foreign Policy Toolkit: Key Institutions and Processes*, Charles A. Stevenson identifies for students what the key foreign policy tools are, clarifies which tools are best for which tasks, describes the factors that constrain or push how they're used, and provides fresh insight into the myriad challenges facing national security decisionmakers. Written in an engaging style with case examples drawn from behind the scenes, Stevenson brings depth and dimension to the sophisticated pathways and instruments of American foreign policy, from the State Department to the intelligence agencies to the Commerce Department and beyond. In this brief text for American foreign policy and national security courses, Stevenson focuses on the institutions and processes of foreign policy, beginning with a look at the historical context and then looking in turn at the tools available to the president, Congress, and the shared budgetary tools. The following part, *Using the Tools*, looks at the diplomatic, economic, military, intelligence, homeland security, and international institutions instruments. Stevenson concludes with chapters that consider the important constraints and limitations of the U.S. toolkit. Each chapter ends with a case study that allows readers to connect the theory of the toolkit with the realities of decisionmaking. Highlights of the text's coverage include: A sustained analysis of the U.S. Constitution as a response to security threats in the 1780s, providing a strong historical foundation on and springboard for discussion of this basic document in terms of national security powers. Comprehensive coverage of the congressional role overseeing all other policy instruments, showing Congress as an active player in all aspects of foreign policy. Analysis of the full spectrum of agencies and activities involved in foreign economic policy, covering the numerous organizations involved in foreign economic policy, the weak coordinating mechanisms, and the various processes: sanctions, trade, foreign assistance, direct investment.

used as policy tools A consistent framework for analyzing each instrument authorities capabilities personnel culture internal factions and the role of Congress which makes comparative analyses of U S institutions simple and direct An illuminating overview of the budget process through both the executive and legislative branches acknowledging the budget process as a shared policy tool with conflict and feedback rather than as a linear process A discussion of homeland security instruments and international organizations used as policy tools highlighting the relevance of these new and often overlooked instruments and A survey of recommendations for reform and the difficulties involved providing possible explanations of foreign policy failures and alternative organizations and processes This must have text for courses on American foreign policy will be a crucial reference that students will keep on the shelf long after the last class Multilateralism and U.S. Foreign Policy Stewart Patrick,Shepard Forman,2002 Puzzled by the disjunction between global trends and US foreign policy since the end of the Cold War mostly American scholars of political science law and economics explore the causes and consequences of US ambivalence to multilateral cooperation They consider such dimensions as the growing influence of domestic factors US grand strategy the chemical weapons convention and the International Criminal Court Annotation copyrighted by Book News Inc Portland OR **The Internal Revenue Service's Processing of 501(c)(3) and 501(c)(4) Applications for Tax-exempt Status Submitted by "political Advocacy" Organizations from 2010-2013** United States. National Security Entrepreneurs and the Making of American Foreign Policy Vincent Boucher,Charles-Philippe David,Karine Prémont,2020-11-12 Since the advent of the contemporary US national security apparatus in 1947 entrepreneurial public officials have tried to reorient the course of the nation s foreign policy Acting inside the National Security Council system some principals and high ranking officials have worked tirelessly to generate policy change and innovation on the issues they care about These entrepreneurs attempt to set the foreign policy agenda frame policy problems and solutions and orient the decision making process to convince the president and other decision makers to choose the

course they advocate In *National Security Entrepreneurs and the Making of American Foreign Policy* Vincent Boucher Charles Philippe David and Karine Pr mont develop a new concept to study entrepreneurial behaviour among foreign policy advisers and offer the first comprehensive framework of analysis to answer this crucial question why do some entrepreneurs succeed in guaranteeing the adoption of novel policies while others fail They explore case studies of attempts to reorient US foreign policy waged by National Security Council entrepreneurs examining the key factors enabling success and the main forces preventing the adoption of a preferred option the entrepreneur s profile presidential leadership major players involved in the policy formulation and decision making processes the national political context and the presence or absence of significant opportunities By carefully analyzing significant diplomatic and military decisions of the Johnson Nixon Reagan and Clinton administrations and offering a preliminary account of contemporary national security entrepreneurship under presidents George W Bush Barack Obama and Donald Trump this book makes the case for an agent based explanation of foreign policy change and continuity

Ethnic Lobbies and US Foreign Policy David M. Paul, Rachel Anderson Paul, 2009
Dozens of ethnic groups work determinedly to achieve specific policy goals in Washington but to what degree do they actually wield power Which groups are the most influential and why David Paul considers the relative impact of 38 ethnic lobbies to determine whether and if so how they affect the course of US foreign policy Paul systematically examines the impact of ethnic group influence in six policy areas aid immigration human rights security trade and energy He also compares the influence of ethnic lobbies to that of other actors including business groups the media and foreign lobbyists Challenging the conventional wisdom he effectively draws on both qualitative and quantitative methods to shed needed light on this often heatedly contentious subject
