ITNG 2021 18th International Conference on Information Technology-New Generations Shahram Latifi, 2021-06-04. This volume represents the 18th International Conference on Information Technology New Generations. ITNG 2021 is an annual event focusing on state-of-the-art technologies pertaining to digital information and communications. The applications of advanced information technology to such domains as astronomy, biology, education, geosciences, security, and health care are among topics of relevance to ITNG. Visionary ideas, theoretical and experimental results, as well as prototypes, designs, and tools that help the information readily flow to the user are of special interest. Machine Learning, Robotics, High Performance Computing, and Innovative Methods of Computing are examples of related topics. The conference features keynote speakers, a best student award, poster award, service award, a technical open panel, and workshops. Exhibits from industry, government, and academia. This publication is unique as it captures modern trends in IT with a balance of theoretical and experimental work. Most other work focuses either on theoretical or experimental but not both. Accordingly, we do not know of any competitive literature.
