**Embodying Youth** Wesley Ellis,Michael Langford,2020-05-21 Embodying Youth Exploring Youth Ministry and Disability seeks to help close the gap between disability theology and youth ministry education What is youth ministry And who is it for Christian youth workers and ministers in the West have been answering these questions either implicitly or explicitly for decades The ways we answer these questions and the ways in which we go about answering them have huge implications with regards to the faithfulness and effectiveness of the church s ministry with young people These questions have not always been pursued with the experience of disability in mind In fact it is often excluded not only from the academic field but

from the church's practice of youth ministry as well. In this book, scholars and youth workers seek to attend to the questions of youth ministry by putting the experience of disability at the forefront with hope not only that the church might include young people with disabilities but also that our very understanding of what youth ministry is and who youth ministry is for might be transformed for the sake of the gospel. **The End of Youth Ministry?** (Theology for the Life of the World) Andrew Root, 2020-03-17 What is youth ministry actually for? And does it have a future? Andrew Root, a leading scholar in youth ministry and practical theology, went on a one-year journey to answer these questions. In this book, Root weaves together an innovative first-person fictional narrative to diagnose the challenges facing the church today and to offer a new vision for youth ministry in the 21st century. Informed by interviews that Root conducted with parents, this book explores how parents' perspectives of what constitutes a good life are affecting youth ministry. In today's culture, youth ministry can't compete with sports, test prep, and the myriad other activities in which young people participate. Through a unique parable style story, Root offers a new way to think about the purpose of youth ministry: not happiness but joy. Joy is a sense of experiencing the good. For youth ministry to be about joy, it must move beyond the youth group model and rework the assumptions of how identity and happiness are imagined by parents in American society.

**Converting Witness** David W. Congdon, John G. Flett, 2019-06-05 Building on the work and legacy of Darrell L. Guder, *Converting Witness: The Future of Christian Mission in the New Millennium* explores key questions and new possibilities in missiology in light of the world Christian context. The conversation around missional theology and the missional church has examined the gap between theology and mission with the intent of fostering renewal within North American Christianity. But this can only fully occur in relation to the reality of world Christianities and the framing significance of global cultural diversity. Many of the classic categories and methods such as church planting, catholicity, and even the term world Christianity itself are in need of fresh examination and thoughtful analysis. The contributors to this volume address a range of important missiological topics including globalization, interfaith dialogue, integral mission, intercultural hermeneutics, and church practices.

**Disabling Mission, Enabling Witness** Benjamin T. Conner, 2018-07-03

How would it look if we disabled Christian theology, discipleship, and theological education? **Disability and Evangelism** Rochelle

Scheuermann, 2026-04-21. Including People with Disabilities Is Essential to Your Church's Witness. God wants people of all abilities to be active participants in his kingdom. But churches have not always made it clear that people with disabilities are both part of God's story and fully welcome in their communities. If the church is to be a credible witness, it must reach and include people with disabilities within its evangelism mission and everyday life. In *Disability and Evangelism*, Rochelle Scheuermann casts a vision for including people with disabilities in all aspects of evangelism: from how we understand and tell the gospel story to how we evangelize to and with people with disabilities. This groundbreaking book invites us to reshape our evangelism theology and practice so that people with disabilities are central in all we think, say, and do. Scheuermann uncovers how God's story in Scripture responds to the complexities of disability and provides both the means and message to share good news among people of all abilities. She then explores issues of evangelism practice, including how we understand conversion, an expanded understanding of accommodation, and pursuing interdependence in ministry. In *Disability and Evangelism*, you will gain a biblical understanding of both disability and evangelism, hear stories from people with a range of disabilities, study evangelism practices that go beyond traditional approaches, and learn key for doing evangelism with and among people with disabilities. Understand why many people with disabilities feel excluded from and do not attend church, and engage with discussion questions in each chapter. This book shows how the gospel really is good news for people of all abilities. Understanding and embracing disability is not only a matter of compassion and justice. People with disabilities will help the church to counteract faulty visions of power, autonomy, and self-promotion, and to encounter the good news of Jesus more deeply. If you're looking for a resource that invites people with disabilities to be both recipients and active participants in God's mission, *Disability and Evangelism* is for you. About the Series: Center for Disability and Ministry books explore the intersection of disability and practical theology in partnership with the Center for Disability and Ministry at Western Theological Seminary. Co-edited by Benjamin T. Conner and John Swinton, this series explores key issues in disability theology through the framework of practical theology, aiming to increase knowledge as well as faithfully impact Christian practice.
