, 2002. **Gardens of Philadelphia & the Delaware Valley** William M. Klein, 1995. Once mostly rolling hills and valleys covered with hardwood forest in the seventeenth century, contemporary Philadelphia and the Delaware Valley now claim the largest concentration of many of the finest public and private gardens in the world. William M. Klein explores the broader attitudes and behaviors toward nature that have influenced this development of colonial farms and gardens created for survival, to the art of suburban gardens, to nature conservatories, and public parks. Discover how in 300 years we have moved from fencing nature out to fencing nature in. Out of the past, examine the worm fence at Colonial Pennsylvania Plantations overgrown by weeds as it would have been during Colonial times, zigzagging across the fields tenuously holding back the
