Building an Information Security Awareness Program Mark B. Desman, 2001-10-30 In his latest book a pre

eminent information security pundit confessed that he was wrong about the solutions to the problem of information security. It's not technology that's the solution but the human factor: people. But even infosec policies and procedures are insufficient if employees don't know about them or why they're important or what can happen. *A Business Guide to Information Security* Alan Calder, 2005. Nontechnical, simple and straightforward, this handbook offers valuable advice to help managers protect their companies from malicious and criminal IT activity. *Information Security Management Handbook, Volume 6* Harold F. Tipton, Micki Krause Nozaki, 2016-04-19. Updated annually, the *Information Security Management Handbook* Sixth Edition Volume 6 is the most comprehensive and up-to-date reference available on information security and assurance. Bringing together the knowledge, skills, techniques and tools required of IT security professionals, it facilitates the up-to-date understanding required to stay
