Harvey, 2006-01-08 Three trailblazers for education reform in the Sunbelt South In southern politics 1970 marked a
watershed A group of southern governors entered office that year and changed both the way the nation looked at the South
and the way the constituents of those states viewed themselves Reubin Askew in Florida John West in South Carolina Jimmy
Carter in Georgia and Albert Brewer in Alabama all represented a new breed of progressive moderate politician that helped
demolish Jim Crow segregation and the dual economies societies and educational systems notorious to the Sunbelt South
Historian Gordon Harvey explores the political lives and legacies of three of these governors examining the conditions that
led to such a radical change in political leadership the effects their legislative agendas had on the identity of their states and
the aftermath of their terms in elected office A common thread in each governor's agenda was educational reform Albert
Brewer's short term as Alabama governor resulted in a sweeping education package that still stands as the most progressive
the state has seen Reubin Askew far more outspoken than Brewer won the Florida gubernatorial election through a campaign
that openly promoted desegregation busing and tax reform as a means of equal school funding John West's commitment to a
policy of inclusion helped allay fears of both black and white parents and made South Carolina's one of the smoothest
transitions to integrated schools As members of the first generation of New South governors Brewer Askew and West played
the role of trailblazers Their successful assaults on economic and racial injustice in their states were certainly aided by such

landmark events as Brown v Board of Education the civil rights movement and the expansion of voting rights all of which sounded the death knell for the traditional one party segregated South But in this critical detailing of their work for justice we learn how these reform minded men made education central to their gubernatorial terms and in doing so helped redefine the very character of the place they called home CIS Index to Publications of the United States Congress Congressional Information Service,1994 **Farmers' Review** ,1899
