Bowker Company. Department of Bibliography, 1978-11 The Publishers' Trade List Annual ,1985 Happiness Abu Hamid Muhammad al-Ghazzali, Elton D. Daniel, Claud Field, 2015-03-04 Abu Hamid Muhammad al Ghazzali 1058 1111 is one of the most important religious figures in Islamic history He is particularly noted for his brilliant synthesis of mysticism and traditional Sunni Islam Ghazzali s The Alchemy of Happiness written toward the end of his life provides a succinct introduction to both the theory and practice of Sufism Islamic mysticism It thus offers many insights into traditional Muslim society This translation is fully annotated for readers unfamiliar with Ghazzali and includes an introduction to his life and historical milieu Paperbound Books in Print ,1991 The Alchemy of Happiness Ghazzālī,2017-07-17 The book was originally written by Imam Ghazali in Persian It is a compendium of some chapters of his main work Ihya Ulum al Din If one consults the corresponding chapters in the Ihya one would find that many of the arguments presented here also discussed there in details Source Ghazali Kimya al Sa ada The Alchemy of Happiness The Alchemy of Happiness Al Ghazali,1980-01-01 KNOWLEDGE of self is the key to the knowledge of God according to the saying He who knows himself knows God and as it is Written in the Koran We will show them Our signs in the world and themselves that the truth may be manifest to them Now nothing is nearer to thee than thyself and if thou knowest not thyself how canst thou know anything else If thou sayest I know myself meaning thy outward shape body face limbs and so forth such knowledge can never be a key to the knowledge of God Nor if thy knowledge as to that which is within only extends so far that when thou art hungry thou eatest and when thou art angry thou attackest some one wilt thou progress any further in this path for the beasts are thy partners in this But real self knowledge consists in knowing the following things What art thou in thyself 1 Traditional saying of Muhammad and from whence hast thou come Whither art thou going and for what purpose hast thou come to tarry here awhile and in what does thy real happiness and misery consist Some of thy attributes are those of animals some of devils and some of angels and thou hast to find out which of these attributes are accidental and which essential Till thou knowest this thou canst not find out where thy real happiness lies The occupation of animals is eating sleeping and fighting therefore if thou art an animal busy thyself in these things Devils are busy in stirring up mischief and in guile and deceit if thou belongest to them do their work Angels contemplate the beauty of God and are entirely free from animal qualities if thou art of angelic nature then strive towards thine origin that thou mayest know and contemplate the Most High and be delivered from the thraldom of lust and anger Thou shouldest also discover why thou hast been created with these two animal instincts whether that they should subdue and lead thee captive or whether that thou shouldest subdue them and in thy upward progress make of one thy steed and of the other thy weapon The first step to self knowledge is to know that thou art composed of an outward

shape called the body and an inward entity called the heart or soul By heart I do not mean the piece of flesh situated in the left of our bodies but that which uses all the other faculties as its instruments and servants In truth it does not belong to the visible world but to the invisible and has come into this world as a traveller visits a foreign country for the sake of merchandise and will presently return to its native land It is the knowledge of this entity and its attributes which is the key to the knowledge of God The Alchemy of Happiness Abu Al-Ghazzali, 2021-10-12 The Alchemy of Happiness is a work of Islamic philosophy by Persian theologian philosopher mystic and moralist Al Ghazzali Written around AD 1105 this was one of many works by the great man to help Muslims clarify which aspects of contemporary philosophy contradicted the faith and which supported it In middle age Al Ghazzali was in the midst of a successful career as a well known educator and guest at the court of a powerful vizier Despite his accomplishments he abandoned his lucrative posts in AD 1095 and disposed of his wealth electing to live as an ascetic and mystic He chose not to teach at state sponsored schools anymore opting for a life of seclusion and teaching at smaller donation supported schools He was considered one of the renewers of Islam who are said to appear at the start of each century to cleanse the faith and keep it pure This belief was supported by Al Ghazzali s writing He wrote over seventy works during his lifetime with another twenty attributed to him but unconfirmed Near the beginning of the twelfth century Al Ghazzali wrote The Alchemy of Happiness It is a shorter Persian version of his previous work The Revival of Religious Sciences originally written in Arabic It is one of his many works of Sufism and is considered Al Ghazzali s most important Persian writing The first four chapters of this book are commentary on the famous traditional saying from Muhammad He who knows himself knows God In the first chapter Al Ghazzali explains the knowledge of the self Each of us has attributes of animals devils and angels he writes and it is up to us to determine which are which Rather than indulging in earthly pleasures that come to us from our more brutish instincts we should strive toward our angelic selves and Contemplate the beauty of God The second chapter is concerned with the knowledge of God Starting from the premise that man did not make himself and that everything mortal man needs has been provided from the storehouse of creation we begin to become aware of God's mercy and love The events of a lifetime even illness and suffering are designed to lead individuals to God In the next chapter we learn about the world as it is It is a place where we are put to prepare for our future journey that is to prepare for the afterlife If we spend our time caring for our bodies and nourishing our souls through knowledge and love of God we will be prepared for the next phase of our journeys to happiness The final step in the alchemy is the knowledge of the next world Each man possesses two souls an animal and an angelic soul The animal soul emits from the heart and powers the organs and limbs of the body When that heart ceases to beat the animal soul dies The angelic soul is not tied to the body so when the animal soul dies the angelic soul is freed If that soul was tied to earthly pleasures like money and family it will suffer from the loss of them But if the soul had a lesser connection to the world and a stronger connection to God then it will rejoice and be at peace The remaining chapters of the book go into greater detail about religious life

exploring music self examination and marriage as either aids or detractors to the work of the angelic soul The primary thesis of The Alchemy of Happiness is that a life of self discipline and devotion to God is fundamental to the joy of living Al Ghazzali s legacy was to bring Sufism or Islamic mysticism into the orthodoxy of Islam He is considered by some to be the most important Muslim after the prophet Muhammad and he was given the title The Proof of Islam during his life of Happiness Abu Hamed Al Ghazali, 2011-10 Abu H med Mohammad Al Ghazz l was born in the city of Tus Persia in the year 1058 Al Ghazali was a polymath and wrote authoritatively on jurisprudence theology and philosophy But his world view was decidedly mystical and he soon joined the Sufi Brotherhood an esoteric group viewed with suspicion by orthodox Muslim clerics of his day Following a spiritual crisis at the age of 37 he resigned from his professorship in Baghdad and retired from the world to practice sufi spiritual disciplines It was during this time Al Ghazali wrote his masterwork Ihya ul ulumuddin The Revival of the Religious Sciences which finally won acceptance for Sufism in Islam and the respect of Medieval western scholars such as St Thomas Aguinas The Alchemy of Happiness is Al Ghazali's own abridgement of this colossal work Full of wisdom and compassion The Alchemy of Happiness is replete with telling comparisons and penetrating allegories It is a book that works upon the innermost soul forcing the reader to view his True Self with all its inadequacies and offering a path to Union with God through Love The Alchemy Of Happiness Hardcover Al-Ghazzali, 2023-01-08 The Alchemy of Happiness was written by Al Ghazzali a Persian theologian and philosopher Upon its release The Alchemy of Happiness allowed Al Ghazzali to considerably reduce the tensions between the scholars and mystics It thus offers many insights into traditional Muslim society The Alchemy of Happiness emphasized the importance of observing the ritual requirements of Islam the actions that would lead to salvation and avoidance of sin Ghazzali finally won acceptance for Sufism in Islam and his methods of argument and analysis powerfully impressed the scholars of the West who imitated him extensively About the Author Al Ghazali c 1056 1111 was one of the most prominent and influential philosophers theologians jurists and mystics of Sunni Islam He was active at a time when Sunni theology had just passed through its consolidation and entered a period of intense challenges He is generally acclaimed as the most influential thinker of medieval Islam His writings have been regarded as the greatest in spirituality and have been for centuries the most read work after the Qur an in the Muslim world **Alchemy of Happiness** Mohammed Al Ghazzali, 2015-03-29 Upon its release The alchemy of happiness allowed Al Ghazzali to considerably reduce the tensions between the scholars and mystics The alchemy of happiness emphasized the importance of observing the ritual requirements of Islam the actions that would lead to salvation and avoidance of sin The factor that set The alchemy of happiness apart from other theological works at the time was its mystical emphasis on self discipline and asceticism Al Ghazzali had succeeded in gaining widespread acceptance for Sufism however he did so at the expense of the philosophers despite the fact that his goal was to refute them The Alchemy of Happiness Sh.
