Mapping Home in Contemporary Narratives Aleksandra Bida, 2018-09-22 By offering an analysis of the idea of home across the individual interpersonal social and global scales Mapping Home aims to show the extent to which self concept is deeply tied to constructions of home in a globally mobile age The epistemological link between dwelling as knowing oneself and the experience of welcome as key to being able to map one s place s in the world are examined through Martin Heidegger s concept of dwelling Zygmunt Bauman s notion of liquid modernity Jacques Derrida s exploration of hostile hospitality and Kwame Anthony Appiah s sense of cosmopolitanism as border crossing conversation To further explore these ideas the book draws on multimodal literature and films that span genres including

gothic horror fantasy and science fiction thoughtful comedies and politically nuanced tragedies The quality that deeply links the texts is their ability to illuminate the stabilities and mobilities through which home not only mediates but also integrates an individual's diverse experiences of belonging in different locations as well as on different geocultural scales from the intimate household to the more abstract hometown or homeland and beyond

Crow, 2016-07-26 This book examines Southern Gothic a term that describes some of the finest works of the American Imagination But what do Southern and Gothic mean and how are they related Traditionally seen as drawing on the tragedy of slavery and loss Southern Gothic is now a richer more complex subject Thirty five distinguished scholars explore the Southern Gothic under the categories of Poe and his Legacy Space and Place Race Gender and Sexuality and Monsters and Voodoo The essays examine slavery and the laws that supported it and stories of slaves who rebelled and those who escaped Also present are the often neglected issues of the Native American presence in the South socioeconomic class the distinctions among the several regions of the South same sex relationships and norms of gendered behaviour This handbook covers not only iconic figures of Southern literature but also other less well known writers and examines gothic imagery in film and in contemporary television programmes such as True Blood and True Detective **The Southern Review** , 2003 Tracking Classical Monsters in Popular Culture Liz Gloyn, 2020 What is it about ancient monsters that popular culture still finds so enthralling Why do the monsters of antiquity continue to stride across the modern world In this book the first in depth study of how post classical societies use the creatures from ancient myth Liz Gloyn reveals the trends behind how we have used monsters since the 1950s to the present day and considers why they have remained such a powerful presence in our shared cultural imagination She presents a new model for interpreting the extraordinary vitality that classical monsters

have shown and their enormous adaptability in finding places to dwell in popular culture without sacrificing their connection to the ancient world Her argument takes her readers through a comprehensive tour of monsters on film and television from the much loved creations of Ray Harryhausen in Clash of the Titans to the monster of the week in Hercules The Legendary Journeys before looking in detail at the afterlives of the Medusa and the Minotaur She develops a broad theory of the ancient monster and its life after antiquity investigating its relation to gender genre and space to offer a bold and novel exploration of what keeps drawing us back to these mythical beasts From the siren to the centaur all monster lovers will find something to enjoy in this stimulating and accessible book
