Time and Eternity in Jewish Mysticism Brian Ogren, 2015-01-27 Time and eternity are concepts that have occupied an important place within Jewish mystical thought This present volume gives pride of place to these concepts and is one of the first works to bring together diverse voices on the subject It offers a multivalent picture of the topic of time and eternity not only by including contributions from an array of

academics who are leaders in their fields but by proposing six diverse approaches to time and eternity in Jewish mysticism the theoretical approach to temporality philosophical definitions the idea of time and pre existence the idea of historical time the idea of experiential time and finally the idea of eternity beyond time This multivocal treatment of Jewish mysticism and time as based on variant academic approaches is novel and it should lay the groundwork for further discussion and exploration Abraham Abulafia Moshe Idel,2002 *Imagery Techniques in Modern Jewish Mysticism* Daniel Reiser,2018-07-09 This book analyzes and describes the development and aspects of imagery techniques a primary mode of mystical experience in twentieth century Jewish mysticism These techniques in contrast to linguistic techniques in medieval Kabbalah and in contrast to early Hasidism have all the characteristics of a full screenplay a long and complicated plot woven together from many scenes a kind of a feature film Research on this development and nature of the imagery experience is carried out through comparison to similar developments in philosophy and psychology and is fruitfully contextualized within broader trends of western and eastern mysticism *Jewish Mysticism and Kabbalah* Frederick E. Greenspahn,2011-11-01 Over the past generation scholars have devoted increasing attention to the diverse forms that Jewish mysticism has taken both in the past and today what was once called nonsense by Jewish scholars has generated important research and attention both within the academy and beyond as demonstrated by the popular fascination with figures such as Madonna and Demi Moore and the growing interest in spirituality In Jewish Mysticism and Kabbalah leading experts introduce the history of this scholarship as well as the most recent insights and debates that currently animate the field in a way that is accessible to a broad audience From mystical outpourings in ancient Palestine to the Kabbalah Centre and from attitudes towards gender to mystical contributions to Jewish messianic movements this volume explores the various expressions of Jewish mysticism from antiquity to the present day in an engaging style appropriate for students and non specialists alike *Studies in Medieval Jewish Intellectual and Social History* David Engel, Lawrence H. Schiffman, Elliot R. Wolfson,2012-01-20 Thirteen leading scholars offer a fresh look at four key topics in medieval Jewish studies the history of Jewish communities in Western Christendom Jewish Christian interactions in medieval Europe medieval Jewish Biblical exegesis and religious literature and historical representations of medieval Jewry “And They Shall Be One Flesh”: On The Language of Mystical Union in Judaism Adam Afterman,2016-08-29 In *And They Shall Be One Flesh On the Language of Mystical Union in Judaism* Adam Afterman offers an extensive study of mystical union and embodiment in Judaism Afterman argues that Philo was the first to articulate the notion of unio mystica in Judaism and is the source of the henosis mysticism in the later Neoplatonic tradition The study provides a detailed analysis of the Jewish medieval trends that developed different forms of mystical union and mystical embodiment through the divine name and spirit The book argues that the development of unitive mysticism in Judaism is the fruit of the creative synthesis of rabbinic Judaism and Hellenistic and Arab philosophy and a natural outcome of the theological articulation of the idea of monotheism itself **The Cambridge Companion to Jewish Theology** Steven

Kepnes,2020-12-17 A comprehensive review of the entire tradition of Jewish Theology from the Bible to the present from leading world scholars *Suffering Time: Philosophical, Kabbalistic, and Hasidic Reflections on Temporality* Elliot R. Wolfson,2021-05-25 No one theory of time is pursued in these essays but a major theme that threads them together is Wolfson s signature idea of the timeswerve as a linear circularity or a circular linearity expressions that are meant to avoid the conventional split between the two temporal modalities of the line and the circle The conception of time elicited by Wolfson from a host of philosophical and mystical sources both Jewish and non Jewish buttresses the contention that it is precisely structural invariability that engenders interpretive variation This hermeneutical axiom is justified in turn by the presumption regarding the cadence of time as the constant return of what has always been what is yet to be The telling of time wells forth from the time of telling One cannot speak of the being of time consequently except from the standpoint of the time of being nor of the time of being except from the standpoint of the being of time **The Oxford Dictionary of the**

Congress,International Association for the History of Religions,1998 This volume is based upon papers read during the innovative section Western Esotericism and the Science of Religion organized at the 17th International Congress of the International Association for the History of Religions IAHR in Mexico City August 5 12 1995 The section was created in order to fill a long standing hiatus in the academic study of religions whereas phenomena such as gnosticism and hermetism in antiquity and even the occult sciences of that period have long been recognized as subjects worthy of serious investigation the history of similar and related phenomena in more recent periods has hardly received the same measure of scholarly attention and recognition The present volume is devoted to the academic emancipation of these areas as constituting a

legitimate domain of research which may be referred to by the generic label western esotericism Preceded by an introductory essay on the birth of this new discipline in the study of religion the volume provides a sample of current research in the field and devotes special attention to some central methodological questions Lessons from the Kabbalah and Jewish History Josef Bláha,2010 **Light Is Sown** Avishai Bar-Asher,Jeremy Phillip Brown,2025 In a ground breaking monograph length examination of the medieval kabbalah scholars Avishai Bar Asher and Jeremy Phillip Brown examine the intellectual insights of Moses de Le n presumed author of the Zohar Through cutting edge research and analysis the authors extrapolate fresh interpretations of one of ancient history s most notable works with unprecedented clarity **Mysticism and Sacred Scripture** Steven T.
