Modelling and numerical simulations with differential equations in mathematical biology, medicine and the environment Appanah Rao Appadu, Ramoshweu Solomon Lebelo, Hagos Hailu Gidey, Bilge Inan, 2023-04-05 **Limpopo's Legacy** Anne Heffernan, 2019 Argues that the historical primacy of youth politics in Limpopo South Africa has influenced the production of generations of nationally prominent youth and student activists among them Julius Malema Onkgopotse Tiro Cyril Ramaphosa Frank Chikane and Peter Mokaba Global Social Work Bala Nikku, 2020-07-15 This edited book Global Social Work Cutting Edge Issues and Critical Reflections presents global social work expertise practical tools and an iterative and reflective process for developing a global social work pedagogy that advances deep disciplinary learning The authors offer the specifics of a justice based decolonizing global social work education and practice This book will be an asset to faculty communities interested in specializing in global social work The book offers hope that the faculty students and practitioners of social work develop an intercultural international cross border critical approach that further prepares them to meet the global standards of social work education and research and at the same time skillfully act advocate and transform global communities and their role in a globalized world Turfloop a Conscious Pariah Kanyane Chris Kanyane, Chris Kanyane, 2010 This book provides reflections on the butterfly effect on how Turfloop brought in the Age of Barack Obama What is the Age of Barack Obama To paraphrase Dr Ineke Van Kessel a prominent historian at the Leiden University in the Netherlands The University of the North also known as Turfloop played a vital role as the center of communication coordination ideological direction the engine of bringing the new South Africa was University of the North We approached this book like detectives Fortunately in our detective work we were not concerned with a particular agenda we were not trying to prove that a certain method of thinking was right or wrong We didn't want this book to be filled with personal opinions and biases We wanted this book to be juice and accessible to every person who reads it in whatever corner of the world We have to back up our story with facts of course and get other people to do practical analysis and later we added our own perspectives When we completed writing this book we passed it around amongst critical people spread across the globe Most of them said that the book is somehow highbrow and at the same time all together lowbrow which came as a compliment A lot of people are somewhere in between We want this book to embody that because there are many people there we want them to appreciate this book **South African Journal of Plant and Soil**, 2005 **Students Must Rise** Ann Heffernan, Noor Nieftagodien, Sifiso Mxolisi Ndlovu, Bhikizizwe Peterson, 2016-06-01 A detailed account of the incredibly influential Soweto Student Uprising of 1976 The Soweto Student Uprising of 1976 was a decisive moment in the struggle against apartheid It marked the expansion of political activism to a new generation of young activists but beyond that it inscribed the role that young people of subsequent generations could play in their country's future Since that momentous time students have held a special place in the collective imaginary of South African history Drawing on research and writing

by leading scholars and prominent activists Students Must Rise takes Soweto 76 as its pivot point but looks at student and youth activism in South Africa more broadly by considering what happened before and beyond the Soweto moment Early chapters assess the impact of the anti pass campaigns of the 1950s of political ideologies like black consciousness as well as of religion and culture in fostering political consciousness and organisation among youth and students in townships and rural areas Later chapters explore the wide reaching impact of June 16th itself for student organisation over the next two decades across the country Two final chapters consider contemporary student based political movements including RhodesMustFall and FeesMustFall and historically root these in the long and rich tradition of student activism in South Africa 2016 marks the 40th anniversary of the 1976 June 16th uprisings This book rethinks the conventional narrative of youth and student activism in South Africa by placing that most famous of moments the 1976 students uprising in Soweto in a deeper historical and geographic context **Umrabulo** ,2001 **Tertiary Student Leadership and Community Development at the**
