Pope Francis and Interreligious Dialogue Harold Kasimow,Alan Race,2018-10-29 This book engages thinkers from different religious and humanist traditions in response to Pope Francis s pronouncements on interreligious dialogue The contributors write from the perspectives of Judaism Christianity Islam Hinduism Sikhism Buddhism and Humanism Each author elaborates on how the pope s openness to dialogue and invitation to practical collaboration on global concerns represents a significant achievement as the world faces an uncertain future The theological tension within the Catholic double commitment to evangelization on the one hand and dialogue on the other remains unresolved for most writers but this does not prevent them from praising the strong invitation to dialogue especially with the focus on justice peace and ecological sustainability Walking with Pope Francis Kroeger, James H., MM,2023-03-30 Offers overview and summary of ten of Pope Francis s principle documents Written for Our Instruction Thomas D. Stegman, SJ,2017 Written for Our Instruction sets forth and makes accessible an underappreciated aspect of St Paul s theology on the life in the Spirit In his letters Paul often reminds his readers hearers about the gift of the Spirit they have already received *A Pope Francis Lexicon* Joshua J. McElwee,Cindy Wooden,2018 A collection of more than 50 essays by an impressive set of insightful contributors from around the globe each writing on a specific word that has become important in the ministry of Pope Francis *Peace on Earth* Edwin Jones,2016-05-27 This book posits that it is not possible for a civilization to maintain a human and humane culture without the assistance of religion Religion can be misused or abused into having a negative effect but an authentic religion when properly managed is the only effective source of durable common and humane values throughout society Religion s assertion of the existence of God who alone provides the transcendent power is the only logical

basis for asserting and maintaining common values for all people going far above and beyond the indiscriminate and multifarious opinions of diverse and imperfect human beings Some people can maintain certain values derived from their own consciences but human history and psychoanalysis shows that the majority of people cannot sustain a whole culture or civilization from a purely utilitarian and materialistic basis Human nature is imperfect and needs the help of a transcendent power to support its spiritual needs in a humane society and to create a culture or civilization that lasts
