Maker from the Lost Planet Neal Roberts, 2023-02-13 *Maker from the Lost Planet* is the enthralling second book in the science fiction series *From Heaven To Earth They Came*. If you like ancient battles of the gods dashing and romantic heroes and heroines action packed plots and thrilling suspense then you'll love Neal Roberts' historically inspired tale of ancient lore woven into our modern day struggle for survival. David Schubert, now America's first ambassador to the ancient Anunnaki gods, is tasked with building a lasting peace between the two sides. Although the path toward such a peace is complicated by the vast superiority of Anunnaki weapons and spacecraft, David soon learns that an even greater threat to humanity is rapidly approaching. At the landing platform in Baalbek, David is brought aboard the goddess's pyramid shaped spacecraft known as a pyramidion where he is immediately informed that a thermonuclear missile of unknown origin has just been fired at the pyramidion from a point in Northern Canada which David would have thought impossible as for several weeks an impenetrable Anunnaki ray has been neutralizing all thermonuclear triggers on Earth. Someone however has evidently developed technology that can overcome the Anunnakis defensive ray. David needs to identify the source of such mighty technology as it could be used to wipe humankind off the face of the Earth despite any peace forged between Earth and the Anunnaki. David himself is unable to investigate as he's aboard an Anunnaki craft and working in a diplomatic capacity so his bodyguard U.S. Navy Lieutenant Commander Catharine Weldon is dispatched by the President to Northern Canada to pinpoint the missile's launch point and if possible recover a small scientific submarine that recently went missing while investigating suspicious activity on one of the largest lakes on the North American continent. That night the icy lake erupts into a violent confrontation between Catharine with her hastily assembled contingent and an unidentified saucer shaped spacecraft under the command of the Anunnakis' deadliest ancient enemy who'd long been thought dead. Time is running out for David, Catharine, and humankind. Can all out war between the gods be averted and humanity saved from destruction? Buy *Maker from the Lost Planet* for a timeless tapestry of peril today.

New York 2034. Professor David Schubert remains a man adrift two years after the death of his beloved wife until one day his interest is piqued by the sudden disappearance of a mosque from the Temple Mount in Jerusalem, an event that threatens to bring the world to the brink of destruction. But David, based upon special knowledge provided by a friend who's now dead, recognizes the mosque's disappearance as portending the return to Earth of the ancient gods of Sumeria. When the Pentagon enlists David in opposing the gods' invasion plans, he finds himself drawn into a global crisis where his own special knowledge and skills might prove to be the key to halting the coming alien invasion. David is sent to track down his dead friend's missing translations of obscure Sumerian texts as they may reveal important secrets about the impending return of a lost planet and a war between powerful gods that began thousands of years ago. As David is increasingly drawn to the
