Poems on Civility S T Kimbrough,2025-06-24 Although civility may sometimes have been viewed as formal politeness and courtesy in one s speech and behavior its meaning has become more complex in contemporary society It certainly still has to do with how we speak and act but these are overlaid with political and partisan meanings and a variety of media and social media options Poems on Civility says nothing new about diverse types of civility or lack of them however it accentuates many emphases related to civility with words phrases images metaphors and similes that may help readers to think more vividly and act more intentionally to create a more civil society The four sections follow a progression Civility Starts with You Civility Depends on You Civility Must Be Discussed and Civility Must Be Done Civility requires creative thinking and creative action Above all civility expects a just and equal regard of all human beings Recognition of wrong directed activities of leaders is one thing but civility must be thought through discussed and acted upon There is always the tendency of autocrats and anarchists to take away the rights of free speech and discussion If the art of listening carefully to one another is lost civility vanishes *My Thinning Years* Jon Derek Croteau,2014-08-30 The author tells the story of growing up denying his homosexuality in order to earn the love of his abusive father and how he eventually faced his sexual identity and began sorting through years of repressed anger *Stories Between Us: Oral Histories from a Countercultural Congregation* Lena

Bounce Back! Gladys Famoriyo,2016-09-15 The fact is life happens and when challenging situations strike they can leave devastation in their wake not unlike the after effects of a tsunami But have you noticed how some people in spite of everything have the ability to bounce back from adverse events in their lives Well in spite of what you might have thought they aren t superhuman with nerves of steel They are people just like you and me You can be one of those people too If you want to grow from your experiences to positively transform the course of your life then this is the book for you Bounce Back aims to help you find meaning and purpose two God given things that can actually come out of such times of adversity With them you really can go on to make a positive impact in your world The three parts of Bounce Back support you in surviving thriving and maximising your experiences so as to achieve the following Learn how flip your life situation on its head and handle life s unscripted moments Discover how to get back in the saddle by embracing the 10 Bounce Back principles and mindsets Understand how not to waste your pain by creating meaning and purpose for your life Learn how to embark your very own Pay it Forward project where you proactively take action to help others around you You will discover that life s traumas or adversity needn t destroy you And with God s help you can make something positive out of what seems negative Your test can become a testimony Your story today can become tomorrow s inspiring history Your mess can become your message of hope to the world Only one person can make this happen and that is YOU

whatever fate has in store for them is one thing Now try telling them that they had a hand in designing that fate With a strong belief in a higher power and faith in her place in life is how Catharine shows her perspective of life Karma reincarnation and a refusal to use words like coincidence or accident are the basis of this belief system she has acquired for herself 8 8 88 Symbols of a Life Path is a liberal dose of spiritualism mixed with conservative common sense Being a Libra Catharine shows her natural urge to balance the two 8 8 88 Symbols of a Life Path has so many meanings to the author as she explains how she advanced her spiritual sense because of these symbols she recognized These were obvious symbols in her life path that only confirmed her beliefs A couple of predictions from a psychic were only a fun thing tried a few times for entertainment purpose only Then the predictions fulfilled themselves and the symbols thought of as a coincidence became reality When someone shows you your life chart and suddenly it becomes fulfilled to the last detail you tend to pay attention to the signs along the way Now whose reality does she see and how does she base that perception Catharine takes a look at the possibilities that may be behind the symbols she has been shown and the probability that she placed them there to help her see that karmic trail she must follow A third child a dozen years after her second and a series of medical problems including cervical cancer were seen as symbols to Catharine To look at these changes in a sense of them being a burden or a misfortune is to limiting a thought for her The symbols in her life path were put there because of the way they needed to shape her life We all have a purpose and a time for everything we do Our guides give us symbols along the way we just need to recognize them as the signs they are It s never about what has happened to you it s only about how you responded to it

Reich,2013-10-15

Fifty years after John F Kennedy s death we find ourselves enmeshed in an era of political division and cynicism where politicians talk past one another and the spirit of Ask not what your country can do for you ask what you can do for your country is less visible than it should be We seem to have forgotten that we re all on the same team Fortunately Scott D Reich has given us The Power of Citizenship a timely book to bring us back on track Reich asserts that the most powerful element of Kennedy s legacy is his emphasis on the theme of citizenship and that a rededication to the values Kennedy promoted will shine a bright path forward for our country Evoking the hopes and aspirations of the 1960s Reich recaptures the excitement of the Kennedy era But what truly sets this book apart is the unique way it blends the romance of Camelot with the new frontiers of today not only identifying modern challenges but also offering a tangible blueprint for how we can improve our public discourse be good citizens and lift our nation to new heights of greatness Part history and part call to action The Power of Citizenship hones in on the very essence of what made JFK so inspirational and timeless reminding us once again that we must ask what we can do for our country This is a must read for Americans of all generations **The Animal's**

Agenda ,2001 *Past Life Healing* Judy Sharp,2022-10-27 Do we live many lives and could trauma of the past still be affecting our health and wellbeing here and now The author was completely healed of her own severe claustrophobia in one session and now has decades of professional experience helping others with issues such as fear of flying to stubborn weight gain or lost libido The jury is out on regression therapy with sceptics claiming that clients are simply making up stories It seems hard to believe though that the deeply relaxed non rational mind could invent the level of detail described here accompanied by powerful emotions and physical reactions Is the client rather accessing an archetype the collective unconscious or Akashic Records For the author the bottom line is simply that in all cases the journeys proved effective in their healing Her mantra is Find the root cause Resolve it at source Move on with your life
