Religion and Reality Darren Iammarino, 2013-08-28 This book argues for the reality of multiple religious ultimates rather than just one This entails that all the religions are not the same they describe different religious objects and they each provide unique forms of salvation The immediate advantage of this approach is that it explains how all religions are equally valid without glossing over the real differences that define them Put differently each religion has correctly identified a piece of the puzzle that makes up Ultimate Reality There is however a limit to the plurality and thus five distinct religious ultimates are identified the Forms God A World Creativity and the Receptacle One or two of these five ultimates are found within all of the world s religions as evidenced by religious scriptures and religious experiences Based upon these five religious ultimates this book puts forth a novel philosophical and religious system cosmopsyntheism a word emphasizing the likelihood that in the beginning there was more than just God Quite possibly there may have been five ultimates each sacred in its own way none of which could have existed without the reality of the others

Human Dignity in Classical Chinese Philosophy Qianfan Zhang, 2016-10-05 This book reinterprets classical Chinese philosophical tradition along the conceptual line of human dignity Through extensive textual evidence it illustrates that classical Confucianism Mohism and Daoism contained rich notions of dignity which laid the foundation for human rights and political liberty in China even though historically liberal democracy failed to grow out of the authoritarian soil in China The book critically examines the causes that might have prevented the classical schools from developing a liberal tradition while affirming their positive contributions to the human dignity concept Analysing the inadequacies of the western concept of human dignity the text covers relevant teachings of Kongzi Mengzi Xunzi Mozi Laozi and Zhuangzi in comparison with Rousseau While the Confucian notions of humanity Ren righteousness Yi and gentleman Junzi bear most directly on the conception of dignity Mohism and Daoism provide salutary corrections to the ossification of the orthodox Confucian practice Li

and detail this classic history of Zen covers all important ideas and developments in the tradition from its beginnings in India through the Sung period in China

Confucianism and Christianity Xinzhong Yao, 1996-06-01 This volume details the inherent problems in the search for effective ways to enable different religious systems to co exist peacefully in mutual complementarity This has emerged as a necessary condition for economic development social progress human prosperity and even survival

The Korean Neo-Confucianism of Yi Yulgok Young-chan Ro, 1989-01-01 This book explores the philosophical and religious dimensions of Korean Neo Confucianism as expounded by one of the foremost Korean Neo Confucian thinkers Yi Yulgok 1536-1584 Yulgok's creative interpretations reformulate some fundamental issues of Confucian philosophy This book explores the significance of the fundamental assumption which underlies the entire system of Yulgok's Confucian thought That philosophical assumption is characterized by the author as non dualistic and anthropocosmic It is a unique aspect of Korean Neo Confucianism which leads to a new way of understanding the Confucian world view and spirituality This non dualistic vision sheds a new and critical light on the dialectical framework of thinking at work in Western formulations of understanding the ultimate reality nature the universe and human being The anthropocosmic vision in this respect will challenge fundamental assumptions of Western theological formulation and suggest a new understanding of human nature and the universe A non dualistic and anthropocosmic interpretation of Yulgok's thought is a fruitful way of approaching the Korean way of thinking and of coming to grips with one Neo Confucian mode of attaining human self understanding

Thirty-Five Oriental Philosophers Diané Collinson, Dr Robert Wilkinson, Robert Wilkinson, 2002-01-04 These are questions to which oriental thinkers have given a wide range of philosophical answers that are intellectually and imaginatively stimulating *Thirty Five Oriental Philosophers* is a succinctly informative introduction to the thought of thirty five important figures in the Chinese Indian Arab Japanese and Tibetan philosophical traditions Thinkers covered include founders such as Zoroaster Confucius Buddha and Muhammed as well as influential modern figures such as Gandhi Mao Tse Tung Suzuki and Nishida The book is divided into sections in which an introduction to the tradition it covers precedes the essays on its individual philosophers Notes further reading lists and cross references provide the student with a clear route to further study There is a glossary of key terms at the end of the book

Metaphorical Metaphysics in Chinese Philosophy Derong Chen, 2011-08-16 In *Metaphorical Metaphysics in Chinese Philosophy* Illustrated with Feng Youlan's *New Metaphysics* Derong Chen examines Chinese philosophy through a critical analysis of Feng Youlan's new metaphysics He views metaphysics in Chinese philosophy as a metaphorical metaphysics separate from Western metaphysics In examining the historical influences and contemporary reaction to Feng's work he identifies Feng's system as the continuation of the Chinese philosophical tradition This approach is most applicable to scholars of comparative philosophy and Chinese philosophy

Bol,2020-03-17 Where does Neo Confucianism a movement that from the twelfth to the seventeenth centuries profoundly influenced the way people understood the world and responded to it fit into our story of China s history This interpretive at times polemical inquiry into the Neo Confucian engagement with the literati as the social and political elite local society and the imperial state during the Song Yuan and Ming dynasties is also a reflection on the role of the middle period in China s history The book argues that as Neo Confucians put their philosophy of learning into practice in local society they justified a new social ideal in which society at the local level was led by the literati with state recognition and support The later imperial order in which the state accepted local elite leadership as necessary to its own existence survived even after Neo Confucianism lost its hold on the center of intellectual culture in the seventeenth century but continued as the foundation of local education It is the contention of this book that Neo Confucianism made that order possible **Encyclopedia of Chinese Philosophy** Antonio S. Cua,2013-11-05 Featuring contributions from the world s most highly esteemed Asian philosophy scholars this important new encyclopedia covers the complex and increasingly influential field of Chinese thought from earliest recorded times to the present day Including coverage on the subject previously unavailable to English speakers the Encyclopedia sheds light on the extensive range of concepts movements philosophical works and thinkers that populate the field It includes a thorough survey of the history of Chinese philosophy entries on all major thinkers from Confucius to Mou Zongsan essential topics such as aesthetics moral philosophy philosophy of government and philosophy of literature surveys of Confucianism in all historical periods Zhou Han Tang and onward and in key regions outside China schools of thought such as Mohism Legalism and Chinese Buddhism trends in contemporary Chinese philosophy and more **Justice and International Order** Richard Ned Lebow,Feng Zhang,2022 A comparative exploration of Western and Chinese understandings of justice and their possible use to reframe Sino American relations and international governance The concept of justice is central to politics it justifies the ordering of society and the distribution of rewards In Justice and International Order Richard Ned Lebow and Feng Zhang compare and contrast Western and Chinese conceptions of justice They argue that justice can almost invariably be reduced to the principles of fairness and equality although they are developed and expressed differently in the two cultures Lebow and Zhang show that there has been a noticeable shift in both in favoring equality over fairness in the modern era They analyze the growing conflict between China and the West in the light of these conceptions of justice and show how they might be deployed to ameliorate it The authors also offer a critique of what passes for global order and explore ways in which fairness and equality and trade offs between them offer pathways to better and more peaceful worlds
