A Thoroughly Christian Study Of Homosexuality:

A Thoroughly Christian Study of Homosexuality Steven Longstone, Ph.d., Steven Longstone Ph D, 2015-10-19 A growing number of Christians of all denominational stripes have important questions about homosexuality that are mostly going unanswered in the ongoing church debate Why would God create someone with same sex attraction only to condemn them for it Is poor parenting or spiritual rebellion really the reason why some people are gay or transgender Is it Christ like to shun and actively discriminate against gays in our communities A Thoroughly Christian Study of Homosexuality presents a 360 degree view of the subject In addition to being a detailed Bible study it provides a wealth of other relevant information The latest science of same sex attraction The persecution faced by gays around the world The plight of gay young people in today s churches The central theological dilemma of homosexuality The goal of A Thoroughly Christian Study of Homosexuality is to encourage Christians to make an informed Spirit led decision about homosexuality With thoughtful questions at the end of each chapter it can be used for both individual and group study **Inductive Bible Study** David R. Bauer, Robert A. Traina, 2011-04-01 Following up Robert Traina s classic Methodical Bible Study this book introduces the practice of inductive Bible study to a new generation of students pastors and church leaders The authors two seasoned educators with over sixty combined years of experience in the classroom offer guidance on adopting an inductive posture and provide step by step instructions on how to do inductive Bible study They engage in conversation with current hermeneutical issues setting forth well grounded principles and processes for biblical interpretation and appropriation The process they present incorporates various methods of biblical study to help readers hear the message of the Bible on its own terms

LGBT Studies and Queer Theory Karen Lovaas, 2013-05-13 Find out how the tension between LGBT studies and queer theory exists in the classroom politics communities and relationships LGBT Studies and Queer Theory New Conflicts Collaborations and Contested Terrain examines the similarities and differences between LGBT studies and queer theory and the uneasy relationship between the two in the academic world This unique book meets the challenge that queer theory presents to the study and politics of gay and lesbian studies with a collection of essays from leading academics who represent a variety of disciplines These original pieces place queer theory in social and historical contexts exploring the implications for social psychology religious studies communications sociology philosophy film studies and women s studies The book s contributors address queer theory s connections to a wide range of issues including the development of capitalism the evolution of the gay and lesbian movement and the study of bisexuality and gender Many scholars working in gay and lesbian studies still question the intellectual and political value of queer theory As a result queer theory has often been concentrated in the humanities while gay and lesbian studies are concentrated in the social sciences and history But this has begun to change in the past 10 15 years as documented by the 12 essays presented in LGBT Studies and Queer Theory New Conflicts Collaborations and Contested Terrain LGBT Studies and Queer Theory New Conflicts Collaborations and Contested Terrain

includes historical notes on LGBT studies and queer theory some continuing tensions between LGBT studies and queer theory doubts about whether queer theory can lead to social change an analysis of the current state of proto fields of LGBT studies and queer studies in religion concerns that queer theory's erasure of identity feeds into late capitalism an analysis of variability in social psychologists studies of anti homosexual prejudice an exploration of the commodification of queer identities in independent cinema how and why the category of bisexuality has been marginalized a historical review and assessment of recent bisexual theory a case study of Provincetown Massachusetts an investigation of the interarticulation of race ethnicity and gender a case study of the struggle to introduce LGBT studies in the curriculum at West Chester University and much more LGBT Studies and Queer Theory New Conflicts Collaborations and Contested Terrain is an essential read for researchers academics and practitioners involved in exploring multifaceted aspects of LGBT Studies and Queer Theory and their points of convergence and divergence

Homosexual Struggle Nancy, 1980-10-01 This personal account of temptation and triumph offers counsel for others who struggle to bring their sexuality under the lordship of Christ

Chaucer's Sexual Poetics Carolyn Dinshaw, 1989 Through an analysis of the poems Chaucer's wordes Unto Adam His Owne Sciveyn Troilus and Criseyde the Legend of Good Women the Man of Law's Tale the Wife of Bath's Tale and its Prologue the Clerk's Tale and the Pardoner's Tale Carolyn Dinshaw offers a provocative argument on medieval sexual constructs and Chaucer's role in shaping them

Operating under the assumption that people read and write certain ways based upon society's demands Dinshaw examines gender identity and the effects of a patriarchal society The focal point of Dinshaw's argument is the idea that the literary text

can be seen as the female body while any literary activities upon the text are decidedly male Through a series of six provocative essays Dinshaw argues that Chaucer was not only aware that gender is a social construction but that he self consciously worked to oppose the dominance of masculinity that a patriarchal society places on texts by creating works in which gender identity and hierarchy were more fluid

God vs. Gay? Jay Michaelson, 2012-05-08 A passionate argument for LGBTQ equality within religious communities a book for our times and a book for the ages EDGE The myth that the Bible forbids homosexuality the myth of God versus Gay is behind some of the most divisive and painful conflicts of our day In this provocative and game changing book scholar and activist Jay Michaelson shows that the Bible does not prohibit same sex intimacy but does quite the opposite In fact the vast majority of the Bible's teachings support the full equality and dignity of LGBTQ people from the first flaw it finds in creation It is not good for a person to be alone to the way religious communities grow through reflection and conscience Michaelson argues passionately for equality not despite religion but because of it With close readings of the Hebrew Bible and New Testament the latest data on the science of sexual orientation and a sympathetic accessible and ecumenical approach to religious faith Michaelson makes the case that sexual diversity is part of the beauty of nature The recognition of same sex families will strengthen not threaten the values religious people hold dear Whatever your views on religion and sexual diversity God vs Gay is a plea for a more compassionate informed conversation and a first step toward creating one
