What Trouble I Have Seen David Peterson del Mar,2009-07-01 It was 1869 and Sarah Moses with a very black eye told her father The world will never know what trouble I have seen What she d seen was violence at the hands of her husband Does the world know any more of such things today than it did in Sarah s time Sarah it so happens lived in Oregon that Edenic state on the Pacific Coast and it is here that David

Peterson del Mar centers his history of violence against wives What causes such violence Has it changed over time How does it relate to the state of society as a whole And how have women tried to stop it resist it escape it These are the questions Peterson del Mar pursues and the answers he finds are as fascinating as they are disturbing Thousands of thickly documented divorce cases from the Oregon circuit courts let us listen to voices who often go unheard These are the people who didn't keep diaries or leave autobiographies who sometimes could not write at all Here they speak of a society that quietly condoned wife beating until the spread of an ethos of self restraint in the late nineteenth century And then Peterson del Mar finds the practice increased with a vengeance with the florescence of expressive individualism during the twentieth century What Trouble I Have Seen also traces a dramatic shift in wives response to their husbands violence Settler and Native American women commonly fought abusive mates Most wives of the late nineteenth century acted more cautiously and relied on others for protection But twentieth century privatism Peterson del Mar discovers often isolated modern wives from family and neighbors casting abused women on the mercy of the police women's shelters and most important their own resources Thus a new emphasis on self determination even as it stimulated violence among men enhanced the ability of women to resist and escape violent husbands The first sustained history of violence toward wives What Trouble I Have Seen offers remarkable testimony to the impact of social trends on the most private arrangements and the resilience of women subject to a seemingly timeless crime

**History, Violence, and the Hyperreal** Kathryn Everly, 2010 What does literature reveal about a country's changing cultural identity In History Violence and the Hyperreal by Kathryn Everly this question is applied to the contemporary novel in Spain In the process similarities emerge among novels that embrace apparent differences in style structure and language Contemporary Spanish authors are rethinking the way the novel with its narrative powers can define a specific cultural identity Recent Spanish novels by Carme Riera Dulce Chacón Javier Cercas Ray Loriga Lucía Etxebarria and José Ángel Manas published from 1995 to 2008 particularly highlight the tension that exists between historical memory and urban youth culture The novels discussed in this study reconfigure the individual's relationship to narrative history and reality through their varied interpretations of Spanish history with its common threads of national and personal violence In these books culture acts as mediator between the individual and the rapidly changing dynamic of contemporary society The authors experiment with the novel form to challenge fundamental concepts of identity when the narrative acknowledges more than one way of reading and understanding history violence and reality In Spain today questions of historical accuracy in all foundational fictions such as the Inquisition the Spanish Civil War or globalization collide with the urgency to modernize The result is a clash between regional and global identities Seemingly disparate works of historical fiction and Generation X narrative prove similar in the way they deal with history reality and the delicate relationship between writer and reader

research tool     American Mass Murderers Valrie Plaza,2015-03-02 American Mass Murderers collects nearly 700 pages of information about the most notorious killers in America as well as some of the lesser known murderers     *Colonial Violence and Monuments in Global History* Cynthia C. Prescott,Janne Lahti,2023-08-29 This book tackles the historical relationship between colonial violence and monuments in Africa Europe the Indian subcontinent North America and Australia In this volume the authors ask similar questions about monuments in each location and answer them following a parallel structure that encourages comparison highlighting common themes The chapters track the contested histories of monuments scrutinizing their narrative power and examining the violent events behind them It is both about the history of monuments and the histories the monuments are meant to commemorate It is interested in this nuanced relationship between violence monuments memory and colonial legacies the ways different facets of colonial violence conquest resistance massacres genocides internments and injustices have been commemorated or haven t been how they live in the present and how pertinent they are in the present to different peoples Legacies of colonial violence and continued reinterpretations of the past and its meanings remain very much ongoing They are still very much unsettled questions in large parts of the world Colonial Violence and Monuments in Global History will be essential reading for students scholars and researchers of political science history sociology and colonial studies The book was originally published as a special issue of the Journal of Genocide Research     Critical Perspectives on Damon Galgut Zbigniew Białas,2025-11-11 When Damon Galgut won the Man Booker Prize for his novel The Promise in 2021 he was already an established writer He had previously been shortlisted for the Booker Prize in 2003 and 2010 and had been the author of eight novels and four plays but before the success of The Promise he remained relatively unknown to the general public outside South Africa This volume is an attempt to engage an international set of specialists in postcolonial studies South African literature and in several cases established writers themselves in a debate devoted entirely to Galgut s novels This publication demonstrates that Galgut s work exceeds what readers tend to expect from post apartheid white writing Rather than offering the standard narratives of guilt despair and frustration Galgut s novels in dialogue with each other and in dialogue with cultural and philosophical trends propose a more intricate fabric The writer s diagnosis of the human condition ultimately seems to transcend the constitutive turmoil and the crises offering a vision of surprisingly and fascinatingly complex reality     *A School in Trouble* William R. Holland,2010-09-16 During and after his term as interim Central Falls superintendent in 2006 2007 Bill Holland sought answers to why some Central Falls High School students had school success while over half of their classmates failed to graduate Much can be learned from how these students survived in a chronically low achieving school located in the poorest community in the state Holland provides behind the scenes details on the issues of poverty ineffective teaching and cultural differences while also advising students parents and teachers on ways to gain greater educational success Before the book was completed a federal and state mandate unexpectedly resulted in the superintendent having to adopt a turn around model

and fire the entire high school faculty and staff an action that set off a firestorm between the school and state leadership and the American Federation of Teachers The conflict made national headlines and was mentioned by President Obama as a prime example of a last resort approach in reforming failing inner city schools
