**The Victorian Novel On File** Priyanka Anne Jacob, 2024-09-16 *The Victorian Novel On File* argues that the nineteenth century information explosion shapes the novel form In a world teeming with data the novel is a storage medium cluttered with detail and accumulating more than it can use The fictional things that have been read as insignificant should be seen instead as vessels of information embedding the text with potential This study weaves together a formal account of the novel with media and information studies as well as new materialist approaches to objects Information took material form in the nineteenth century in Victorian literature data can be located in bric a brac folded up papers semi precious stones and rubbish heaps Yet this information may never be transmitted as knowledge Instead the novel offers indefinite storage gesturing toward the future while holding action and accountability in abeyance Fallen by the wayside of plot are documents left on file containers left unopened stock left on the shelf and secrets left untold enacting this study argues the Victorian novel s aesthetics of deferral In readings of works by Charles Dickens George Eliot Mary Elizabeth Braddon Wilkie Collins and Rudyard Kipling this study illustrates the formal effects of cultural questions about value and meaning longevity and history abundance and overwhelm and keeping and discarding It closes by showing how these same questions animate the twenty first century s information culture as well
